Strong, 2-year-old plants, on own roots, the four for \$1.50, or twelve, your own selection, for \$4.00. Hardy everywhere; sure to satisfy.

Please order as the "Iron-Clad Collection." For further details of this great class of Roses, see pages 59 to 65.

THE WORLD'S BEST SELLERS

Dingee and Conard Roses

WE NEVER tire of citing the case of Dingee & Conard of West Grove, Penna., as a splendid example of business courage. Our clients are Rose Growers of 65 years' standing. Theirs is a business wrapped up in fine sentiment, but this firm had a conviction that Roses "always grown on their own roots" also had its commercial side. They backed up their conviction with advertising.

Hand in hand we have worked with Dingee & Conard continuously for 41 years. Success was with our client from the beginning, and today they have a flourishing and ever-expanding business.

When Roses can be branded and successfully marketed, how can the makers of chinaware, canned salmon, children's shoes, and a host of other everyday commodities, excuse themselves for not advertising because their business is "different?" Can't staples be advertised?

N. W. AYER & SON
ADVERTISING HEADQUARTERS
 PHILADELPHIA
 NEW YORK BOSTON CHICAGO

Kind Words from Old Friends

N. W. Ayer & Son with whom we have been associated for a half century published the above advertisement in a recent issue of Leslie's Weekly under the heading of "The World's Best Sellers."

How the time flies! More than sixty years ago The Dingee & Conard Company commenced business in a humble way on this very spot in the little village of West Grove. We are the pioneers in the Rose growing industry in America. We were the first to send Rose bushes everywhere safely by mail. We practically invented the system of growing Roses on their own roots. We have grown to be the leaders in our line in America.

Judicious and honest advertising placed in the hands of our old friends, Messrs. Ayer & Son, is largely responsible for the success we have attained. The founder of this business, Charles Dingee, was a man of rugged honesty. There was no crosscut methods to success with him. He told the truth in advertising our product and built a great business. He believed in purity in advertising and old-fashioned honesty in business. We have held sacred the teachings of the founder. Honorable old age is a distinction to be proud of. Honest competition is the life of trade.

We are the old, original Rose growing company established on this very spot over sixty years ago.

If you want "Dingee Roses," the standard by which all others are judged you will send your order to us. We have the experience, the knowledge and honorable years of age upon us. We guarantee satisfaction or money refunded. When you are dealing with us you are dealing with a reputable institution that values honor, probity and truth in advertising as an imperishable and invaluable asset. We have built upon these cardinal principles of an honest man's life an honorable business and have never had to resort to misleading statements of any kind whatsoever as to the quality of our goods or untruths in advertising as to when we were established or the number of years we have been in business in order to secure trade. Your patronage will be very gratefully received and honestly taken care of.

The Dingee & Conard Co., *The Original Rose Growers of America* **West Grove, Pa.**

BARGAIN SECTION

Rose Charles Dingee as Grown by One of Our Customers.

In this section, comprising the eight pages on colored paper, we offer to our customers the opportunity of securing reliable goods at BARGAIN PRICES. This is only possible on account of the wonderful production of our immense establishment the past year, which has surpassed our expectations. The goods offered are equal to any offered in this book, and our Guarantee applies to these collections the same as other goods. The plant and bulb collections are gotten ready for shipment in large numbers, each one alike, thus eliminating considerable expense in our shipping department, and which we wish our customers to have the advantage of.

10 Famous Dingee Roses for \$1.00

Postpaid, with Safe Arrival Guaranteed

Every spring we receive thousands of letters asking us to name a collection of Roses—the best kind for general home culture. Of our vast collection the ten varieties named below are in our opinion among the best garden Roses for all sections of the country. Hardiness, vigorous growth, freedom of bloom, color and beauty of flower make them the best collection for amateur planting. They will bloom with the utmost freedom this year and this we guarantee. No two alike. In this collection we include our wonderful Rose, Charles Dingee, in itself fully worth the price of the complete set. All labeled and sent postpaid. Safe arrival guaranteed to any point in the United States. Please order as the Dingee Collection.

The following great Roses comprise this collection. Each one will be correctly labeled. See various pages of the book for fuller descriptions.

CHARLES DINGEE—Without question the greatest Rose ever grown. See its glorious beauty of form and color on the front cover.

PINK MAMAN COCHET—A rich, clear pink Rose of marvelous beauty and form. Always in bloom and of enchanting fragrance.

WHITE MAMAN COCHET—A magnificent snow-white Rose with a faint tinge of pale blush. The best white for open ground culture.

KEYSTONE—A splendid yellow climbing Rose of thrifty habit, beautiful foliage and absolutely hardy.

GOLDEN GATE—Magnificent creamy-white Rose shaded with golden yellow and rose. Always in bloom.

MADAME ABEL CHATENAY—Brilliant rosy carmine with shadings of deeper color. Particularly hardy and free in bloom.

SOUVENIR DE PIERRE NOTTING—Handsome apricot-yellow Rose tinged with orange and the edge of petals shaded carmine-rose.

PINK LA FRANCE—Large blooms and buds of lovely shape and color, delightfully fragrant.

RHEA REID—A beautiful Hybrid Tea Rose. Color vivid scarlet-crimson. Rapid grower and profuse bloomer.

CLIMBING WHITE MAMAN COCHET—Hardy Ever-blooming Climbing Rose. Bloom same style and color as the old favorite White Maman Cochet.

Special Offer

This entire collection of 10 magnificent Dingee Roses, in strong one-year-old plants or first size, for \$1.00 postpaid; two-year-old plants on own roots.....
By express with soil on their roots at purchaser's expense.

\$3.50

"Great Trial Collection of Dingee Roses"

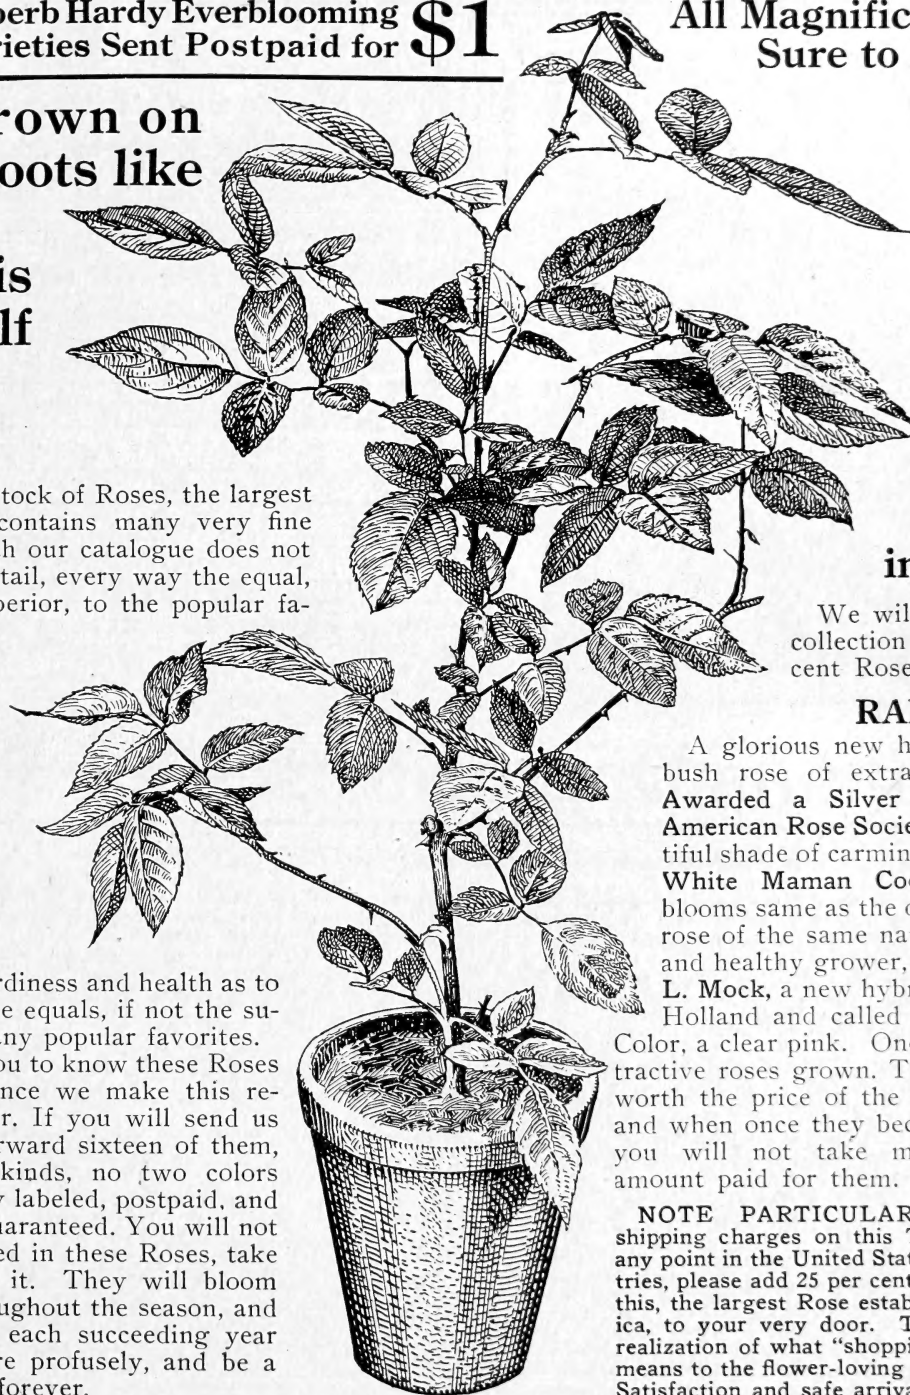

16 Superb Hardy Everblooming Varieties Sent Postpaid for **\$1**

Pot-Grown on Own Roots like this, which is one-half actual size.

Our great stock of Roses, the largest in America, contains many very fine varieties which our catalogue does not describe in detail, every way the equal, if not the superior, to the popular favorites.

Amongst these Roses are some of the finest ever grown by anybody anywhere, Roses that combine such beauty of form, richness of color, freedom of bloom and hardiness and health as to make them the equals, if not the superiors, of many popular favorites.

We want you to know these Roses as we do, hence we make this remarkable offer. If you will send us \$1 we will forward sixteen of them, all different kinds, no two colors alike, properly labeled, postpaid, and safe arrival guaranteed. You will not be disappointed in these Roses, take our word for it. They will bloom this year throughout the season, and will continue each succeeding year to bloom more profusely, and be a source of joy forever.

All Magnificent Plants Sure to Bloom the

First Year. A trial will convince you. Think of the pleasure from such a small investment.

We will include in this collection such magnificent Roses as

RADIANCE

A glorious new hardy hybrid tea bush rose of extraordinary merit. Awarded a Silver Medal by the American Rose Society, color a beautiful shade of carmine rose; Climbing White Maman Cochet, buds and blooms same as the old favorite bush rose of the same name but a strong and healthy grower, and Jonkheer J. L. Mock, a new hybrid tea rose from Holland and called the Giant Pink. Color, a clear pink. One of the most attractive roses grown. These three alone worth the price of the entire collection, and when once they become established you will not take many times the amount paid for them.

NOTE PARTICULARLY.—We prepay shipping charges on this Trial Collection to any point in the United States. Foreign countries, please add 25 per cent., thereby bringing this, the largest Rose establishment in America, to your very door. This is the highest realization of what "shopping by mail" really means to the flower-loving public everywhere. Satisfaction and safe arrival guaranteed.

Dingee Remarkable Popular Sets

SHOWING THE GREAT
PURCHASING POWER OF 50 cts.

Chrysanthemum, Early Snow.

THE POPULAR SET OF Chrysanthemums

EIGHT VARIETIES

CHRYSOLORA—One of the best yellow varieties for early October. Fine incurved form with perfect stem and foliage up to the bloom.

PACIFIC SUPREME—A beautiful shade of deep pink; flowers of immense size and excellent form. Blooms early. Flowers develop without fading. One of the best pinks.

PRESIDENT ROOSEVELT—Beautiful incurved form. Blush, with darker center petals.

IVORY—The grandest of all whites. Mid-season.

MIL. JEANNE ROSETTE—Delicate shade of pink. Immense blooms of magnificent form.

EARLY SNOW—A pure white, improved Polly Rose. Magnificent form.

GOLDEN WEDDING—Loosely incurved petals of bright yellow. Beautiful shape and color.

BLACK HAWK—Darkest crimson scarlet. The only deep scarlet. Fine form and very large.

Special Offer One each of the eight beautiful "Mums" described above, postpaid, for 50 cents. Please order as "Popular" Set.

Chrysanthemums: How to Grow Them

By an Amateur.

I am glad to give you all the information I can in regard to the methods employed in growing my Chrysanthemums. I am an amateur and have gotten splendid results, as the photograph I send will show, and this without the aid of a greenhouse. I hope that the information I can give will prove valuable to others in cultivating Chrysanthemums, the loveliest flower that I know of, and one that gives greater reward for pains taken in its culture than any other.

Procure good, strong plants from reliable florists by the first of June. Put them in 3- or 4-inch pots at first, in good, rich soil, and plunge the pots in the ground, or, better still, dig a trench and set the pots in it, filling in around with coal ashes. This keeps the worms out of the pots and keeps the roots nice and cool. Chrysanthemums require lots of water, and should never be allowed to become dry. Evening or early morning is the best time to water. Water and shower thoroughly, as one

good watering is worth half a dozen if only half done. Repot the plants about twice, first in a 6-inch pot and last in an 8-inch pot. Make the soil a little richer each time the plants are repotted. The plant can also be mulched with manure, which answers the double purpose of keeping the roots cool and moist and also furnishes food for the plant. As soon as the buds form in the fall it is better to add a little manure water when sprinkling, weak at first, but gradually adding more, increasing the watering until it can be used every day. For insects, such as black Aphis, use tobacco dust. If large flowers are desired, pinch off all buds and allow only a few to bloom. If a big single flower is desired, pinch off all the side branches, leaving only the crown bud to bloom. After the frosty nights come in the fall the pots are taken in the house and kept in a cool room, where the flowers will develop and remain nice for a long time.

The Dingee & Conard Co. The Leading and Oldest Rose Growers of America **West Grove, Pa.**

My order of Roses and Chrysanthemums were received last week, in good condition. I was much pleased with them and hope they will grow and bloom for me during the summer and fall. Many thanks for the gift of the Fern. Thanking you for the prompt and careful delivery, I am,

Respectfully yours,

MRS. H. D. EACHES.

Penna., May 6, 1915.

Dingee Popular Sets of Roses

"Jacqueminot" Set

SIX HARDY HYBRID PERPETUAL ROSES

50c

Hybrid Perpetual Roses are considered the most valuable of all hardy plants. They are of vigorous growth and have large flowers.

GEN. JACQUEMINOT—Bright crimson; very rich and velvety. One of the best.

GLOIRE LYONNAISE—The best of its color; pale shade of salmon-yellow, sometimes passing to rich, creamy-white.

VICK'S CAPRICE—Clear, satiny pink, striped and dashed with white and bright carmine.

MAD. MASSON—A superb variety. Color clear bright rose. Distinct and charming.

FRANCOIS LEVET—Delightful shade of cherry-pink, shaded with carmine. Flowers extra large. Remarkably free in bloom.

GIANT OF BATTLES—One of the best, if not the best, hardy, vivid crimson garden Rose.

Special Offer For 50 cents we will send postpaid, one each of the hardy Hybrid Perpetual Roses described above; one each in two-year-old plants, for \$2.00, by express. Please order as "Jacqueminot" Set.

General Jacqueminot.

MARIE GUILLOT—A queen among white Roses. Large, full, finely formed flowers.

METEOR—Rich, velvety crimson; buds and flowers large, full and double.

HENRY M. STANLEY—Beautiful double flowers tinted amber-rose and apricot-yellow.

MAD. ABEL CHATENAY—Immense, full, double flowers; rosy carmine, shading darker.

WHITE MAMAN COCHET—The premier white garden Rose. Absolutely none better.

COQUETTE DE LYON—Large, finely formed flowers of canary-yellow color.

Special Offer One each, strong plants, seven Garden Roses described above, sent postpaid, for 50 cents, the full seven in two-year-old plants for \$2.00, by express.

Princess Bonnie Set

Hardy in the North, Magnificent in the South, Bloom all the Time

12 Fine Free Blooming Roses for \$1

This collection is a favorite one. If you would have twelve of the very choicest Roses, hardy and free-blooming—worth as much as five times as many in cheap and unknown kinds possessing little or no merit—we strongly urge you to order the Princess Bonnie Set. Every Rose in this collection is hardy with protection.

PRINCESS BONNIE—Solid crimson.

PINK MAMAN COCHET—Pink and silvery rose.

METEOR—Deep velvety crimson.

MAD. ABEL CHATENAY—Rosy carmine.

PERLE DES JARDINS—Clear, golden yellow.

HENRY M. STANLEY—Clear amber-rose.

PEARL RIVERS—Ivory-white, shaded rose.

PRINCESS HOHENZOLLERN—Deep satiny red.

QUEEN'S SCARLET—Deep, velvety red.

CLIMBING CLOTILDE SOUPERT—Ivory-white.

VIRGINIA—Yellow, with tinge of saffron.

PINK LA FRANCE—Silvery pink; fragrant.

More complete description of all of the above Roses will be found on other pages of this book.

Special Offer For \$1.00 we will send to any address one plant each of the above collection, twelve vigorous, strong, one-year-old Roses, described above. One each larger size, \$1.50, postpaid; for \$3.50 we will send all of the twelve varieties, described above, strong two-year-old plants, on own roots, by express. Full descriptions of the above Roses will be found elsewhere in this book.

Princess Bonnie.

Collections of Dingee Dahlias

Cactus Collection 8 FOR 50 CENTS, POSTPAID

For 50c we will send postpaid 8 strong pot plants (which are the best for planting) of the following varieties, each one labeled. At such a price no one should be without the beautiful fall blooming flowers. The colors and formation of each bloom is beyond description. Order as the "Cactus Collection."

COUNTRY GIRL—Large, deep golden yellow, tipped bright amber. Beautifully incurved petals.

J. H. JACKSON—Very large, rich velvety maroon.

KRIEMHILDE—Deep rosy pink with lighter center. A distinct and valuable variety, as the flowers keep a long time after cutting.

GOLDEN CENTURY—The sensational golden yellow cut flower variety; owing to its rich shades, immense size, long, slender, wiry stems and good keeping qualities. Color golden yellow, shaded amber; showing up gorgeously under artificial light. Height 4 feet.

GLADYS CENTURY—The most distinct and beautiful of this wonderful class. Center of petals rosy crimson, with rose pink band on either side and white zone around the yellow center. Height three feet.

A. D. LIVONI—Clear, bright pink; quilled petals; best pink Show Dahlia.

GRAND DUKE ALEXIS—White, edged lavender; quilled petals.

NYMPHAEA—One of the most delicately beautiful. White suffused shrimp pink.

Decorative Collection 8 FOR 50 CENTS, POSTPAID

CLIFFORD W. BRUTON—Very large, clear canary yellow.

JACK ROSE—The best crimson for garden or cutting; that brilliant crimson red that makes the "Jack" Rose so popular, and suggested the name.

MINNIE McCULLOUGH—Very striking. Soft golden yellow tipped bronzy red; very effective under artificial light; perfect form, on long, erect stems.

GIGANTEA ALBA CENTURY—Snow-white, of immense size, beautiful form; produced in endless profusion on long, graceful stems. Height 5 feet.

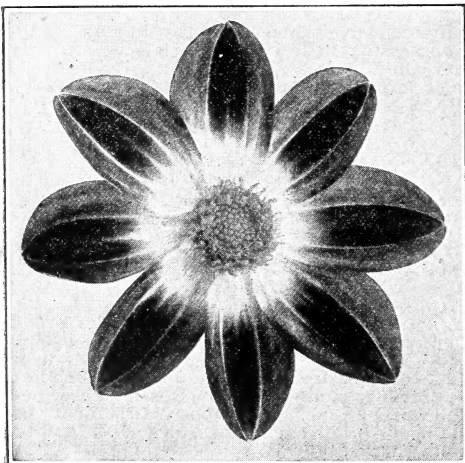

THE PILOT—Yellow, heavily tipped bright terra cotta.

PRINCESS VICTORIA—The finest pure yellow Show Dahlia in existence. Clear, pure canary yellow, without shade or blemish from bud to old age. Perfect form, on long, slender stems. An extremely early and profuse bloomer.

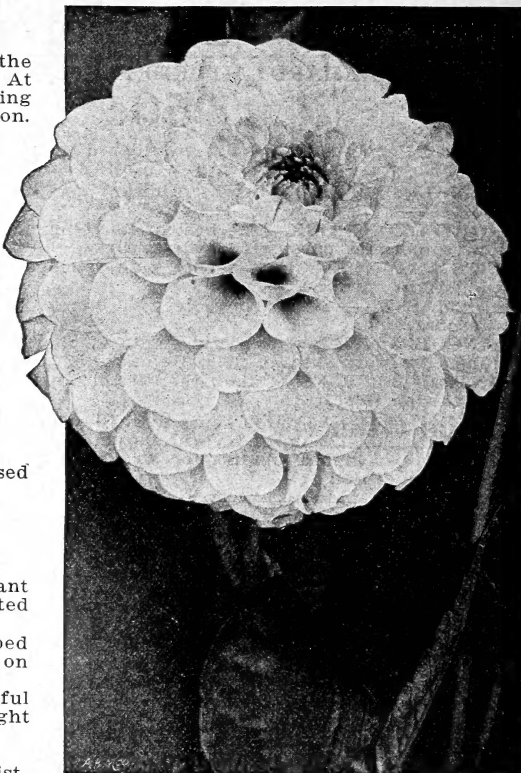

STORM KING—The earliest white Show Dahlia; perfect form and extremely profuse bloomer.

WHITE SWAN—Large, pure white. Reliable.

Order as the "Decorative Collection."

Century Dahlia.

Decorative Dahlia.

Century Collection 8 FOR 50 CENTS, POSTPAID

For 50c we will send you postpaid, by mail, the following magnificent Dahlias. Strong pot plants, the right kind for planting in order to secure the best blooms. This collection comprises plants of the leading varieties of the different types and enables you to secure a fine assortment of style and color, of these most popular flowers, at a very low price.

TWENTIETH CENTURY—Early in season, intense rosy crimson, shading to white at tips, with a bright pink blotch in center petals.

GOLDEN CENTURY—Sensational golden yellow, shaded amber. Immense size. Long wiry stems. Excellent for cut flowers, of good keeping qualities.

WHITE KRIMHILDE (Cactus)—A new, pure white, and one of the best white commercial varieties, owing to its wonderful keeping qualities.

FRUTE (Cactus)—Soft salmon pink, shaded and tipped clear bright pink. One of the finest pink Dahlias.

GRAND DUKE ALEXIS (Decorative)—Immense flowers of pure white with quilled petals. A profuse bloomer.

JACK ROSE (Decorative)—The best of crimson Dahlias, that brilliant color that makes the Jack Rose so popular.

ETHEL SCHMIDT (Fancy)—White suffused pink, spotted and pencilled crimson. A beautiful flower of perfect form and produced on long, slender stems in great profusion.

ARABELLA (Show)—One of the loveliest Dahlias of soft primrose, shaded and tipped rose.

Order as the "Century Collection."

Plants by mail our specialty for over 50 years.

Bargains in Dingee Magnificent Everblooming Cannas

Bed of Famous West Grove Cannas.

We have a particularly fine collection of these imposing foliage plants. It includes all novelties and standard varieties which we have found to be worthy of distribution among our customers. Cannas are not hardy and should not be planted until danger of frost is past. Take the roots up in the fall and store them in a warm, dry place.

No flowers will make such an attractive bed. Rapid in growth, freedom of bloom and ornamental foliage makes them so desirable for planting in beds, on lawn or yard, and especially after early-blooming bulbs are done, such as Tulips, Hyacinths, etc. These days of bargains no one should be without flowers such as these. We have specified the kinds suitable for three circular beds of different sizes, but can furnish other varieties if so desired. These are started plants from 3 and 4 inch pots. Price includes delivery. Safe arrival guaranteed. Order by number only.

Keystone Set, The Best Kinds for Outdoor Planting

12 Hardy Everblooming Roses for \$1

This set is especially valuable for the beginner in Rose-culture, whose knowledge of kinds is limited. The Keystone Collection is hardy with protection, and affords a continued supply of blooms through the entire season. Reserve for it a place in your garden.

KEYSTONE—Everblooming yellow climber.

ALINE SISLEY—Rich, rare shade of violet-red, brightened with crimson-maroon.

THE QUEEN—Flowers pure snow-white; large.

ETOILE DE LYON—Rich, golden yellow.

TRIOMPHE DE PERNET PERE—Fine, clear magenta-red, passing to bright crimson.

SIR THOMAS LIPTON—The best pure white Rugosa; flowers large and perfectly double.

MME. EUGENE MARLITT—Rich crimson-red.

COMTESSE RIZA DU PARC—Coppery rose.

WHITE MAMAN COCHET—Snowy-white, with slight suggestion of pale blush.

MILE. CECIL BERTHOD—Deep golden yellow.

CLOTILDE SOUPERT—Ivory-white, shading toward the center to silvery rose.

MAD. JULES GROLEZ (Red Kaiserin Augusta Victoria)—Cherry-red; distinct and charming.

Special Offer For \$1.00 we will send to any address one plant each of the twelve vigorous, strong, one-year-old Roses, described above. One each larger size, \$1.50, postpaid; for \$3.50 we will send all of the twelve varieties, described above, strong two-year-old plants, on own roots, by express. Full descriptions of the above Roses will be found elsewhere in this book.

Gentlemen:—I received the Garden Set of Roses. They are all growing nicely. I am very much pleased with them. You may look for other orders in the future from this source.

Sincerely,

LORON PIERCE.

Incorporated 1873

Dingee Roses and How to Grow Them

The Best Varieties for Different Sections of the Country

ALL DINGEE ROSES are propagated under such favorable conditions that our shibboleth, "Dingee Roses Go and Grow Everywhere," is literally true; but common sense tells us that certain kinds of Roses thrive better in some localities than in others. We are often asked our opinion upon this one point, and in order to give our friends a guide for them to follow we have tried to indicate as nearly as possible, in connection with the different classes of Roses, the section of the country in which each will thrive to its full perfection with the least amount of protection.

But it must not be understood, because we prefer a certain class for one locality, that it will not do well in others. For instance, we recommend all the Hybrid Perpetuals for planting in the extreme Northern States and Canada, and yet these same varieties grow to great size and beauty in Florida and Texas. On the other hand, we state that some of the Tea Roses are best for Southern planting; but by careful protection they may be grown successfully in Canada.

PREPARATION OF BEDS—The way to get the best results from Roses when planted in beds is to make a trench to a depth of 15 to 18 inches, that is, the soil should be removed to that depth, well pulverized and mixed with from one-third to one-fourth of its bulk with well rotted animal manure, cow stable manure preferable where it can be obtained. Before filling in the bed it is well to put in some material for drainage, such as soft coal cinders, broken crockery or stones, not too large. Then return the soil to the trench, and when returned it should stand from 3 to 4 inches higher than the surrounding ground, as it will quickly settle below the surface. It is necessary to do this, in order that the rain water will drain quickly away from the bed. If, however, the soil you remove from the trench is not the best Rose soil, as the best kind of soil for Roses is a clayey loam, if your soil does not contain this it can be improved by mixing in sods from the roadside or fields, but if your soil is too heavy it should be lightened with a portion of sand. The soil before returning to the trench should be well pulverized, that is, make it as fine as possible, and also the manure should be pulverized and not left in chunks if you wish to obtain the best results. The selection of your bed is a very important matter. Roses thrive best where they can secure all the sun possible, that is, do not plant them close to trees or shrubbery, as the roots of these extend further than the branches. Select, if possible, an open situation, where the plants will receive plenty of air and sunshine. It is not, however, necessary that they should receive sunshine the entire day. A southeastern exposure is an ideal one. They will, however do well in other locations if given the necessary care. Roses do better if they are watered in the morning.

FERTILIZER—This is a question we are frequently requested to answer. Animal manure from one to two years old where it can be obtained is the best. Cow manure is generally preferred, and can be used in fresh condition. Horse manure when new is very heating and should not be used while in this condition, except as a winter mulch. Hog, sheep and chicken manure are also very useful. The

last two, however, should be used sparingly. Ground bone is beneficial, but should be secured as fine as possible, and it should be used sparingly. The best method is sprinkling a portion over the bed until the ground is entirely covered, then with the use of a fork it can be dug into the soil and thoroughly mixed. You will also find an occasional application of Bonora, such as is offered in this book, will produce good results. Air slacked lime also is beneficial, about a cupful to a plant scattered on the surface in early spring and mid-summer.

PLANTING—As soon as the plants are received it is best to immediately plant, yet if it is impossible to do this the plant should be placed in a cellar or moderately warm place and protected from the sun. Set them upright to admit the free circulation of air. When you receive them they will be wrapped in Sphagnum Moss, which should be removed before planting, as it is used only for protection. Water freely from time to time. The roots should be covered with soil or burlap and never be allowed to become dry. Soaking the roots in lukewarm water or thin mud for an hour or two before planting to restore their vitality is beneficial. Do not set the plants too deep or too shallow. They should be planted a little deeper than they were growing in the pots before shipping. This can easily be determined by an examination of the plant. The roots of the plants should be spread out and not cramped. If you receive them with the soil on the roots in which they have been growing, do not remove this soil, but simply loosen it if packed in a hard ball. Give them as near a natural position as is possible. Use plenty of water after planting and shade for a few days if the sun is hot, with newspaper or similar material, and if the season is a dry one an occasional watering will be beneficial. The best time to plant Roses such as we send out, being pot grown, own root stock, is in early spring as soon as all danger of frost is past and the ground is warm and pliable, or, in other words, about corn-planting time. This time, of course, varies with the location. Here in Pennsylvania about the first of May is our planting time. Further north it is a little later; further south earlier. February, March and April are good months for Roses on the Pacific Coast and the far South. This refers entirely to pot-grown plants and not dormant plants. By dormant plants we mean field-grown, that is, lifted from the field and have not made any growth whatever. Such plants as these should be set out earlier than pot-grown plants.

PRUNING—As a rule the Roses that we send out do not need any pruning, being pot-grown plants. However, if the bushes are more spreading than is desired it does not injure the plant any to prune it back. This applies only to the pot-grown plants. Where dormant or field-grown plants are secured they should be pruned back before planting. Pruning can be done at any season of the year with a certain class of Roses, but it is a matter to be governed by the judgment of the possessor of the plants. The best time for pruning is in early spring, just before they begin to break at the eyes. Then it is well to trim Roses back to about one-third to one-half the season's growth. The larger and heavier the growth the more it should be trimmed.

WINTER PROTECTION.—The protection necessary to keep Roses safely through the winter months depends entirely upon the character of the plant and the location. For such Roses as the Hybrid Perpetuals, Rugosas, Harrison's Yellow, etc., very little protection is necessary in any climate, yet it is beneficial in the cold latitudes of the North to give them a protection of straw horse stable manure after the first hard freeze. The soil itself is a good protection. When protecting the Teas and Hybrid Teas it is a good plan to mound the earth about each plant, or use clean sand about six inches deep, then fill in between the mounds with straw stable manure, the coarser the better. The uncovered tops may be tied up with straw or burlap. We would not suggest the use of leaves, as oftentimes mice make their home there and destroy the plants through the winter. This protection should be gradually removed in March in the latitude of Philadelphia, or as soon as all danger of hard freezing is over. The tender Roses may also be wintered in boxes or pots of soil in a cool cellar or heeled in (the earth itself). Where you have a dirt floor two or three waterings will be required during the winter, just sufficient to prevent drying out.

Diseases and Insects

MILDEW.—This disease very frequently attacks the foliage of Roses, especially the Crimson Rambler. It is shown by a grayish crinkling appearance of the leaves and usually occurs after a change in the temperature. It can be checked to a certain extent by sprinkling the leaves with powdered sulphur immediately after its appearance. If, however, this does not check it, dissolve one ounce of potassium sulphuret in two gallons of cold water and apply a fine spray.

GREEN FLY OR APHIS.—A green suckling insect which usually gathers in great numbers upon the tips of the new growth. A solution of tobacco made from tobacco insecticide soap, which you will find offered elsewhere in this book, will exterminate them.

Red Spider is also a small insect indiscernible to the naked eye, and a frequent spraying with a strong hose is all that is necessary. The leaf roller is an insect of yellowish-white color, resembling the butterfly, and lays eggs on the underside of the leaf, which soon form a cocoon, rolling around itself the leaf, hence the name, leaf-roller. The Rose bug, a familiar insect, appears in the earliest summer, sometimes in great quantities, and is very troublesome. It is a very destructive insect and usually feeds upon the white petals, but is easily destroyed, especially in the early morning, when they will readily fall into a vessel containing kerosene. They can be poisoned, but it is not a very desirable way to get rid of them. This is to spray with wood alcohol, which will kill any insect by contact, operates quickly and does not injure the flower if applied in a mist-like spray. Care should be exercised by the operator not to inhale any of the fumes. Any of the foregoing preparations can be applied by the Tyrian Plan Sprinkler or the Auto-Spray, the price of which will be found elsewhere in this book.

BLACK SPOT.—A fungous disease, appearing as its name indicates as a black spot upon the leaf, eventually turning yellow and falling. It rarely occurs in the early part of the season, and the Teas are almost, but not quite, exempt from its ravages. The best preventative if your bushes have been troubled by it in the past is spraying in April

with Bordeaux Mixture before the foliage has developed and not while the flowers are in bloom, because of the discoloration of the foliage. The disease usually appears at the base of the plant and works upwards, so a watch should be kept and as soon as any leaves appear affected with this disease they should be pulled off and taken entirely away from the balance of the plants. If this is thoroughly done it will usually hold the disease in check.

HARDINESS.—Hardiness in a Rose is a matter of which no one can speak with positive certainty, because the condition of the weather as a rule prescribes the hardiness of a plant, as quite frequently plants that have been out year after year will be winter killed by unusual conditions. As stated elsewhere the hardiness of the different varieties of plants can be depended upon to be as near accurate as it is possible for anyone to determine.

KEROSENE EMULSION.—To two quarts of kerosene add one of slightly sour milk; agitate and dilute with twenty parts of soft water.

TOBACCO SOLUTION.—Boil the leaves or stems of tobacco and dilute to the color of weak tea.

TOBACCO INSECTICIDE SOAP.—A standard remedy and one of the best, with full directions for use. Two sizes. Price, 13 cents and 28 cents each, postpaid.

BUG KILLER.—A new preparation for killing all kinds of bugs and pests that attack Roses. Box sufficient for two gallons of spray, 50 cents, 3 for \$1.25, postpaid.

BORDEAUX MIXTURE (Dry).—For dusting plants affected with mildew and all fungous diseases. Can be dissolved and used as a spray. 1-lb. box, 35c. (makes 5 gallons liquid), postpaid; 5 lbs., \$1, by express, collect.

How to Select the Proper Roses

FOR THE EXTREME NORTH.—Where the winters are long and severe, such as the Hybrid Perpetuals on pages 59 to 65, the Moss, Rugosa, Wichuraianas, Climbers on pages 71 to 76 will withstand winters without any protection, but better results are secured if protection is given. Such Roses as the Hybrid Teas, Kaiserin Augusta Victoria, Virginia R. Cox, Souperets, Baby Ramblers, can be successfully grown if given proper protection.

FOR THE SOUTH AND SOUTHWEST.—Any of the Roses offered in this book, but the Teas and Hybrid Teas, Baby Ramblers, Souperets, Polyanthas, and Bourbon Chinas are the most suitable. Climbing Roses on page 63, Climbing Maman Cochet on pages 60 and 61, and those offered on page 64.

FOR TRELLISES, ARBORS, GATEWAYS, PERGOLAS, ETC.—In the North such Climbing Roses as those offered on pages 71-72-73-74-75-76, Climbing American Beauty on page 86 and back cover, and those on page 63 marked M. H. and H. In the warmer climates any of the above, and all of those on page 63.

FOR GROWING ROSES FOR CUT FLOWERS.—In greenhouses, such as Killarneys, American Beauty, Bride, Bridesmaid, Milady, Ophelia, My Maryland, Lady Hillingdon, Sunburst, Kaiserin Augusta Victoria. For outdoor growing for cut-flower purposes none are better adapted for this than the Cochet and Charles Dingee.

FOR CEMETERIES.—The Souperets and Baby Ramblers.

Express Rates and How We Ship

Read Carefully

Our Guarantee

We guarantee that our goods must reach their destination in absolutely perfect condition, satisfactory to you, or they will be duplicated or money refunded. You will not find many guarantees that cover the situation as briefly and as concisely as this. You run absolutely no risk.

Sixty-four years of business integrity, during which time we have served millions of Rose lovers in all parts of the universe, gives our assurance of efficient service considerable value. Before laying this book aside, make up your order, send it in to us as early as possible. We will reserve the goods for you or ship whenever you direct, guaranteeing absolute satisfaction, honorable treatment and \$1.00 worth of goods for every dollar sent us. Our word for it that you will be satisfied in every particular.

Complaints

When the goods reach you, if there is any complaint to be made, the complaint must be made within ten days, otherwise we cannot entertain it.

How We Ship

The goods offered at postpaid prices are shipped by mail postpaid. The first size or one-year-old plants and the extra size Roses are usually sent in this way, but we recommend express shipments (at your expense) on account of being able to leave the soil on the roots in which they have been growing, thus reaching you in much better condition than if sent by mail, when it is necessary to remove the soil and wrap in damp moss and wax paper. Also, you often receive much larger plants by express, and we always add several extra plants to express shipments, which often more than covers the cost of express.

The two-year-old plants of Roses, Shrubs, etc., are always sent by express at your expense, regardless of the number ordered, unless specifically requested to send by mail, and if the soil is desired left on the roots, add 5c. per plant and we will ship by parcel post.

Low Express Rates

Under the present schedule of the leading express companies, plants, bulbs and seeds, etc., packed in closed boxes, are now carried at the second-class rate. This is a reduction of about 20 per cent. from the regular merchandise rates, more than that on far-away points. The charges are determined now by a graduated scale and there is only one charge, regardless of the number of express companies handling the shipment. We can ship by the Adams, Wells Fargo and Southern. We give above a table of express rates to the various states which are approximate. We also give the approximate weight of your order. If the rate per 100 lbs. is \$1.00, the cost of 10 lbs. is 25c.; 50 lbs., 58c.;

if the rate is \$2.00 per 100 lbs., 10 lbs. cost 33c.; 50 lbs., \$1.07; if the rate is \$3.00 per 100 lbs., 10 lbs. cost 44c.; 25 lbs., 87c.; 50 lbs., \$1.58; if the rate is \$4.00 per 100 lbs., 10 lbs. cost 54c.; 25 lbs., \$1.12, and so on, and any one can estimate very closely the cost of their order.

We have in the past charged a certain per cent. to prepay these charges, but have discontinued, for the reason that we found in order to prepay the charges for the amount remitted it was often necessary to remove more soil from the roots than we otherwise would, and often the plants did not arrive in as good condition as they should. The charges on an express shipment are made here and indicated on the package, thus obviating any exorbitant charge by the express agent. If any doubt about the charges, advise us and we will endeavor to rectify any mistakes.

Two-year-old plants, when packed, will weigh as follows: Twelve plants, about 12 lbs.; 25 plants, 25 lbs.; 50 plants, 50 lbs.; 125 plants, 100 lbs. One-year-old plants, from 20 to 30 lbs. per 100.

	Rate per 100 lbs.		Rate per 100 lbs.

Scientific Packing of Goods

Probably you have never thought of that feature, but after the growing of the plants there is no other feature so important. We have, after sixty-four years of business experience, the right to know how goods should be packed. We have served millions of flower buyers in all parts of the civilized world. We know what is required in sending goods to the most distant points. It is needless for us to go into the details here of how it is possible for us, whether you live in West Grove, Pa., or whether you live in Portland, Oregon, or the most distant point, to have goods reach you as fresh and green as if you called here personally at our establishment and selected the plants yourself. It is a wonderful feature of our business, this scientific packing. It makes you, in these modern days of quick transportation, our next-door neighbor.

Hillside Kennels Pedigreed Scotch Collies

Club Stud Book. Full and authentic pedigrees sent witheach puppy. Write us for prices and further particulars. Address HILLSIDE KENNELS, West Grove, Pa.

Own Root vs. Budded Roses

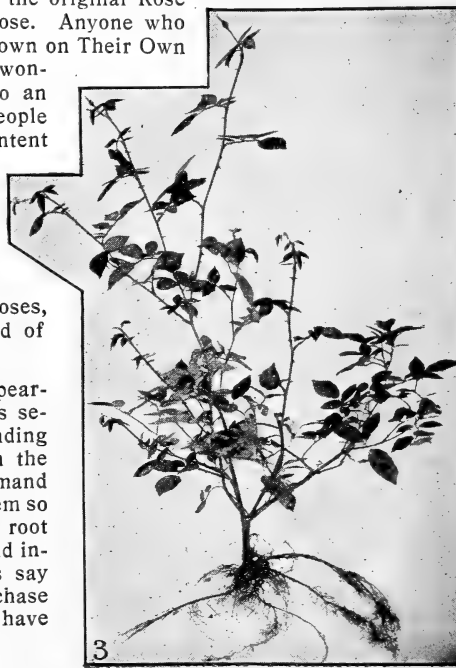

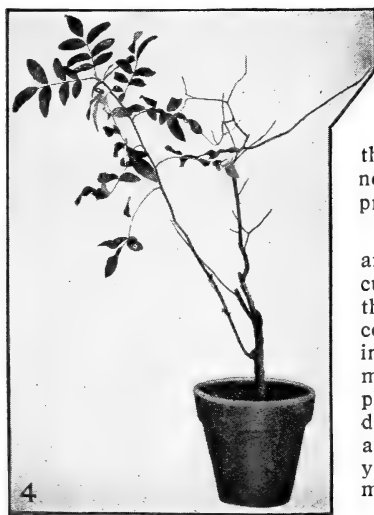

WHEN we first started this business over sixty years ago, foreign-grown budded and grafted Roses were the only Roses to be had. They were so unsatisfactory at that time that

our Mr. Dingee, the founder of this business, conceived the idea of growing Roses on their own roots for American homes and gardens. The undertaking was looked upon with about as much favor as was Morse's telegraphic invention. Today Own Root Roses are just as much an improvement over the ancient system of budding and grafting on wild roots as the railroads are over stage coaches. Some Catalogue Houses, Nurserymen, Seedsmen and Department Stores, who are without the equipment or knowledge of growing Own Root Roses, import great quantities of these cheap budded Roses from Europe, where they are grown in a wet soil, producing a quick, soft growth, and are of size plants. The budding is usually done

ferred here as heavy specimen or Star on wild Manettia Rose stalks by taking a bud from the original plant and inserting it under the bark of the Manettia and binding it thereon, as in Illustration No. 5. The first year the budded Rose makes a rapid, soft growth, probably producing some blooms, but the second year the wild root begins to assert itself and grows with tremendous vigor, throwing out wild shoots from the roots, thus sapping the life from the top, which usually dies, as in Illustration No. 4. Note the shoot from the side with the foliage thereon, which is the wild Rose that will not bloom, nor is it ornamental; also note the dead branches of the original Rose budded thereon. This is an actual photograph of a two-year, budded Rose. Anyone who wants Roses and not wild shrubbery should buy only the best, or Roses grown on Their Own Roots. Such are The Dingee Roses, known the world over. We sometimes wonder why these budded Roses are offered by some firms; selling them to an unknowing and unsuspecting public, but, as Barnum said, "American people like to be humbugged." We are content to adhere to the principles laid down by the founder of this business, who, notwithstanding the many ridiculous claims put forth by men who were yet unborn when Mr. Dingee was active in

the business of producing Own Root Roses, now claim to have invented this method of production.

In buying Roses don't be misled by appearances, and if you want permanent Roses secure own root plants. We have been sending these own root plants to every State in the country for over fifty years, and the demand increases each season. Budded Roses seem so much larger and stronger than on own root plant that any one is apt to be deceived and induced to buy them. Read what others say about them on the next page, and purchase your plants from reliable houses who have made the business a life work.

Own Root vs. Budded Roses—Continued

A Two-Year-Old Pot Grown Rose.

An own root plant is started by taking a portion of a branch from the mother plant and putting in sand until the roots are formed at the bottom, as illustrated in No. 1. This is what is known as a rooted cutting. Note how the fibrous roots are formed. In illustration No. 2 we have a first size own root plant grown in pots. No. 3 illustrates a two-year-old plant grown in a 4- or 5-inch pot. Note the many fibrous roots, which soon establish themselves in the soil after planting; also how each shoot or branch is crowned with a bud; how these branches are formed and how the increase in size is made by making new shoots. Compare this photograph with the one of the budded plant (No. 4) and note how different. A budded plant cannot increase in size unless the increase is made on the weak budded branch and then very seldom, but Own Root Roses increase in size each year, unless destroyed, and are permanent, producing finer and better blooms each season. They are the only Roses suitable for the varying climatic conditions of our country, and we cannot emphasize too strongly the importance of knowing the kind of plants you are getting before placing an order for them. What a success these own root roses have been are told by a few of the many testimonials we receive each year unsolicited from many thousands of satisfied customers.

Messrs Dingee & Conard Co.,
West Grove, Penna.,

September 24, 1915.

Gentlemen:—In August, 1914, you filled my order for a dozen choice Tea Roses on their own roots. Our place was absolutely new and I had to transform the dirt which came from the bottom of a clay cellar into good soil, and think I have succeeded remarkably well.

I am enclosing a post card snap shot, which gives you some idea of what these little Rose bushes have grown into. We have had hundreds of beautiful buds of all the varieties ordered except the little Baby Rambler, which succumbed to Jack Frost, and I am continually preaching the gospel of Roses on their own roots. Two of them are about seven feet tall. I want to add that I am more than satisfied with my experience with you.

Yours very truly,

JOHN NEVIUS EMERY.

Roses Grown by Mr. Emery.

Bluemont, Virginia, February 15, 1915.

Gentlemen:—If I have success with the above Roses I will give you a large order next Fall. I have had poor success with Roses in the past four years, and I think the cause is due to buying large budded plants, as they start off all right but die the second or third year.

Very truly,

JOHN E. LEWIS.

Homer, Minnesota, March 23, 1915.

Dear Sirs:—I take this opportunity to thank you for the lovely Roses we received last year. Out of the twenty-eight we received there was one injured in the shipping. The others were fine, and you sent such extra fine ones. The Roses have kept over winter splendidly. I certainly can see a difference in your Roses and others I have which are not "grown on their own roots." Thanking you again, I remain,

Yours,

MRS. WM. E. SMITH.

Cleveland, Ohio, June 6, 1915.

Gentlemen:—I got an order from a Nursery for 55 budded Roses, received the plants April 6th, and out of the 55 only 11 are going to grow right. They all started to grow and then they died off again, and about 9 died outright. The rest are growing but have no life. They were strong 3 ft. plants and looked fine when I received them. They are just as if a tree was all exhausted, no life back of them. I will never buy any more budded plants. What do you think is the matter with them? I will close now, thanking you for the fine Roses you sent me.

Yours,

GEO. W. BADER.

Puyallup, Washington, September 27, 1914.

...Dear Sirs:—I have never found any Roses or have I seen any that can come up to Dingee's, as I have dealt with the Dingee & Conard Co. for over thirty years. I did not have many, but they were grand.

Very truly,

MRS. S. A. McFARLAND.

Ocoee, Florida, December 12, 1914.

Dear Sirs:—I dare say that my sister and I were among your earliest patrons, and can truly say that never had cause to regret or complain. Always found things true to advertisement. Now in my old age I still know where to find everything as represented.

Respectfully,

MRS. A. P. NEWHEART.

Complete Index of Roses Offered

The demand for our two-year-old Roses has reached enormous proportions, for the reason that they make a fine appearance and yield an abundance of splendid flowers at once. Our two-year-old Roses are all pot-grown. We guarantee safe delivery of all goods to any port or express office in the United States.

On this and the three pages following we give a complete alphabetical list of all the Roses offered in this book, showing the class to which they belong, the page on which they are described, and the price of each.

INSTRUCTIONS FOR ORDERING

Our terms are cash with order, except where satisfactory bank reference is given, when we will gladly open an account. Goods will be shipped C. O. D., if one-half of order is remitted with order. Money may be sent at our risk by Post Office Money Order, Express Money Order, Bank Draft, Money (not stamps) in Registered Letter. We will be responsible for the safe carriage of money sent us in any of these ways, and, if lost, will give full value. Please do not send stamps for money. They often come stuck together, or stuck to the letter, so that they cannot be taken out except by soaking. Canadian customers can remit by International Money Order on West Grove, Bank Draft, or currency in Registered Letter. Canadian postage stamps have no value here.

Please Observe Carefully. When ordering, please use the order sheet provided for the purpose whenever possible. Simply fill up the blanks, giving the number and name of the varieties wanted, with size and price; we will understand.

Order Early. Many of our customers order early, and the plants are set aside; the earlier you order the better. We will look for delivery whenever you direct.

Parcel Post C. O. D. If you desire your order, no matter how small, sent C. O. D. by Parcel Post we can do so, at an additional cost of only 10 cents, and the small fee for the money order which is 3 cents up to \$2.50; 5 cents up to \$5.00, making it much cheaper than by express, as you have no express charges and additional charge for returning money.

Canadian Customers. Canadian laws prohibit sending dormant

CLUB ORDERS. To induce our customers to make up club orders requirements are that the club shall consist of the complete address of not less than \$10.00 in cash. Write for further terms under these

Roses or Shrubs into Canada except from March 15 to May 15, and from October 7 to December 7. All other goods, including our pot-grown Roses, from 3½-inch pots and smaller, grown under glass, are admitted at any time.

Foreign Orders. Twenty per cent extra should be added to orders going outside of United States proper to pay extra cost of packing and postage. To countries with which we have a parcels post, goods can be sent by mail. They also can be sent by express, but the person ordering must give the name and address of some one in New York who will receive the goods, prepay the ocean charges and forward them.

Premium Plants. We always do better than we promise in the way of extra plants, so when the order will at all afford it, we add to it some plant or plants gratis, often choice new kinds. Several of the Roses now so eagerly sought after were first introduced to our customers in this way—presented with their order.

among their friends, we make special attractive inducements. The only requirements are that the club shall consist of five club names, including the clubber, and that the order shall amount to not less than \$10.00 in cash. Write for further terms under these

The World's Latest and Best Productions in Roses

Hoosier Beauty.

"Milady"

Illustrated in Natural Colors on Front Cover

No Rose of recent introduction has impressed us as this one. After giving it a thorough test, both indoors and out, we are convinced that it will become the most popular outdoor garden Rose in existence, combining as it does, all the desirable features of a Rose for the amateur grower, such as color, freedom of bloom, formation and hardiness. Being a cross between **Richmond** and **J. B. Clark**, it has retained the color of both, being a rich velvety crimson, with darker shading toward the center and retaining its color in the expanded bloom. Hardy as **Clark** in the open ground, and as free a bloomer as **Richmond** under glass. Buds medium long and opening full and double to the center, producing a magnificent flower, the beauty of which it is almost impossible to describe. The illustration on front cover does not do it justice. Price of strong, first size plants, 25c each; 5 for \$1.00; large size, 35c each; 3 for \$1.00, postpaid; two-year-old plants, 50c each; \$5.00 per dozen, by express. All on own roots.

IONA HERDMAN—A pure, clear orange-flame, surpassing in color the **Pernetiana** Rose, "**Rayon d'Or**," with true, hybrid-tea growth and character. Mr. McGredy considers it the most beautiful yellow decorative Rose in existence; free flowering; of splendid form, and sweetly scented. First size, strong plants, 25c each postpaid; two-year-old plants, 60c each, by express

The Roses listed on this and the following page comprise the best, latest and most beautiful productions of the famous Rosarians of the world, and all lands have contributed to this collection. We have spared no expense or effort in securing them. The United States Department of Agriculture, through its collectors in various parts of the world, have contributed to this list and it stands without a successful rival in this or any other country. The one-year-old plants are grown in pots 3½ inches in diameter, while the two-year-old plants are magnificent, strong bushes which will take hold immediately when planted, grow vigorously and bloom profusely. These are the largest and finest Roses ever sold, and are in keeping with the high quality which has made **Dingee Roses** famous the world over. All grown on their own roots. Not budded, which is the usual kind secured in the new varieties. These are the best of the latest introductions, and have all been proven to be just what they are represented. The stock of these new kinds is naturally limited, and orders are filled in rotation in which they are received. We therefore suggest placing your order early for these kinds and we will reserve them for you, and ship when desired or at the proper planting time.

Hoosier Beauty

Fragrant as **Richmond**; has more petals, a stiffer stem, a texture like velvet. In color, glowing crimson-scarlet, with darker shadings. The bud is of good length, keeps well in the close-cut state, and opens into a magnificent bloom, quite dazzling in velvety brilliance. As soon as thoroughly established in the soil it sends out long, stiff growths with a bud on every shoot. Produces, naturally, stems 2 to 3 feet in length; each plant keeps up a very close succession of bloom, and again unlike **Richmond** it is a good summer Rose. It is a clean grower, shows very little inclination to "spot" or mildew; indeed, the variety is quite clear of both. It is an easy grower, and has become instantly popular and in heavy demand in the cities where blooms have been sold, flower buyers through the section calling for it by name. We believe this Rose will make its mark as a garden variety. Strong, first size plants, 35c each; 3 for \$1.00, postpaid; two-year-old plants, 75c each, by express.

COLLEEN—Brilliant rose, shaded rose-pink with deeper rose-crimson veneering and distinct creamy-yellow ground, never fading until the petals drop. The flower is quite full, with enormous petals and high pointed center, forming the noblest and most remarkable flower among Roses. Very free blooming and smooth. Gold medal Rose of the National Rose Society of England, 1913. Price, first size plants, 25c each, postpaid; two-year-old plants, 60c each, by express. All on own roots.

Mrs. George Shawyer

(Tea Rose)—This is one of the newer varieties introduced by the growers of Lady Hillingdon. We have not seen a Rose that has met with such universal appreciation by both the amateur and professional grower, and has won awards in almost every place shown since it was introduced, both in this country and Europe. The color is one very hard to describe, being a shade of brilliant clear rose or bright peach-pink. It is a wonderful grower and bloomer, producing great numbers of strong shoots, each shoot tipped with a bud. These shoots form the stem, from 3 to 4 feet in length. The flowers are very large, well formed and full, petals of good substance. A very fine garden Rose, as well as a forcing Rose. Price, of strong pot-grown plants, 25c each; two-year-old plants, 50c each. The stock is grown on own roots.

OLD GOLD—(Hybrid Tea.) In bud form this Rose appeals to everyone on account of its wonderful color, which is entirely distinct from and not found in any other Rose, a vivid orange-red, with coppery-red and apricot shadings, opening bright salmon, and which is further set off by the healthy, glossy, bronze-green foliage; delightfully fragrant; a vigorous grower and very free-flowering. A great bedder. Awarded gold medal National Rose Society of England. Price, first size plants, 25c each, postpaid; two-year-old plants, 60c each, by express. All on own roots.

FLORENCE FORRESTER—Clear snow-white with a lemon tinge; as the flowers age they become a pure white, the blooms are even larger than Paul Neyron. Its habit is absolutely perfect, and the freedom with which it flowers is marvelous. We consider this Rose the grandest of all whites for bedding. For size and substance has no equal among Hybrid Teas. Is very sweetly perfumed. Beautiful long pointed buds on tall stiff stems. An excellent Rose for cutting. Gold medal, National Rose Society. Price, first size plants, 25c each, postpaid; two-year-old plants, 60c each, by express. All on own roots.

Mrs. George Shawyer.

Hadley

Hadley is a development from a line of seedlings, the varieties used in this development being Liberty, General McArthur and Richmond, all brilliant scarlet varieties and garden Rose. In color it is a deep velvety-crimson, retaining its brilliancy at all seasons of the year. The variety is double and buds are well formed. The fragrance is excelled only by American Beauty. It is a strong, rapid grower, and the flowers are borne on long, stiff stems, well above the foliage. It has proven itself under thorough trial to be an all-the-year-round forcing variety. Price, strong first size plants, 25c each, postpaid; two-year-old plants, 50c each, by express.

EDGAR M. BURNETT—Very large, full flowers of splendid form with large flesh-colored petals tinted rose; an advance on the type of Rose of which the beautiful Lady Alice Stanley is a representative; one of the sweetest scented Roses in existence, even surpassing "La France" in this respect. Awarded gold medal, National Rose Society of England. Price, strong first size plants, 25c each, postpaid; two-year-old plants, 50c each, by express.

MRS. CHAS. RUSSELL—A new Hybrid Tea Rose of American origin and considered to be equal to American Beauty both for forcing and open ground culture. Buds long and pointed, produced on long, stiff stems 3 feet in length, each one crowned with a bloom of a beautiful shade of rosy pink. Blooms large, full and magnificent formation. Price, first size plants, 30c each, postpaid; two-year-old plants, 75c each, by express. All on own roots.

New Rose Hadley.

Ophelia.

Ophelia

This new Hybrid Tea Rose has the brightest future, in our estimation, of any Rose introduced for the last quarter century. The color is one so difficult to describe that any description can only be a partial one, and gives but a faint idea of the superb beauty and richness of the shades. Salmon-flesh, shaded with rose. Buds of unusual attractiveness, opening full and double. The illustration conveys but a faint idea of its beauty and formation, which is of large and perfect shape. Habit excellent, growth strong, produces flowers on long stems, standing well up above the foliage, and in great profusion all summer. Hardy in almost all localities. Grand for forcing or outdoors. Price, strong, first size plants, 25c each, postpaid; two-year-old plants, 50c each, by express. All on own roots.

KILLARNEY BRILLIANT—An offspring of Pink Killarney, but several shades darker, the color being a beautiful shade of brilliant red. Habit of growth same as Killarney. Just as free bloomer and hardy. Price, first size or one-year-old plants, 30c each; 4 for \$1.00, postpaid; two-year-old plants, 75c each, by express. All on own roots.

FRANCIS SCOTT KEY—A magnificent Hybrid Tea Rose originated by the great Rosarian, John Cook, of Baltimore, Md., and named in honor of the writer of the "Star Spangled Banner." Color a glowing scarlet with darker shadings. Buds long and pointed, opening full and double, produced on long, upright stems. Strong, healthy grower. Hardy everywhere. Free blooming. Excellent cut-flower variety. Price, first size or one-year-old plants, 50c each, postpaid; two-year-old plants, 75c each, by express.

Prince E. C. d'Arenberg

In no Rose of recent introduction have we found so many desirable features as there are in Prince E. C. d'Arenberg, and we are fortunate in being able to offer it to our customers. Flowers of a bright scarlet shaded maroon, borne on long, straight, upright stems. Buds long and pointed, opening full and double, perfect form, massive petals. Resembles American Beauty in shape and size. Strong, healthy grower, excellent foliage, constant bloomer, making an ideal garden Rose, as there is no color as showy as a deep scarlet, and attracts attention wherever grown. Hardy in almost any location or climate. An excellent cut-flower variety, blooms always in demand. Price, first size or one-year-old plants, 30c each; 4 for \$1.00; larger size, 40c; 3 for \$1.00, postpaid; two-year-old plants, 60c, by express. All on own roots.

ROBIN HOOD—A new crimson Hybrid Tea of wonderful merit, and soon to become one of the leaders in its class. It has all the requirements of an exceptionally good garden Rose, and has the features often sought for in a red H. T. Rose, i. e., blooms full and double to the center. A grand grower, producing heavy canes and foliage. Blooms of immense size like the June Rose or Hybrid Perpetual. Color glorious rosy scarlet that is soft, bright and lasting. Free bloomer, that is, blooming the entire growing season. Hardy everywhere. Price, first size or one-year-old plants, 30c each; 4 for \$1.00; larger size, 45c each; 3 for \$1.00, postpaid; two-year-old plants, 75c each, by express.

DUCHESS OF WESTMINSTER—A peerless Tea-like Rose, and one of the best in our trial grounds, with beautifully smooth and massive petals. The blooms are very large, full and perfectly formed, with high-pointed center. Very sweetly perfumed. The color, which is very novel, is a dainty, clear rose-madder. The growth is vigorous, erect and of very free-flowering habit. Price, first size plants, 25c each, postpaid; two-year-old plants, 50c each, by express.

Prince E. C. D'Arenberg.

British Queen

By some said to be the finest white Rose in existence, surpassing in beauty and form any other white Rose. The flower resembles Frau Karl Druschki and White Maman Cochet, with the Tea Rose form and refinement. Flowers freely all summer long from early spring until frost. Buds sometimes show a slight flush which disappears as the flower expands. Strong grower. Hardy. Awarded a gold medal by the National Rose Society of England. Price, strong first size plants, 25c each, postpaid; two-year-old plants, 50c each, by express.

RELIANCE—A cross between Etoile de France and Chateau des Clos. Vougeat. One of the showiest bedding Roses known. Color a vivid scarlet. Buds large, opening into massive blooms four inches or more in diameter and produced in wonderful abundance all season. Flowers so double that they resemble a gorgeous scarlet Peony. Dwarf habit, growing 18 to 24 inches in height. Hardy in all localities. Price, strong, first size plants, 30c each, postpaid; two-year-old plants, 75c each, by express.

CLIMBING ROSEMARY—Identical with Rosemary; but a rank climber. Foliage good. Free bloomer. Price, first size plants, 30c each; two-year-old plants, 75c each, by express.

British Queen.

Geo. Elger

A superb polyantha Rose with just sufficient of Tea Rose blood to make it different from any in its class. It produces great quantities of lovely little buds of golden yellow, opening into miniature symmetrical roses. Each bush is so loaded with blooms that they resemble a huge bouquet. Like all Roses of this class it is free in growth and bloom, blooming all summer. Hardy everywhere with some protection. Foliage bright attractive green. Excellent companion for the Baby Ramblers. Price, strong, first size plants, 25c each; 5 for \$1.00, postpaid; two-year-old plants, 50c each; \$5.00 per dozen by express.

LADY ALICE STANLEY—This we predict will become very popular as a garden Rose. In fact, wherever tried it has won friends. The petals are shell shaped, forming a perfect flower. The color on outside of petals is a deep coral-rose; inside delicate flesh, often flushed and suffused with bright pink; remarkably attractive. Without a doubt a magnificent Rose. Awarded gold medal. Price, first size plants, 25c each, postpaid; two-year-old plants, 50c each, by express.

GEN. ARNOLD JANSSEN—Hybrid Tea. Claimed to have all the good qualities of Jonkheer J. L. Mock as an outdoor Rose. Color a deep glowing carmine. Free bloomer. Buds long and pointed on long, stiff stems. Equally as good for forcing. Price, first size or one-year-old plants, 30c each; 4 for \$1.00, postpaid; two-year-old plants, 75c each, by express. All on own roots.

MME. EDOUARD HERRIOT (Daily Mail)—Hybrid Tea. The plant is a strong, vigorous grower, of spreading, branching habit, with numerous long thorns and bronzy-green foliage. Buds coral-red, shaded with yellow at the base, the open flowers of medium size, semi-double, are of a superb coral-red, shaded with yellow and bright rosy-scarlet. Price, first size plants, 30c each; two-year-old budded plants, 75c each, by express.

Geo. Elger.

Dingee-Special-Size-Rose-Plants

FOR

Planting for Immediate Effect

Each One a Specimen or Star Size Plant and Now Growing in 6 and 7-inch Pots. Strong, Well-Shaped Bushes

The demand each year for extra heavy, own root Roses of the leading kinds seems to increase, and in order to try and meet this demand we have built five mammoth greenhouses, each 250 feet in length, devoted entirely to growing these special size plants, each one in a 6- or 7-inch pot and grown on its own roots. Each one a specimen plant for those who desire Roses for immediate effect, grown by our special methods, in specially prepared soil, where they are given all the care and skill at our command, with the result that they are now plants that may be termed three-year-old, and unsurpassed for planting where quick results are desired.

These Roses have been trimmed where necessary to form a shapely plant and range in height from 2 to 3 feet, according to their growth. They are shipped with all the soil in which they have been growing left on the roots, wrapped in oil paper, and they reach you in prime growing condition. When planted they produce the same effect as if they had grown there.

Price of these Special Size Roses, on this and preceding page, from pots 6 and 7 inches in diameter, on own roots, except where noted, 75c each; \$7.50 per dozen, by express at purchaser's expense. These Roses cannot be sent by Parcel Post.)

Under this heading we offer plants of different classes in extra-large plants, and only a brief description of each. Elsewhere in this book you will find a fuller description if desired by referring to the index pages. The Tea and Hybrid Tea Roses are neither as hardy as the Hybrid Perpetuals, nor do they make as large plants; but hardy with careful protection. The climbing Roses, especially Philadelphia Crimson Rambler, Tausendschoen, Crimson Rambler, etc., are hardy everywhere, and we supply extra heavy three- and four-year-old plants of all of them. The Cochet Roses are particularly fine.

Hybrid Tea

American Beauty. Rich crimson, charmingly shaded and veined. Delightfully fragrant.

Aurora. Flowers large and full. Brilliant pink. A vigorous grower.

Bessie Brown. The color almost pure white, flushed sometimes with pink.

British Queen. The finest white Rose, it is said in existence.

Charles Dingee. The best Rose for outdoor culture. Color rose tint shading off into a creamy white.

Col. R. S. Williamson. Large, fragrant flowers of soft, rich carmine.

Countess of Gossford. Beautiful clear salmon-pink shaded with saffron.

Etoile de France. Deep, full flowers. Color a clear shade of red.

Farben Konigen. Queen of colors. Buds long and pointed, opening large and double. Color bright rosy carmine overlaid with a satiny silver sheen. Very free bloomer.

Hadley. New Rose of a brilliant color, deep velvety crimson, and as fragrant as an American Beauty.

Helen Gould. Color warm rosy crimson, always in bloom.

Helen Cambier. Colors are varying, ranging from a salmon-rose to coppery rose, with often a saffron hue.

Jonkheer J. L. Mock. A giant Hybrid Tea of wonderful merit. Color a clear imperial pink, outer edge of petals tinted light.

Kaiserin Augusta Victoria. The greatest hardy white Rose in existence.

Killarney. (Pink.) The Irish Queen. Color brilliant shell pink.

Lady Alice Stanley. A remarkable garden variety. Color outside petals coral-rose, inside delicate flesh. Blooms all the time. Exquisite buds.

Lady Hillington. Apricot-yellow shaded orange on outer edge of petals, becoming deeper and more intense towards the center of the bloom.

Lady Ashtown. Beautiful pink. Splendid bloomer.

La France. (Pink.) Lovely shade of silvery pink. Exceedingly sweet and handsome.

Mad. A. Chatenay. Strong grower and free bloomer. Color rosy carmine with darker shadings.

Mad. Jules Grolez or Red Kaiserin Augusta Victoria. Color a distinct and charming shade of cherry-red. Flowers of fine formation. A remarkably good grower.

Mad. Schwaller. A beautiful combination of salmon-rose with edges touched with violet-carmine.

Mad. Segond Weber. Buds are pink or salmon-flesh. When fully open a warm deep pink. Continuous bloomer.

Magnafrano. Color bright shining rose with rich shadings of deeper tones.

Mary Countess of Ilchester. Strong, vigorous grower. Color warm crimson-carmine.

Meteor. Dark velvety crimson with deeper shadings. One of the best outdoor crimson Roses.

Mme. Jenny Guillemot. Brilliant saffron yellow. Magnificent buds, long and pointed.

Mme. Melania Soupert. Bright golden yellow suffused with faint tinge of pink.

Mme. Rene Collette. Buds rich pink shaded salmon, opening light orange shaded pink.

Mrs. Charles Russell. Beautiful shade of rosy pink. Magnificent blooms.

Special Size Roses—Continued

Hybrid Teas—Continued

Milady. A glorious crimson Rose. Note color on front cover.

My Maryland. Handsome Rose both in bud and bloom. An excellent grower. Color a lively shade of pink with darker veins.

Natalie Bottner. Bright lemon-yellow. Blooms and buds resemble Kaiserin Augusta Victoria.

Norma. Resembles Mad. Caroline Testout. Color a beautiful shade of pink.

Prince of Bulgaria. Flowers large and full. Outer petals rosy flesh and index petals a lighter tint.

Radiance. A sturdy grower. The color is a beautiful blending of shades of carmine-rose with opal and coppery reflections.

Rena Robbins. Flowers of immense size. Beautiful clear white or tinted lemon, color running to a beautiful shade of orange in the center.

Rhea Reid. A magnificent Rose, both for forcing and outdoor growing. Color a vivid scarlet.

Rosemary. A rank grower. Color a delightful shade of silvery pink. Very double.

Senateur Mascurand. Amber yellow with darker center. Large, full, globular blooms.

Triumphe de Pernet Pere. Large flowers with broad thick petals of clear magenta-red.

Virginia R. Coxe. Color fiery crimson shaded with a dark velvety sheen. A magnificent grower and free bloomer.

Wellesley. Particularly adapted for outdoor growing. Color a beautiful shade of pink.

West Grove. Color crimson-pink, a very unique shade. Flowers full and cup-shaped. A remarkable bedding Rose.

White Killarney. An offspring of the Pink Killarney and like it in formation. Color pure white.

White La France. Pure white, slight tint of rosy blush.

Wm. Shean. Color a Killarney pink. Beautiful buds.

Wm. H. Taft. A magnificent Rose in every way. A good grower, producing magnificent bud and bloom.

Yellow Killarney. Beautiful buds. Canary or golden yellow.

Yellow La France. Semi-double. Bright canary yellow.

Teas, Bourbons, etc.

Aline Sisley. Violet-red. Very double.

Bridesmaid. Clear, deep pink and a constant bloomer.

Champion of the World. Clear deep pink.

Clotilde Soupert. Ivory-white shaded silvery rose in the center.

Comtesse Riza du Parc. Coppery rose.

Coquette de Lyon. Best outdoor yellow Roses.

Duchess de Brabant. Soft rosy pink.

Enchantress. A profuse bloomer, bearing immense globular flowers of creamy white, tinged with buff.

Etoile de Lyon. Magnificent golden yellow. A strong and vigorous grower.

Freiherr Von Marshall. An excellent outdoor Rose, producing magnificent blooms of a bright red.

Golden Gate. Creamy white, tinged with golden yellow and clear rose.

Isabella Sprunt. Golden yellow. One of the old favorites. Free bloomer.

Mad. Camille. Easy to grow. Color a pale rosy flush.

Mad. Francisca Kruger. Coppery yellow.

Mad. Heintz. Free bloomer, bearing saffron yellow flowers slightly shaded with carmine.

Marie Guillot. Pure white, sometimes faintly tinted pale yellow. Immense blooms.

Marie Van Houtte. Yellow, passing to white.

Mlle. Cecile Brunner or Sweetheart. Rosy pink on rich creamy white ground. Great bloomer.

Mrs. A. Byass. Flowers produced in abundance. Rosy red, sometimes blotched with rose and white.

Mrs. B. R. Cant. Extremely strong grower, producing heavy stems. Deep rose with silvery center.

Mrs. De Graw. Bright coral pink. Flowers borne in clusters. A great bedder.

Mrs. Dudley Cross. Light yellow faintly blushed with rose. A vigorous grower.

Mrs. Herbert Stevens. Buds similar to Maman Cochet. Color pure white with distinct fawn and peach shadings towards the center.

Perle des Jardins or Pearl of the Garden. Color clear golden yellow of a beautiful shade. An excellent outdoor Rose.

Pink Maman Cochet. Clear, rich pink, changing to silvery rose. Superb garden Rose.

Princess Hohenzollern. Color bright deep satiny red with pink center. Beautiful foliage.

Souv. de Francois Gaulain. Color an unusually bright, rich velvety crimson.

Souv. de President Carnot. Delicate rosy blush, center deeper shade. A splendid outdoor Rose.

The Bride. None more satisfactory for open ground culture. Color almost white tinted with pink.

White Maman Cochet. Magnificent white with a tint of pink on outer edge of petals.

Yellow Maman Cochet. Ideal for open ground culture. Color a deep sulphur yellow.

Hardy Climbing Roses

American Pillar. Pink. Foliage bright green.

Climbing American Beauty. Glowing crimson.

Climbing Baby Rambler. Everblooming Rambler.

Climbing Clotilde Soupert. Ivory-white.

Climbing Killarney. Same as Pink Killarney.

Climbing White Maman Cochet. White, tinted pink.

Climbing Wootton. Superb magenta-red.

Crimson Rambler. Glowing crimson.

Dr. Van Fleet. Delicate shade of flesh pink.

Dorothy Perkins. Clear shell-pink.

Everblooming Crimson Rambler or Flower of Fairfield. Brilliant crimson. Supposed to be an everbloomer.

Excelsa. Red Dorothy Perkins.

Keystone. Lemon-yellow; perfectly double.

Lady Gay. Cherry-pink, shading to white.

Lady Godiva. White flowers growing in clusters.

Marechal Niel. Wonderful golden yellow Climbing Rose. Continuous bloomer.

Mrs. Robert Peary. Magnificent white climber.

Newport Fairy. Deep pink, lighter towards the center.

Northern Light. Beautiful pink and white. Quite double.

Philadelphia Crimson Rambler. Bright crimson.

Tausendschon. With many-colored flowers.

Violet Blue. Lavender blue.

White Dorothy Perkins. Glistening white.

American Beauties

If any Rose has earned the title of the "National Rose," it is American Beauty. Wherever the Rose is known, it is the queen, and deservedly so. In size, color, form and fragrance it has no equal. Of quick, healthy, bushy growth, either in pots or outdoors, with magnificent foliage, it produces in abundance glorious buds and large, deep, double flowers of immense size. The three kinds below make a gorgeous combination.

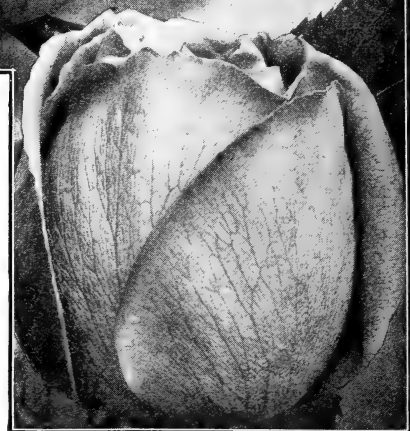

Crimson American Beauty

American Beauty is splendid for open-ground culture, and is hardy in nearly all localities, except where the winters are particularly severe, **provided the true stock is planted.** Our plants are grown in specially prepared soil by our own expert growers. We guarantee our plants to be true to name, absolutely first-class in every particular. Color, **rich crimson, charmingly shaded and veined.** As the flowers expand, their beauty seems to be enhanced rather than diminished. The fragrance is not excelled by any Rose known.

Pink American Beauty

QUEEN OF EDGELY

We believe we are the only house offering this beautiful new variety, which is identical in every way with American Beauty, of which it is an offspring, except in color, which is **soft, rich pink,** fading still lighter as the flower grows older. Has the same large, massive, cup-shaped flowers and fragrance; in short, it is a lovely blonde full sister to the dark brunette, American Beauty. Ours is the original stock, not to be had elsewhere.

White American Beauty

FRAU KARL DRUSCHKI

This brilliant white type Rose has become renowned as the very highest type of its class and the best snow-white Rose ever introduced. It is an extraordinarily strong grower, branching freely, and has the vigor and hardiness of an oak. Large, heavy foliage and magnificent flowers that are nothing less than glorious—immense in size and produced with great freedom on long, stiff stems. The color is marvelously white, without a tinge of yellow or any other shade. Hardy everywhere.

Price of American Beauty Rose in extra strong, one-year-old plants, 25c each; 5 for \$1.00; larger size, 35c each; 3 for \$1.00, postpaid; extra heavy, two-year-old plants, 60c each.

Special Offer One of each, three in all, in one-year-old plants, postpaid, for 60c; extra size, 90c, postpaid; two-year-old plants, \$1.50, by express, charges collect.

White American Beauty.

Oswego, Kans., April 23, 1915.
Sirs: The Roses I sent from you came all right several days ago. They were in fine order. I have them all set out, and they look fresh and bright. I have a large yard and I want to get a few Roses every year until I have what I want. My mother was one of the first ones in this country to have monthly Roses. She sent to your house over **forty years ago**, and I have sent for them several times. I thank you for the Fern. It looks fine.
Respectfully
MRS. L. BAKER.

Type of
Dingee
Hybrid Tea
Roses.

Dingee Famous Hybrid Tea Roses

For many years we have had by far the most complete and extensive list of Hybrid Tea Roses in the business, having been the first house to call particular attention to their wonderful value. Ours is the greatest collection in this country. As the new varieties are introduced they are given a trial, and if found wanting in any respect are discarded and not offered to the Rose growing public until they prove worthy. This class combines the continuous-blooming quality of the Everblooming Teas and the sturdy strength of the Hybrid Perpetuals. The plants bloom the first year like the Teas, bearing large, finely formed flowers of a wondrous range of color, with the fragrance of the June Roses. They are especially valuable to Northern planters because they stand the severest winters with ordinary protection and, of course, luxuriantly in the South. In all sections they form magnificent bushes, bearing all summer through great masses of the most beautiful Roses imaginable. They are, without exception, the greatest of all garden Roses.

Unless a Hybrid Tea Rose bush is grown from the choicest two-eyed cutting—the Dingee method—it will not give satisfaction. All our stock is **on its own roots**—don't buy the other kind, budded and grafted. This is important if you wish satisfactory results. We offer strong, lusty plants in all sizes, and stake our reputation upon their quality—best in the world.

Alice Roosevelt

A most superb Rose, strong, vigorous and constantly in bloom, forming a fine large bush bearing a profusion of exquisitely shaped, deep, perfectly double and beautifully colored flowers. In color, it is a gorgeous shade of deep, rosy-crimson, most beautiful and attractive. Magnificent in every way. 20c each, 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

ADMIRAL SCHLEY—Elegant buds, which open into splendid, large, full flowers; very sweet; color, rich, velvety crimson. Very bright and handsome.

ADMIRAL DEWEY—A delicate bright pink, shaded to a pure white. This superb Rose is excellent in every way. It is a sport from Mad. Caroline Testout, having all the good qualities of that variety. Petals large and flowers superior to those of any other sort of its color.

APOTHEKER GEORG HOFER—Glimmering purple-red; very fragrant; buds long; flowers well filled.

ANTOINE VERDIER—A beautifully shaded, bright, glowing pink; flowers bold and massive like American Beauty and of splendid substance. The bush is strong and vigorous and in constant bloom. 20c each, 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

Read article, "Own Root vs. Budded Roses," on page 11.

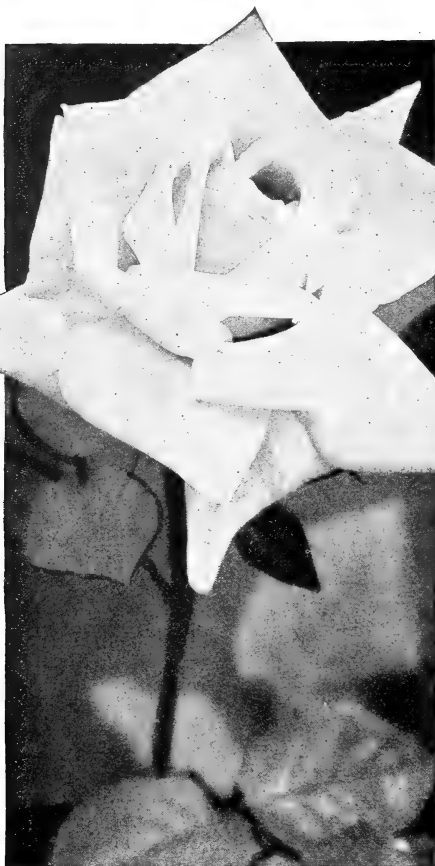

AUGUSTINE HALEM—A most brilliant and handsome pink Rose with shadings of deep, rich crimson. The bush is extremely hardy, freeowering and constantly in bloom. 20c each, 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

AURORA—Better than Champion of the World; of itself a recommendation of its great value. Flowers of splendid form, large and full, of a brilliant pink. Vigorous, hardy bush Rose, constantly in bloom. 20c each, 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

ANTOINE RIVOIRE—Flowers large, double and of fine form; very fragrant; color rosy-flesh, with yellow ground, shaded with border of carmine. Strong and healthy. 15c each; larger size, 25c each; two-year-old plants, 45c each.

BETTY—This wonderful Hybrid Tea Rose is the greatest novelty of the past decade. It is of the type of the Killarney Rose, and has a truly unique color—ruddy gold (coppery rose, overspread with golden yellow). Blooms extremely large, fairly full, of glorious form and deliciously perfumed; the petals measure 4 to 5 inches long. Strong pot plants, 20c each; larger size, 30c each; two-year-old plants, 45c each.

Price, 15c each for all Roses on this page; 50c for any 4; \$1.00 for any 9; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 40c each, except where noted, by express.

Rose, Mad. Second Weber.

Madam Second Weber

One of the most beautiful Roses of recent introduction. The long, pointed buds are pink or salmon-flesh and when fully expanded are immense in size, full and double; as the flower opens it deepens until it fairly glows with its warm deep pink. Highly fragrant. Very hardy and constantly in bloom.

MRS. H. BROCKLEBANK—A magnificent Hybrid Tea Rose of a creamy white, with buff center, outer petals being a delightful shade of salmon-rose passing to a salmon-pink. The flowers are extremely large, full and perfect in form. The bush is a particularly strong grower, very hardy and always in bloom. Altogether this is one of the Roses you cannot well do without.

MME. RENE COLLETTE—Beautiful buds, long and pointed on long, upright stems. Buds rich pink, shaded salmon, opening light orange shaded pink.

FRAU GEHEIMART DR. STAUB—Deep brilliant red. Large and full. Strong grower, forming a compact bush, with broad, smooth foliage of a brilliant green. Buds long and pointed, on long stems. Opens slowly, but well. Color is glowing wine without a ring of shadow. An excellent keeper. A superb garden Rose, being in constant bloom.

OTTO VON BISMARCK—The foliage of this Rose is like Mad. Caroline Testout. The bloom is similar to the La France. A vigorous grower, of free branching habit, blooming freely and continuously throughout the season. An excellent bedding Rose.

CHATEAU DE CLOS VOUGET—A magnificent Hybrid Tea Rose of wondrous color—the “blackest” of all Roses, each petal appearing as if cut from deep crimson velvet. It is a strong, lusty grower, and one of the most beautiful of all dark-colored Roses.

MAD. JOSEPH COMBET—Cream white with rich rose shading. Strong, upright grower. Thornless. Opens well. Resembles Souv. de la Malmaison. Has a little of the climbing tendency.

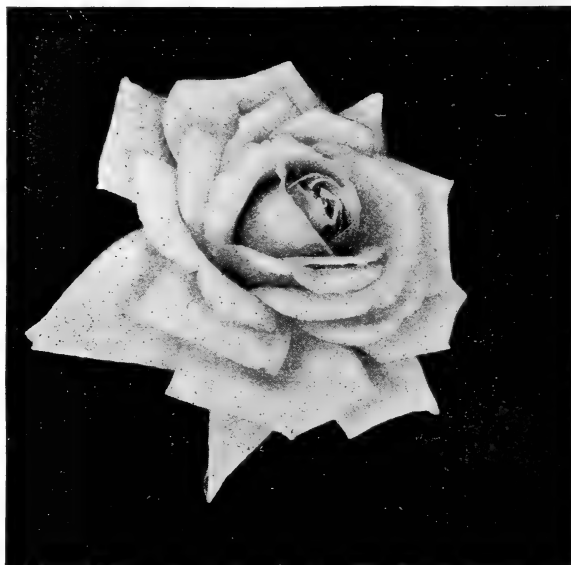

Gentlemen:—I am in receipt of the Roses and shrubs. Chattanooga, Tennessee, May 7, 1915. They were in as fine condition as when they were shipped, although the weather was very dry. Such handsome stock and packing I have never handled, and have been at it forty-two years. Accept my sincere thanks for same and extras. J. J. LAWSON.

Bessie Brown

This magnificent Rose, introduced here from Europe, has unsurpassed beauty of a totally distinct character, bearing large, full, deep and double flowers, on strong, erect stems. The plants are hardy and vigorous, producing flowers profusely in the open ground all through the summer. The color is almost pure white, though sometimes flushed with pink; petals large and of fine form. 20c each, 3 for 50c; larger size, 25c each, postpaid; two-year-old plants, 45c each.

FRAU OBERHOFGARTNER SINGER—This is a foreign Rose, being a cross between Mad. Jules Margottin and Mad. Eugene Boule. A strong, upright grower. Blooms borne on long, stiff stems; buds very long and pointed; beautifully formed. Silvery white around outer edge shaded to a soft blush rose. Buds open freely, full and double. Free blooming, mostly single, sometimes two and three on a stem. An excellent variety for cut flowers.

Price—All Roses on this page, except where noted, first size plants, 25c each; \$2.50 per dozen; larger size, 35c each; \$3.50 per dozen, postpaid; two-year-old plants, 50 cents each, by express.

Bessie Brown.

Etoile de France

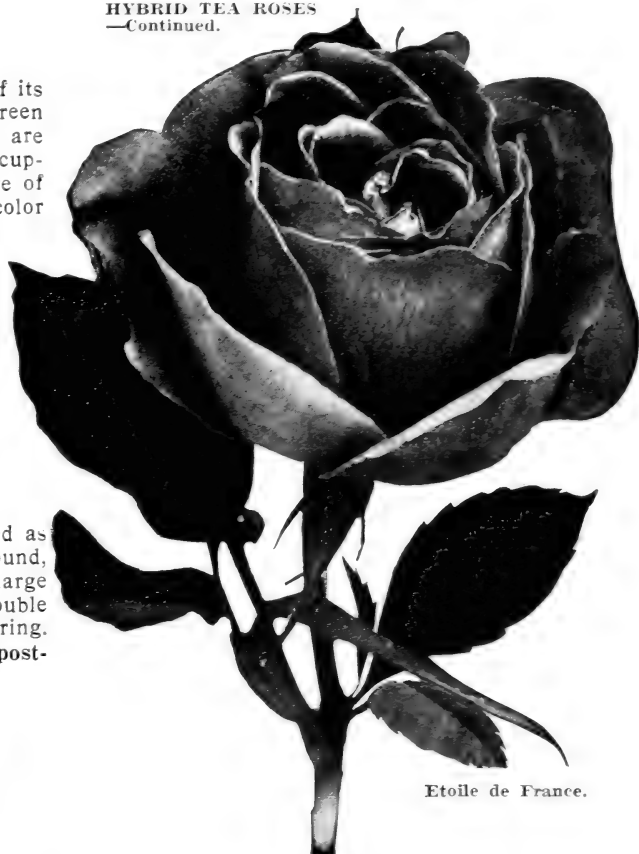

One of the best and sweetest hardy Hybrid Tea Roses of its color. The strong, upright bushes have beautiful bronze green foliage which is not subject to insect attacks. The bushes are blooming constantly, producing large, massive, deep, full cup-formed flowers on magnificent, long, stiff stems. They are of truly glorious form and delightful fragrance, while the color is exquisite—a clear red or velvety crimson. Strong, one-year-old plants, 20c each, 3 for 50c; larger size, 25c each, 5 for \$1.00, postpaid. Extra large, two-year-old plants, on own roots, 45c each.

FRAU PETER LAMBERT—Dark rose, shaded with salmon; very handsome, and in every way desirable. 25c each; two-year-old plants, 50c each.

ENCHANTER—The flowers are of remarkable size and beauty. The color is a bright pink which never fades. One of the most freely flowering kinds in cultivation. 20c each, 3 for 50c; two-year-old plants, 40c each.

CARDINAL—A new red Rose, which can be recommended as better for forcing than Liberty, and, in the open ground, equal to Meteor. It is a strong, robust grower, with large and massive flowers, deliciously fragrant, full and double to the center. Of easy culture and extremely free flowering. 20c each, 3 for 50c; larger size, 25c each, 5 for \$1.00, postpaid; two-year-old plants, 45c each.

HYBRID TEA ROSES
—Continued.

Etoile de France.

Countess of Gossford

Beautiful, clear salmon pink shaded with saffron. The flowers are of handsome shape and fine substance. In every way it is a remarkably fine, hardy bush Rose which will grow to perfection in any garden. 25c each; larger size, 40c each; two-year-old plants, 50c each.

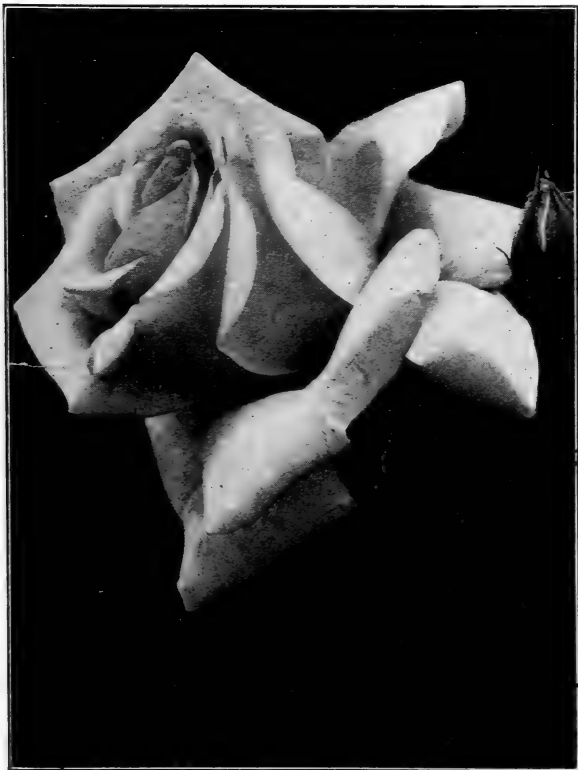

CHARLES J. GRAHAME—Dazzling orange crimson, with unique shades; vigorous in growth. 25c each, \$1.00 for 5; two-year-old plants, 50c each.

CHERRY RIPE—Flowers of medium size, light rosy crimson, well formed, globular, of branching habit, vigorous and hardy, and as free as Tea Rose. 35c each, \$1.00 for 5; two-year-old plants, 60c each.

CLARA WATSON—Rich salmon-pink, with very graceful flowers, resembling Bridesmaid in form and produced in remarkable profusion. The buds, which are supported on long stems are very beautiful. 25c each; two-year-old plants, 50c each.

CRIMSON CROWN—Glowing dark crimson, with zones of lemon white at base of each petal; free-blooming, each shoot terminating into clusters of from six to nine blooms. 25c each, \$1.00 for 5, postpaid; two-year-old plants, 50c each.

COMTESSE DE SAZE—A beautiful new garden Rose that will do well in all sections. The flowers are large, finely formed and full, deep and double, with beautiful buds; the color is porcelain white, with shell shadings of delicate pink. 20c each; larger size, 25c each; two-year-old plants, 45c each.

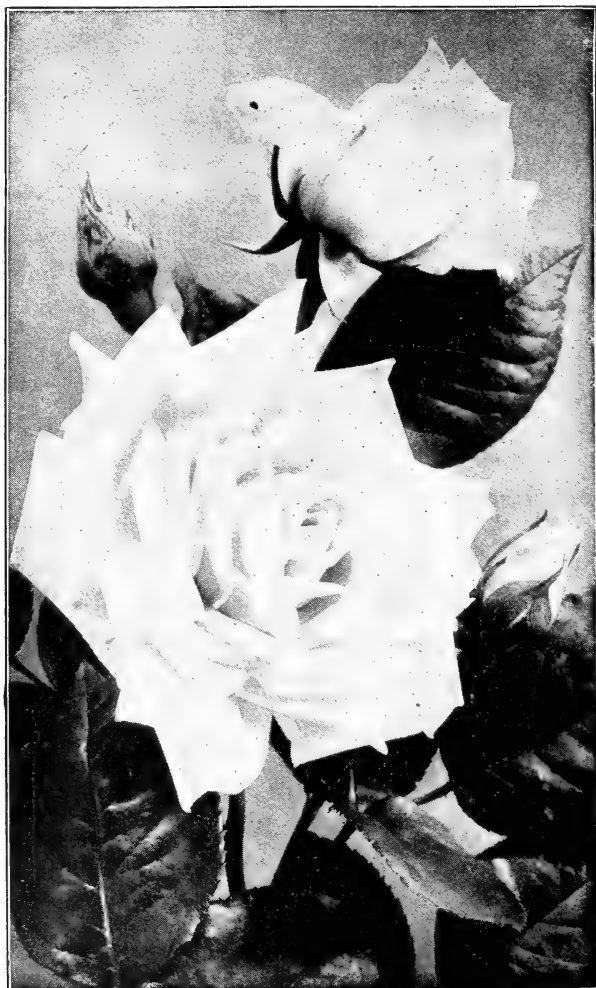

Countess of Gosford.

HYBRID TEA ROSES—Continued.

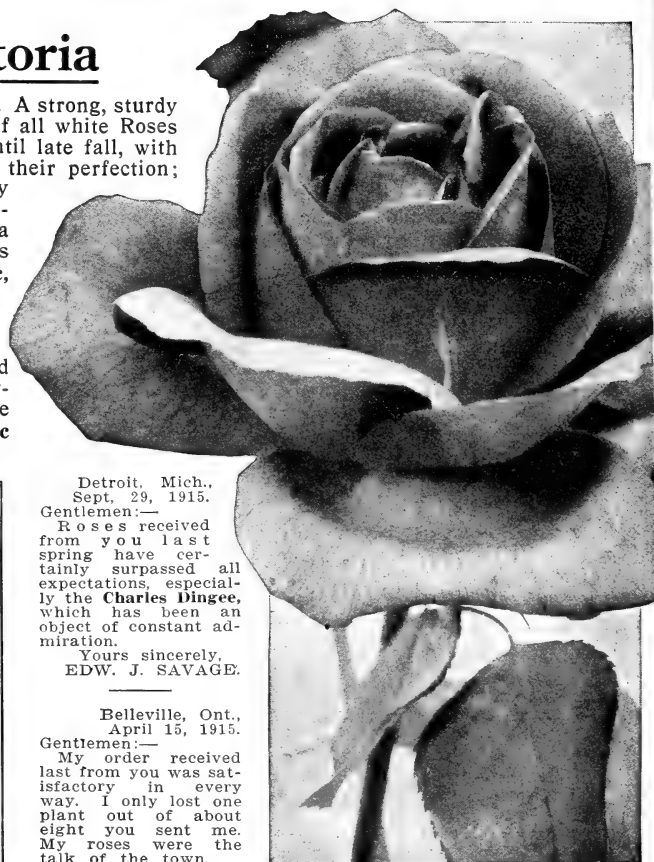

Kaiserin Augusta Victoria

The greatest hardy, white Hybrid Tea Rose in existence. A strong, sturdy grower; free-flowering; it has become the most popular of all white Roses for general planting. Continuously from early spring until late fall, with pointed buds, the large, double flowers are glorious in their perfection; borne on long, stiff stems; delicate pure white, deliciously fragrant. Unexcelled for cutting; absolutely hardy. Although grown extensively under glass, it is essentially a garden Rose. There is nothing finer than this glorious Rose. 15c each, 4 for 50c; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 45c.

IDEAL—A well-named Rose, as it is a free and continuous bloomer with fine buds. Flowers are similar to the Bridesmaid in color, but like La France in shape and form. A perfect ideal in every way, as it is a grand garden Rose. Blooms produced on long stems above the foliage. Hardy. 20c each, 3 for 50c; larger size, 25c each; two-year-old plants, 45c each

Kaiserin Augusta Victoria.

Rose, Laurent Carle.

Detroit, Mich.
Sept. 29, 1915.
Gentlemen:—
Roses received from you last spring have certainly surpassed all expectations, especially the Charles Dingee, which has been an object of constant admiration.

Yours sincerely,
EDW. J. SAVAGE.

Belleville, Ont.,
April 15, 1915.
Gentlemen:—
My order received last from you was satisfactory in every way. I only lost one plant out of about eight you sent me. My roses were the talk of the town.

Yours truly,
E. F. DICKENS.

Laurent Carle

A beautiful Rose, with extra large, handsomely formed, rich velvety carmine buds and flowers. It is a phenomenally strong and robust grower, hardy in every locality and continually in bloom. Every lover of Roses should have this variety. 25c each; larger size, 35c each; two-year-old plants, 60c each.

JOSEPH HILL—A fancy French Rose, with clean, leathery foliage, long, stiff stems, flowers of immense size, buds long and pointed, monster blooms of the most beautiful shape, in clear shades of pure salmon, bright pink and gold. A very strong-blooming variety. 25c each; larger size, 35c each, postpaid; two-year-old plants 50c each.

LA DETROIT—A most handsome and dainty Rose, with a fragrance like Bon Silene, and color of shell-pink, shading to a soft rose; outer petals of creamy color. Strong, hardy and everblooming. 15c each, 4 for 50c; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 45c each.

Waynesburg, Pa., March 4, 1915.
Gentlemen:—I have a beautiful Rose garden from a "Sixteen Collection" received from your firm several years ago.
Very truly,
MRS. MARY PARRY.

HYBRID TEA ROSES—Continued

Helena Cambier

Of unusual beauty, with large, double, beautifully formed flowers, the colors are varying, ranging from salmon-rose to coppery rose; very often a handsome saffron hue. As the flowers expand, the colors become lighter. A most remarkable sort in every respect and one to which we give our highest endorsement. Good everywhere, especially in the South. 20c each; 3 for 50c; larger size, 25c each, postpaid; two-year-old plants, 45c each.

FRANZ DEEGAN—A great hardy yellow Rose, with so many good sturdy qualities that it is in high favor wherever known. A strong grower, throwing up heavy canes, each one crowned by a splendid flower of large size, deep and double, with fine petals ranging in color from pronounced yellow to a delicate orange shade. 20c each; 3 for 50c; larger size, 25c each, postpaid; two-year-old plants, 45c.

HARRY KIRK—A beautiful new Rose of which the true stock is very scarce. In color it is deep sulphur-yellow, blending lighter at the edges of the petals. The flowers are large, full and perfectly formed and the buds are elegant in shape and color. 35c each; two-year-old plants, 75c each.

FLORENCE E. COULTHWAIT—The blooms are large, full and beautifully imbricated; petals are daintily ruffled; deep cream, stippled with bright rose on the inside of the petals; very free flowering. 30c each; larger size, 40c each; two-year-old plants, 50c each.

GENERAL McARTHUR—To those who prefer a Rose with full color, we can recommend none more highly than this gorgeous crimson-scarlet Hybrid Tea. It is hardy in practically all localities, and as an outdoor Rose it has no superior. Of strong, vigorous, healthy growth, branching freely, it produces its wonderful blooms profusely from May until October. Every shoot carries a large, double, well-formed flower of exquisite fragrance and splendid lasting quality. First size, 20c each; larger size, 30c each; two-year-old plants, 45c each.

Helena Cambier.

Dean Hole

One of the handsomest of the Hybrid Teas, growing into a stout, vigorous, hardy bush, bearing all summer great numbers of gorgeous, silvery carmine Roses with salmon shadings. The coloring is distinct and unique, and the Rose is a handsome tribute to him whose name it bears. 20c each; 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

FLORENCE PEMBERTON—Distinctive creamy white, shaded rose; petals bordered rosy salmon; flowers large, very full and beautifully formed. Soon produces large, magnificent bush constantly in bloom. Strong grower and one of the best distinctive Hybrid Teas. 20c each; larger plants, 25c each; \$1.00 for 5, postpaid; two-year-old plants, 45c each.

CAMEONS—A bright, handsome Rose of a dainty shade of China rose suffused with pale yellow. The bush is hardy, free flowering and vigorous. 20c each; 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

CANADIAN QUEEN—Flowers large, of splendid substance and of very beautiful light pink color, somewhat lighter than the Bridesmaid. 20c each; 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

COUNTESS OF DERBY—Salmon at center; outer petals rose, passing to flesh-veined peach as the flower expands; bloom very large, perfectly symmetrical. 20c each; 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

MELODY—A lovely shade of yellow, deepening to apricot in the center, perfect in form and very double. It is one of the handsomest yellow Roses we have ever seen and as a garden Rose cannot be surpassed. The bush is hardy, vigorous and constantly in bloom. First size, 25c each; larger size, 30c each; strong two-year-old plants, 50c each.

Rose Dean Hole.

Pink La France.

William H. Taft

This fine Hybrid Tea Bush originated in the vicinity of Cincinnati. Salmon-pink, with fine fragrance. Bush is strong and vigorous in growth and very profuse in bloom. Beautiful pointed buds opening round and full. A magnificent garden Rose which makes a fine display. First size plants, 20c each, 6 for \$1.00; larger size, 30c, postpaid; 2-year-old plants, 45c, \$4.50 per dozen, by express.

LADY URSULA—Hybrid Tea. Flesh-pink, strongly Tea-scented; a grand grower, producing large, full, rounded blooms in wonderful profusion. 30c each; two-year-old plants, 45c each.

LADY BATTERSEA (Red Niphetos)—A beautiful color of wine-red. We believe this to be one of the most praiseworthy of the newer Roses, and none of our customers have been disappointed in it. 25c each; two-year-old plants, 45c each.

LA TOSCA—A beautiful shade of light pink; in many cases having the appearance almost of a pure white Rose. 25c each; two-year-old plants, 45c.

LIBERTY—Magnificently formed flowers, full, deep and double, fragrant and pleasing. Deep crimson-scarlet. 25c each; 65c for 3; \$1.00 for 5; two-year-old plants, 50c each.

MA TULIPE—Long, tulip-like buds and semi-double flowers, borne with great freedom. Color a dark carmine-red. 25c each; two-year-old plants, 45c.

Price of all the La France Roses, 15c each, 4 for 50c; larger size, 20c each; 3 for 50c; extra large two-year-old plants, 40c each.

HYBRID TEA ROSES—Continued.

Beautiful La France Roses

Of all the Hybrid Teas there are none which excel the La France Roses in all the good points necessary to a good Rose. Practically hardy everywhere, they are splendidly adapted for general planting and each of them deserves a place in every flower garden of America.

PINK LA FRANCE—Exceedingly sweet and handsome; flowers and buds large size, color lovely shade of silvery pink, tinged with crimson; fragrance delicious; flowers very full and beautiful. It commences to bloom soon after planting and continues until stopped by frost; hardy with protection.

WHITE LA FRANCE (Augustine Guinoisseau)—A pure white member of the La France family, having just a tinge of rose-blush tint, which grows stronger in the depths of the petals.

RED LA FRANCE (Duchess of Albany)—A superb rose; resembles the Pink La France, but is much deeper in color.

YELLOW LA FRANCE (Mad. Pernet Ducher)—One of the best of the newer French Roses of its color; very pretty flower, semi-double. Bright canary-yellow.

STRIPED LA FRANCE—This Rose is almost exactly the same as Pink La France, except in color, which is bright satiny pink distinctly striped with bright rose.

Special Offer We will send one each of the Pink, White, Striped, Red and Yellow La France Roses for 60c, postpaid; larger size, one plant each, for 80c, postpaid; two-year-old plants, 5 in all, by express, for \$1.75.

Rose, Wm. H. Taft.

HYBRID TEA ROSES—Continued.

Pius X

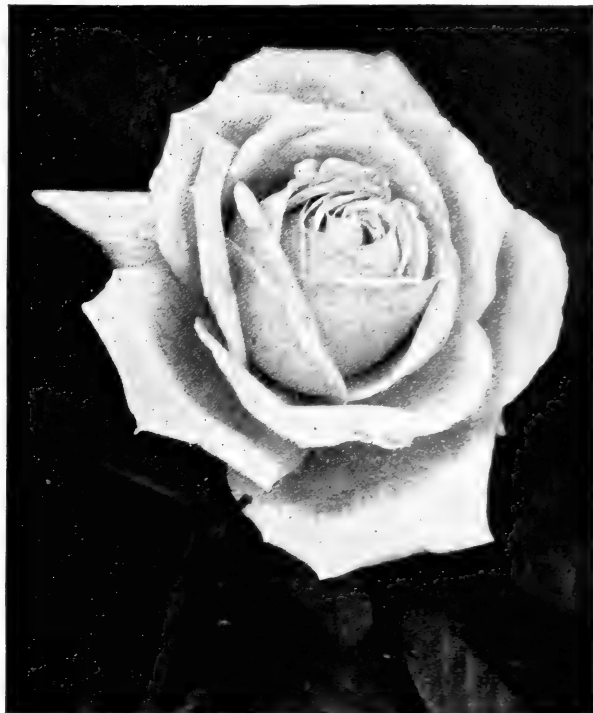

Glorious Pink Rose. A delicious creamy white Hybrid Tea, passing to tender rose, which deepens to a warm, fresh pink on the center petals. The flowers are of handsome cup-shape and borne on long stems. The bush is a strong, thrifty grower and in every respect it is an ideal garden Rose—one which is bound to become popular. First size, 25c each, 5 for \$1.00, postpaid; two-year-old plants, 50c each, by express.

LENA—The flowers are frequently produced in sprays of from seven to nine large, perfect blooms of semi-double form, of glowing apricot color, the petals assuming a primrose-yellow as the flower gets older; the bud is long and perfectly formed. The bush is strong and lusty in growth and bears its handsome flowers in great profusion. First size, 20c each, 5 for \$1.00; larger size, 30c each; two-year-old plants, 45c each.

Washington, D. C., October 3, 1914.

Gentlemen:—I wish to express my appreciation of the excellence of all the Rose bushes you sent me in the spring. The **Pius X** especially has been such a pleasure that I wonder you do not advertise its good qualities more extensively. The vigorous bush of handsome foliage has borne so freely all summer that I am seldom without a vase of them. One perfect bloom, of exquisite coloring, was 5½ inches in diameter, and many of the blooms have been almost as large. While the **Jonkheer J. L. Mock** from your house won me the first prize at the Brookland Fruit and Flower Exhibition in Washington recently, I must say that if I could have but one of your lovely Roses it would be the **Pius X**.

MARY M. KERNAN.

Pius X.

Senateur Mascurand

An amber yellow Hybrid Tea Rose, the center of the bloom resembling the color of the yolk of an egg, toning to high sulphur yellow. Large, full, globular blooms. A strong, healthy grower and very free bloomer. Blooms of large, perfect shape. Perfectly hardy. A Rose soon to become one of the most popular yellow Roses grown. Strong young plants, on own roots, 25c each; two-year-old plants, 60c each.

PRIMA DONNA—A Hybrid Tea. Claimed to be one of the strongest growing Hybrid Tea Roses in cultivation, and as free a bloomer as Killarney. Color a deep rose-pink, petals waved or undulated on the edges, giving it an elegance of form seen in no other Rose. Good for forcing or outdoor growing. Strong first size plants, 30c each; two-year-old plants, 60c each, by express. All on their own roots.

MRS. JOSEPH H. WELCH—Hybrid Tea. Rich, brilliant rose-pink, a color more distinctive and rich than has been attained in any Rose. The blooms are larger than any Rose in cultivation, of the most perfect type. Free blooming and delicately sweet scented. Hardy wherever grown. Strong one-year-old plants, on their own roots, 25c each; two-year-old plant, 50c each.

LADY JOY—A glorious, crimson Rose, as large as American Beauty, very double and deliciously fragrant. The bush is strong, sturdy and everblooming, with extra large, handsome foliage. 15c each, 4 for 50c; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 45c each.

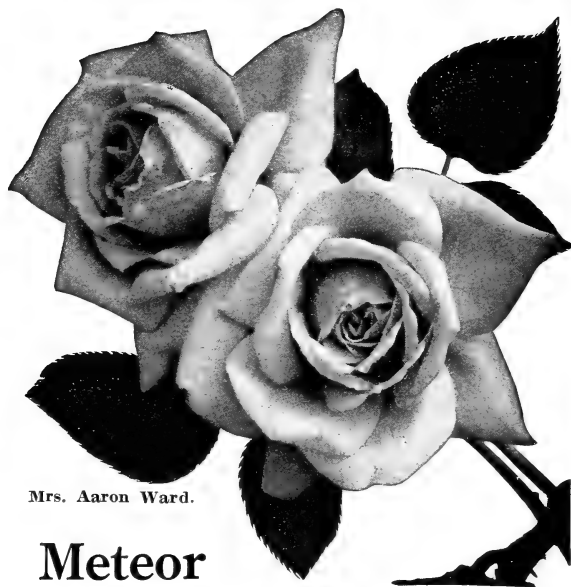

Senateur Mascurand.

HYBRID TEA ROSES—Continued.

Meteor
Roses.

Mrs. Aaron Ward.

Meteor

Very few dark Roses compare with this in richness and depth of color, which is a rich, velvety crimson, shading very dark in the depths of the petals. The buds and flowers are remarkably large and of elegant form, full and double. As a garden Rose it has few equals, being particularly valuable for bedding on account of its sturdy growth and handsome foliage. It is also valuable for growing indoors in pots or in the conservatory, and is constantly in bloom.

MRS. HARVEY THOMAS—Brilliant carmine shaded with coppery red. Forms a stout, erect bush, constantly in bloom.

MRS. JOHN BATEMAN—Deep China rose color, yellow at the base of petals.

Sunburst

A magnificent giant yellow forcing Rose, also well adapted for outdoor growing, being a vigorous and healthy Rose. Buds long and pointed, borne singly on long, stout stems, opening full and double. An excellent cut flower variety, having excellent keeping qualities. A very vigorous grower, reddish bronze foliage. The color is superb orange copper or golden orange, with a deep orange center. This Rose creates a sensation wherever grown. Strong, vigorous pot-plants on their own roots, 25c each; two-year-old plants, 50c each.

Mrs. Aaron Ward

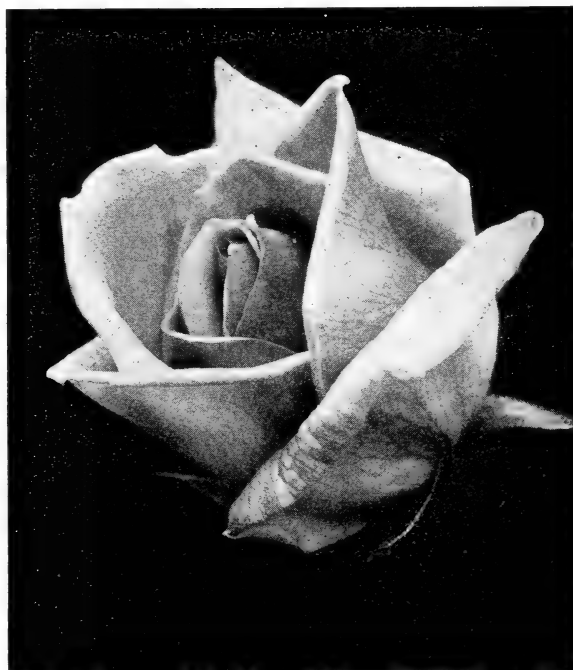

One of the newest of all Yellow Hybrid Tea Roses, and distinctly beautiful in form and color. The color ranges from coppery orange in the opening bud, changing to golden orange, and when the flower is fully open it is a lovely shade of pinkish fawn. Most vigorous in growth, every shoot producing a flower and clothed with dark, glossy green foliage, maroon on under side. It is one of the best of the new yellow Roses, and bound to become very popular. First size, 25c each, 5 for \$1.00; larger size, 35c each; strong two-year-old plants, 50c each.

MME. LEON PAIN—Silvery salmon, with orange-yellow center.

MAD. GEORGES BENARD—Double flowers, with finely formed buds. Color is of a very light rose, with silvery reflection on yellow ground.

MRS. OLIVER AMES—Creamy white, suffused and shaded with pink; splendid foliage. Strong grower and free bloomer.

Prices of all Roses on this page, except where noted, one-year-old plants, 20c each; larger size, 25c each; two-year-old plants, 40c, by express.

Rose, Sunburst.

HYBRID TEA ROSES—Continued.

Mad. Jules Grolez

Red Kaiserin Augusta Victoria

This Rose has been thoroughly tested by us and we have formed such a high opinion of it that we have grown an unusually large stock in order to meet the great demand there will be for it. This magnificent Rose is exceedingly free blooming, with very large, finely formed flowers. The color is a distinct and charming shade of cherry-red. The fine form and attractive shape of the flowers makes them excellent for cutting. It is a remarkably strong-growing variety, as hardy as the Hybrid Perpetuals, free blooming and in every way a splendid garden Rose.

MADAM BERTHE FONTAINE—Bright rose, large, half-filled and fragrant flowers.

MAD. CAROLINE TESTOUT—This is the Rose which grows so luxuriantly in the far West that it has been adopted by the State of Oregon as its State flower. The gardens of the cities along the Pacific Coast are the wonder of the world by the profusion of the bloom of this remarkable Rose. In color, it is of a satiny rose, deepening to clear red in the center. Thoroughly hardy in every respect, it is one of the very best Roses for outdoor culture.

MRS. CONWAY JONES—A delightful creamy white, large Hybrid Tea Rose, with a flush of salmon-pink.

Over 50 years we have been sending plants by mail to every State in the Union and every country on the globe.

Mad. Jules Grolez.

Mad. Abel Chatenay.

Mad. Abel Chatenay

Grand New Perpetual-Blooming Rose.

This splendid Rose is one of the very best of its color—rosy-carmine, with darker shade. It does remarkably well in the open ground, has wonderfully beautiful flowers, which are full, deep and double. A very hardy Rose, Chatenay is a strong grower and free bloomer and has won friends wherever it has been planted. We have a large stock of superior quality, and urgently recommend all our customers to include Mad. Abel Chatenay in their Rose orders for this spring.

MILDRED GRANT—A white Rose, delicately tinted with light pink; flowers of the largest size; has so many good qualities that it may be planted with confidence.

MLLE. GERMAINE TROCHON—Orange-yellow, with shades of buff, fawn and light yellow; combining to form practically a new color. This Rose is hardy, free in bloom, and will give splendid satisfaction. A Rose of gorgeous beauty.

MRS. G. W. KERSHAW—Hybrid Tea. Brilliant, intense pink. Free blooming; splendidly formed buds and flowers.

MRS. DAVID McKEE—Flowers of large size, great substance and splendid form; color creamy-yellow. Splendid for open ground or pot culture.

MEVROUW DORA VAN TETS—Hybrid Tea. A new Rose of great merit. Color deep glowing crimson, with velvety shading. A vigorous grower and bloomer. Awarded a gold medal by the Holland Rose Society. Price, one year-old plants, 30c each; larger size, 40c each; two-year-old plants, 60c.

Price of all Roses on this page, except where noted, one-year-old plants, 20c each; larger size, 25c each; two-year-old plants, 40c, by express.

HYBRID TEA ROSES—Continued.

Rhea Reid.

My Maryland

Handsome in bud and flower. A rare combination of a poetic name and exquisite beauty has made this Hybrid Tea Rose a dangerous rival of Killarney. Its brilliant, lively shade of pink and beauty of form is without a superior, and all summer through large, perfectly double, magnificent flowers, rich in fragrance, are borne on long, stiff stems, growing from a sturdy, fine shaped bush, which in itself, is a distinct ornament to the garden. A great outdoor Rose. Extremely hardy.

HELEN MILLS—It blooms as freely as any Tea Rose. The flowers are glorious in form, perfectly molded, with large, heavy petals of splendid substance, forming a long, pointed bud, while the open flower is large, full, deep and well filled. The fragrance is delicious beyond description, while the color is an exquisite shade of pink, daintily and peculiarly clouded with lighter shades.

BEAUTY OF STAPLEFORD—A handsome, bright pink Rose of large size and perfect form. Noted particularly for its free and constant blooming quality. Grows a strong, hardy bush. 20c each, 3 for 50c; larger size, 25c each; two-year plants, 45c each.

BELLE SIEBRECHT—(True stock.) Brilliant, rich, deep pink; flowers extra large, very graceful, full and double; bud charmingly long and pointed. 15c each, 4 for 50c; larger size, 20c each, 3 for 50c; two-year-old plants, 40c each.

BONA WELLSHOTT—Color, rosy vermillion, center orange-red; very sweet. Flowers large and double. 20c each, 3 for 50c; larger size, 30c each; two-year-old plants, 45c each.

Prices: All Roses on this page, except where noted, 20c each, \$2.00 per dozen; larger size, 25c each, \$2.50 per dozen; two-year-old plants, 45c each, \$4.50 per dozen, by express.

Rhea Reid

A Magnificent New Crimson Garden Rose.

"As large as American Beauty, as double as La France and as red as Richmond," is the enthusiastic way the originator describes this beautiful new Hybrid Tea Bush Rose. The color is vivid scarlet-crimson, and the flowers are marvels of beauty, large, bold and of splendid substance. It has a strong, disease-resisting constitution, makes a rapid growth and throws up a profusion of canes from the roots and is always blooming. As an all-around garden bush Rose it has no superior.

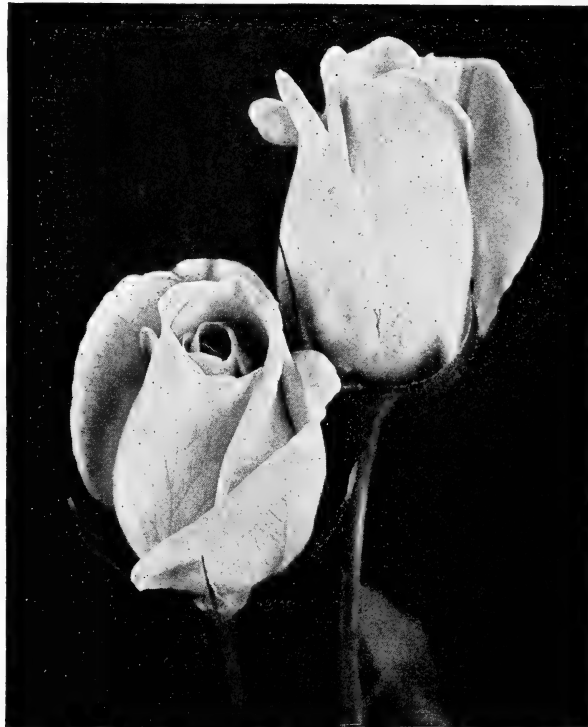

RENA ROBBINS—This remarkable new Hybrid Tea Rose is one that will create a sensation wherever grown. The flowers are simply immense in size, a beautiful, clear white or tinted lemon, with the color running to a beautiful shade of orange in the center. First size, 25c each, postpaid; strong two-year-old plants, 50c each.

MME. LAURE DUPONT—A charming, bright carmine-red Rose with shadings of rose, white and carmine in its petals. The flowers are full, double and particularly handsome when fully open.

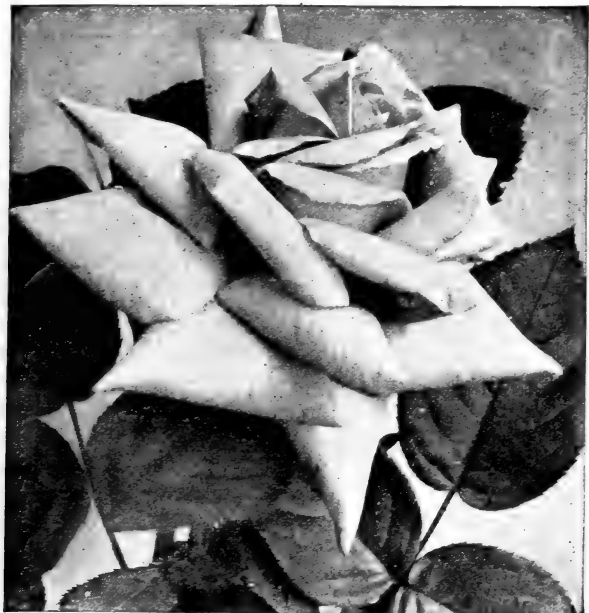

MRS. THEODORE ROOSEVELT—A charming seedling of La France, bearing all the good points of its parent. In color, it is an exquisite creamy white with dainty pink shadings. Buds are particularly handsome, hardy. The stout, vigorous bush is constantly in bloom.

MME. PHILIPPE RIVOIRE—One of the handsomest of the yellow Roses, its color ranging from bright apricot-yellow to shades of pale carmine. The bush is a stout, vigorous grower and is constantly in bloom with a profusion of well-formed, large, double flowers.

COUNTESS OF ANNESLEY—Hybrid Tea. Rosy salmon, suffused with old gold; finely formed. 25c each; two-year-old plants, 60c each.

The Lovely Buds of My Maryland.

Rose, Mme. Melanie Soupert.

Magnafrano

One of the grandest Roses in cultivation. The flowers are very large, full, deep and double, and of delightful fragrance. The color of this magnificent Rose is bright, shining rose, with rich shadings of deeper tones. It forms a strong, sturdy, upright bush, bearing its gorgeous flowers on long, stiff stems, making it especially valuable for cutting.

MRS. DUDLEY CROSS—In color, a pale chamois, or light yellow faintly flushed with rose; in strength, hardiness and vigor of growth not surpassed by any known Rose, and growing to perfection in the garden. The flowers are beautifully formed, large, full and double, and are of splendid substance, borne continuously on long stiff stems, and for cutting it is most valuable. Bears its handsome flowers in great profusion all summer through.

MAD. SCHWALLER—A beautiful combination of salmon-rose with edges of the petals touched with violet-carmine. One of the most fragrant of all Roses. Strong grower, forming a handsome bush, and constantly in bloom.

LADY WENLOCK—Hybrid Tea. Color coppery apricot in center, shading to pale yellow.

MRS. DAVID JARDINE—An exquisite new Hybrid Tea of a shade of brilliant pink not equaled by any other Rose. The color varies from a deep shade in the center to an exquisite salmon tint on the outer petals, with a peculiar soft, pastel effect. Its petals exhale a fragrance only to be compared to the famous Attar of Roses. The lasting quality of the flowers when cut is marvelous. They have been known to keep in perfect condition more than a week in water. A wonderfully vigorous grower, absolutely hardy everywhere, bearing its flowers in great profusion all summer.

Price: All Roses on this page, 20c each; 5 for \$1.00; larger size, 35c each; 4 for \$1.00; two-year-old plants, 45c each, by express.

Mme. Melanie Soupert

The flowers are bright golden-yellow suffused with faint tinges of pink, with a handsome and distinct form, making a Rose of great beauty. It is a strong, vigorous grower, very hardy, and forms a handsome bush in the garden.

MRS. CHARLES DINGEE—The color is pure golden yellow, and the form of the flower is magnificent. This is a Rose among Roses, and its introduction marks an important epoch in the Rose world.

MRS. A. R. WADDELL—This is one of the most beautiful Hybrid Tea Roses in bud and flower of any grown. The flowers are of the largest size, of perfect form, and possess wonderful keeping qualities. The coloring is most brilliant in effect, being a rosy-scarlet, opening rosy-salmon, with reverse of petals rosy-scarlet. The bush is a sturdy, erect and vigorous grower, requiring but little care.

NITA WILDON—Ivory-white, tinted on the edge with the faintest tinge of blush-pink. The bush is of fine shape, covered with large, bright green foliage and the flowers are held up well on long, stiff stems, making a highly desirable Rose for the corsage or home decoration.

LADY FAIRE—Light carmine-rose shaded salmon. Blooms large, full and double, perfect shape. Free bloomer.

LA GALISSIERE—This new Hybrid Tea Bush Rose is similar to, but better than Mad. Caroline Testout. The flowers are large, very full and double, and of exquisite form, bright deep shining pink color; the buds are large, long and full. Blooms continuously.

Rose, Magnafrano,

HYBRID TEA ROSES—Continued

Lady Ashtown

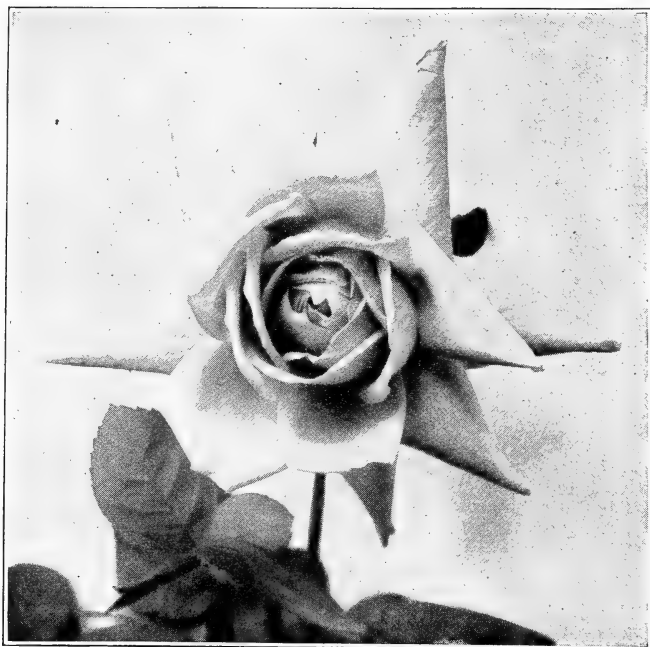

Similar to Mad. Caroline Testout, but superior in growth, freedom of bloom and color. Splendid grower, soon producing a large, strong bush continually loaded with blooms of exquisite color and shape. Buds long and pointed, borne singly on long, stiff stems. The illustration was made from photograph of the Rose as grown here by us, and shows the true formation of bloom. Color is a soft, solid carmine-pink of a most pleasing shade. A good Rose for any purpose. Price, strong, first size or one-year-old plants, 25c each; 5 for \$1.00; larger size, 35c each; 3 for \$1.00, postpaid; two-year-old plants, 50c each, by express; \$5.00 per dozen.

NORMA—Almost like Mad. Caroline Testout in form and sturdiness of growth; of splendid fragrance, and the color is a magnificent shade of pink.

PRECIOSA—Bud shiny crimson, with double flowers of fine substance; splendid grower and free bloomer; long, stiff stems; excellent in every way.

MAX HESDORFFER—A New Rosy Pink Hybrid Tea. The brilliancy of color in the delightfully fresh, rosy pink of this excellent new Rose is only equaled by the delicious fragrance exhaled by its petals. In every respect it is a Rose of which we are proud, and everywhere it has been grown it has given unbounded satisfaction. As a garden Rose it has few equals, forms a strong, stout bush and is always in bloom.

For over fifty years we have made a specialty of sending Roses and other plants by mail.

Lady Ashtown.

Perle Von Godesberg

This magnificent Rose was originally sent out from Germany as a Yellow Kaiserin Augusta Victoria, it having all the beauty of form and substance of that great garden Rose. The color is a rich canary-yellow with shadings of saffron. The flowers are massive in size, full and double, with the petals elegantly recurved. It is one of the finest garden Roses, being perfectly hardy.

MRS. ROBERT GARRETT—Bright clear pink; free bloomer and strong grower, almost as large as those of American Beauty.

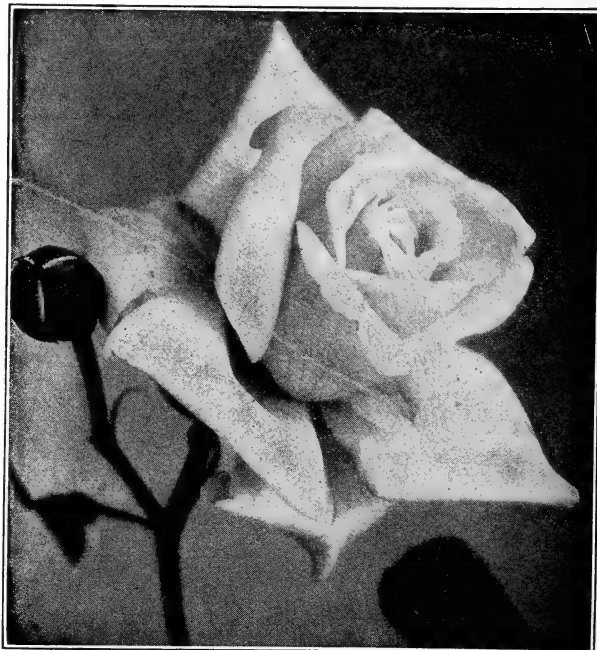

MRS. POTTER PALMER—Clear, shining pink; much like La France. The flowers are large, full and double.

MISS KATE MOULTON—Light pink, very beautiful; habit robust, with heavy foliage, making it a grand Rose for outdoor culture.

PEGGY—Semi-double, claret-smeared, saffron-yellow, shading to a pale crimson as it expands. Blooms are produced in remarkable profusion.

OLIVIA—A most gorgeous, distinct, extra-hardy Rose of deep, brilliant rose-pink. The flowers are of splendid substance, deep and full double, the buds being particularly handsome in form. For bedding and cutting purposes it has no superior. The bush is a strong, vigorous grower and constantly in bloom.

Price—All Roses on this page, except where noted, 20c each; 5 for \$1.00; larger size, 35c each; 4 for \$1.00; two-year-old plants, 45c each, by express.

Perle Von Godesberg.

HYBRID TEA ROSES—Continued.

Prince of Bulgaria

This magnificent Rose has been well recommended by hundreds of our customers, and we have grown an extra-large stock in order that we might give it the wider distribution which its merits cause it to deserve. Not the least of its charms is the large, bright green foliage, and the buds are simply grand. The flowers are large and quite full; outer petals superb rosy flesh with the index petals of a slightly lighter tint. This wonderful Rose, of great beauty and fragrance, will be enjoyed by the owners of Dingee Rose gardens throughout the United States.

PRINCESS OF NAPLES—A most glorious satiny pink Rose, with shadings of silvery rose. The flowers are large, full double and deep cup-shaped, the petals overlapping each other, forming a heavy, solid flower of great beauty. Of exquisite fragrance and absolutely hardy. 25c each; two-year-old plants, 60c each.

PRESIDENT ROOSEVELT—Blossoms are finely formed, with petals of wonderful substance; color, bright, lively pink, which remains true to the last. The bloom of this Rose is similar to a cherry blossom, and it excels most of the pink kinds in its freedom of blooming when planted in the open ground.

REINE MARGARET D'ITALIE—Glossy carmine-scarlet, lightened with vermillion; extremely free in bloom.

ROSEMARY—Color the most delightful shade of silvery pink imaginable, and the flowers are absolutely double, the petals being thick and heavy, giving it somewhat the appearance of a camellia and entirely distinct from any other variety. Sturdy in growth, and is unsurpassed for outdoor cultivation.

Prince of Bulgaria.

Mary Countess of Ilchester

A strong, vigorous Hybrid Tea. Color warm crimson-carmine, a color almost indescribable. Flowers produced on long, upright stems, of immense size, with large, smooth, circular petals. The foliage is attractive and handsome, a deep green. Very highly scented.

NATALIA BOTTNER—New yellow Hybrid Tea. Blossoms of bright lemon yellow, borne on long, stiff stems, very vigorous and free blooming. Blossoms resemble the famous Kaiserin Augusta Victoria, and if you will imagine a bloom of this size, only being lemon-yellow, it is bound to become one of the most popular yellow Hybrid Tea Roses in existence. Perfectly hardy. Strong young pot-plants, on their own roots, 35c each; two-year-old plants, 75c each.

ALICE LEMON—A glorious new Hybrid Tea Rose of extra large size, very double, with large, shell-shaped petals of a bluish white, shading to salmon-pink in the center. The bush is extra strong in growth, with heavy foliage, immune from disease of all kinds. One of the most valuable bedding Roses ever introduced.

NEW DOUBLE KILLARNEY—Double number of petals carried by Killarney makes this new member of the family one of the most magnificent Roses ever grown. First size, 25c each, 3 for \$1.00; larger size, 40c each; strong two-year-old plants, 60c each.

JEAN NOTE—The flowers are large, full and double, chrome-yellow in the center, deepening as they expand to reddish-orange; the edges of the petals are creamy yellow. A strong grower; valuable bush Rose for planting outdoors. 25c each; larger size, 45c each; two-year-old plants, 55c.

Prices: All Roses on this page, except where noted, 20c each, 5 for \$1.00; larger size, 35c each, 4 for \$1.00; two-year-old plants, 45c each, by express.

Mary Countess of Ilchester.

HYBRID TEA ROSES—Continued.

Jonkheer J. L. Mock

Jonkheer J. L. Mock.

AVOCA—Crimson-scarlet of striking effect. Buds long and pointed and highly scented. Flowers full and double. Strong grower. Hardy and free bloomer.

VISCOUNTESS FOLKESTONE—Double; pale tender flesh; satiny luster, resembling glossy silk; flowers very large and highly double; so beautiful that everyone who grows it is charmed. This Rose is highly recommended by those who have grown them.

Radiance

A glorious new extra hardy Hybrid Tea Rose which originated within a few miles of West Grove. Awarded Silver Medal by the American Rose Society as the best bedding Rose at the Hartford, Conn., gardens this past season. The flowers are a beautiful blending of shades of carmine-rose, with opal and coppery reflections. It is of splendid, sturdy growth, constantly in bloom, and is bound to become one of the leading garden Roses. We cannot say too much in its praise.

EDWARD MAWLEY—A Hybrid Tea Rose named in honor of Edward Mawley, one of the best known of British Rosarians. The introducer describes it as having the most marvelous outstanding qualities and the most wonderful Rose yet introduced. They do not hesitate in stating that it is the finest dark crimson Hybrid Tea Rose. It is an enormous big-petaled Rose, much larger than the *Melaine Soupert*, a Rose which it resembles in form, and the beautiful rich color of *Louis Van Houtte*, only with a more velvety shading upon the inside of the petals. This Rose has been awarded the gold medal of the National Rose Society. Very free blooming, with a perfect habit of growth, suitable for garden, exhibition or forcing purposes. Hardy in all localities.

Price, 20c each for all Roses on this page, except where noted; 50c for any 3; larger size, 25c each, postpaid; two-year-old plants, 45c each, by express.

A Hybrid Tea called the Giant Pink from Holland. Of distinctive merit, being an extremely strong grower, one of the strongest of the Hybrid Tea class, blooming as it does with the greatest freedom, the buds carried on long, stiff, erect stems, of the very largest size imaginable to obtain in a Rose bloom and still retain its perfect formation. Very fragrant. Color, clear imperial pink on the order of the *La France*. This Rose has produced a sensation wherever grown. We offer strong plants, on their own roots.

SOUV. DE PRESIDENT CARNOT—A wonderfully handsome Rose, large, full, double, well shaped, with heavy, thick, shell-like petals; buds very long and pointed—perfection in every line. The delicate rosy blush color, shaded a trifle deeper at the center of the flower, has not been approached by any later introduction. Fragrant, strong grower and free bloomer; a splendid outdoor Rose.

QUEEN OF SPAIN—Pale flesh, with darker tints in center. Has many points of merit. 50c each; two-year-old plants, \$1.00 each.

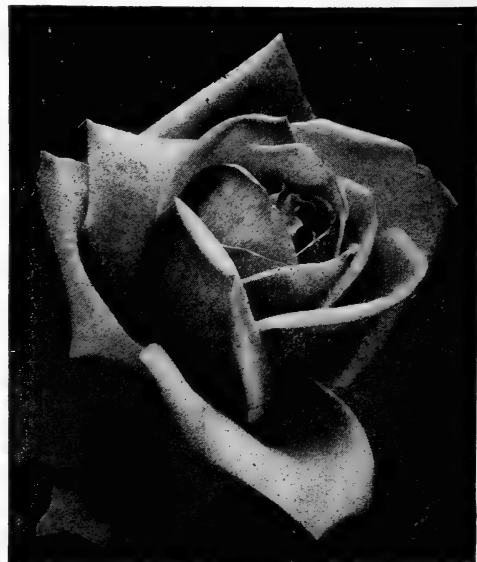

RED CHATENAY—One of the most popular Roses in cultivation, differing in color from the parent, *Mad. Abel Chatenay*.

ROSALIND ORR ENGLISH—Hybrid Tea. Beautiful and brilliant cerise-pink, resembling the famous *Lawson carnation*. A strong grower, throwing up splendid canes, and a prolific bloomer, with long, pointed, very full buds of splendid size.

PIERRE GUILLOT—An old standard Hybrid Tea of a rich, glowing carmine and most exquisitely fragrant. In bloom all summer.

DOROTHY PAGE ROBERTS—Hybrid Tea. Semi-double, on the style of "*Betty*," with each petal handsomely formed and folded. In color it is a handsome shade of coppery pink.

SOUVENIR DE WOOTTON—An old-time Rose, which is so good that it has retained all of its popularity. A strong, sturdy grower, with enough vigor to sustain the immense number of flowers it produces. Blooms large, full and regular, with leathery petals and exquisite fragrance. Bright magenta-red, passing at the base to violet-crimson richly shaded.

Radiance,

HYBRID TEA ROSES—Continued.

Virginia R. Coxe

or Grus an Teplitz.

First introduced in America by The Dingee & Conard Company, and one of the most popular of the famous Dingee Roses.

For intense and dazzling color there is no other Rose to compare with this splendid kind. The flowers are large and handsome, moderately double, of splendid substance, and are produced in amazing profusion during the whole of the growing season; in fact, it is always in bloom. The color is fiery crimson, shaded with a dark velvety sheen, a combination found in no other Rose.

The fragrance of Virginia R. Coxe Rose is unexcelled by that of any other variety under cultivation. It is a strong and sturdy grower, often attaining a height of four or five feet, is perfectly hardy in all sections and is one of the finest of many splendid Roses that have come to us from Europe.

TRIUMPH DE PERNET PERE—A French Rose, originated by Jean Pernet, of France. Flowers large, with broad, thick petals, and long pointed buds. Delicious Tea fragrance. Clear magenta-red, passing to bright crimson.

COL. R. S. WILLIAMSON—Large, fragrant flowers of an exquisite shade of soft, rich carmine; blooms large and well formed, with high pointed center on long stiff stems. Petals crinkled, on the order of a Zinnia. Tall grower. Hardy in all localities, and strong robust grower, soon producing a handsome bush. Blooms all summer.

Virginia R. Coxe.

Wellesley

A most magnificent garden Rose of a beautiful shade of pink, vigorous, healthy grower; remarkably free-flowering, with fine keeping qualities; most valuable Rose for gardens, as it is particularly adapted for outdoor culture. Blooms produced on long stiff stems.

MRS. HERBERT STEVENS—A new hardy Tea Rose of extraordinary merit. The bloom is as long, and even more pointed than the *Maman Cochet*, being faultless in shape and form. Color white, with a distinct fawn and peach shading toward the center. Perfectly hardy in all localities, and the extraordinary blooming quality of this Rose, being practically always in bloom.

HERZOGIN MARIE ANTOINETTE—Hybrid Tea of deep orange, striped salmon crimson, passing to old gold or orange. Very large flowers of perfect form produced on heavy upright canes. One of the finest yellow Roses, being a very free bloomer. Sweetly perfumed. Price of strong one-year-old pot plants, 35c each; two-year-old plants, 75c.

FARBEN KONIGIN (Queen of Colors)—This Rose, as its name implies, is the queen of colors, being almost beyond description. One of the finest grown of this beautiful shade. Buds long and pointed, opening large and double. Color bright carmine and rosy-crimson, overlaid with a satiny silver sheen. Very free bloomer. Perfectly hardy. A very popular Rose in Europe and soon will be in this country as it becomes better known. The colors are beyond description. Price, strong one-year-old plants, on own roots, 25c each; two-year-old plants, 50c each.

Price: All Roses on this page, except where noted, first size plants, 25c each; \$2.50 per dozen; larger size, 35c each; \$3.50 per dozen, postpaid; two-year-old plants, 50c each, by express.

Wellesley.

The Always Popular Cochet Roses

If you want five of the finest Roses listed in this book, which will produce hundreds of superb flowers throughout the growing season, and producing the kind of flowers one never tires of, order this Cochet set. No matter where you live, they will give you perfect satisfaction. The Cochet Roses are perfectly hardy in every part of the country, even where the winters are most severe, with slight protection. In the more temperate sections and in the South they thrive vigorously and bloom most lavishly all summer long, growing into great, strong, lusty bushes which increase in beauty with the passing years.

Pink Maman Cochet

The Queen of all Pink Garden Roses. The buds are large, full and firm, elegantly pointed, showing depth and richness as they expand. The superb flowers open perfectly double, are extra large and of splendid substance. Hardy in every section of the country; clear, rich pink, changing to silvery rose.

Red Maman Cochet

(Helen Gould)—A Rose that will grow and give satisfaction in almost any soil or situation. It produces its splendid flowers in amazing profusion, on long, strong shoots. The flowers are very full, perfectly double; buds long and pointed. Color, warm, rosy crimson; hardy everywhere. Bush is absolutely hardy; always in bloom.

Crimson Maman Cochet

(Etoile de France)—A fitting companion to the other Cochet Roses on account of its vigor of growth, stiffness of foliage, freedom of bloom, and hardiness. It bears masses of full, deep-formed flowers singly, on long, substantial stems. The color is a new and clear shade of red or velvety crimson, brightening in center; of exquisite fragrance.

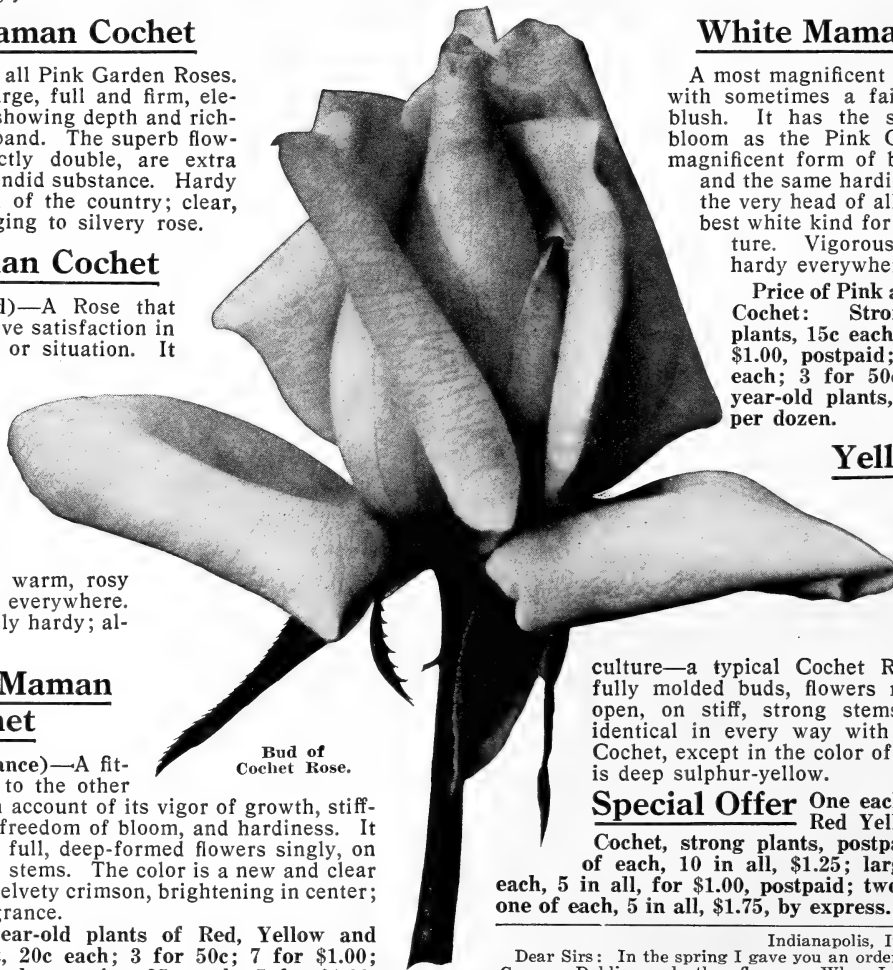

Strong, one-year-old plants of Red, Yellow and Crimson Cochet, 20c each; 3 for 50c; 7 for \$1.00; \$1.65 per dozen; larger size, 25c each; 5 for \$1.00, postpaid; two-year-old plants, 45c each; \$5.00 per postpaid; 2-year-old plants, 45c each; \$5.00 dozen.

San Diego, Calif., January 2, 1915.

Gentlemen: I received the Rose bushes in the best condition and am very well pleased with them. Thanks very much. They are the best plants I ever bought for the price. I planted them right away, and they look as if they were growing right along.

MRS. J. MUELLER.

Bud of
Cochet Rose.

White Maman Cochet

A most magnificent snow-white Rose, with sometimes a faint tinge of pale blush. It has the same freedom of bloom as the Pink Cochet, the same magnificent form of buds and flowers, and the same hardiness—standing at the very head of all the Roses as the best white kind for open-ground culture. Vigorous as an oak and hardy everywhere.

Price of Pink and White Maman Cochet: Strong one-year-old plants, 15c each; 4 for 50c; 9 for \$1.00, postpaid; larger size, 20c each; 3 for 50c, postpaid; two-year-old plants, 40c each; \$4.00 per dozen.

Yellow Maman Cochet

One of the best hardy, everblooming yellow Roses. It is ideal for open-ground

culture—a typical Cochet Rose, with gracefully molded buds, flowers magnificent when open, on stiff, strong stems. This kind is identical in every way with Pink and White Cochet, except in the color of the flower, which is deep sulphur-yellow.

Special Offer One each of Pink, White, Red Yellow and Crimson Cochet, strong plants, postpaid, for 75c; two of each, 10 in all, \$1.25; larger size, one of each, 5 in all, for \$1.00, postpaid; two-year-old plants, one of each, 5 in all, \$1.75, by express.

Indianapolis, Ind., July 20, 1915.

Dear Sirs: In the spring I gave you an order consisting of Roses, Cosmos, Dahlias and other flowers. When I received the Roses I thought will those tiny plants ever grow, and I seemed somewhat disappointed with them, but if you would see them now you would certainly be surprised, thinking that they were not the same plants. They have all been in bloom, and such strong hardy plants. Some of the Roses which are raised in the greenhouses are not half as pretty as the Dingee & Conard Roses. The colors of the Roses are charming. My Cosmos are over 6 feet tall. Everyone who has seen them say, "What tall plants; where did you get them from? Mine are not near so high." I want to thank you again for the lovely collection of Roses.

Yours sincerely,

MRS. ELIZABETH ROESENER.

KILLARNEY

THE DINGEE & CONARD COMPANY

THE LEADING AND OLDEST ROSE GROWERS OF AMERICA

WEST GROVE, PA.

Duluth, Minnesota, September 16, 1914.

Gentlemen:—I have fourteen Dingee & Conard Co.'s Roses which I planted last Spring. Most of them have bloomed and given me great pleasure. My *D. & C. Yellow Killarney* bore superb blossoms on stems nineteen inches long. They were the wonder and admiration of my friends and neighbors. I have lost no opportunity to speak a good word for *D. & C. Roses* and the firm.

Yours truly, Mrs. R. E. BURBRIDGE.

New Crimson-Pink Bush Rose "West Grove"

Introduced and for sale only by The Dingee & Conard Company. Is one of the best and most magnificent Roses of its color now known. Blooms in marvelous profusion all the time. The breeding of this sensational garden Rose is sufficient to stamp it as a wonderful Rose. It is a cross between that great crimson Rose, Liberty, and that queen of all white Roses, Kaiserin Augusta Victoria—truly a royal parentage. The color can be termed a crimson-pink—a new and unique shade. The flowers are full and double, somewhat cup-shaped, and have wonderful substance and possess exquisite fragrance. Hardy and has withstood with us a temperature of 20 below zero without protection. There is no Rose in cultivation, not even Clothilde Souper, that produces as many flowers and blooms more continuously than this superb new variety. It forms a strong, sturdy bush with splendid foliage and from early spring until actual winter it bears in the most lavish profusion its magnificent crimson-pink flowers, and there is not a day during the growing season when it is out of bloom.

Price, first size, one-year-old pot-plants, 25c each; larger size, 30c each, postpaid; two-year-old plants, 50 cents each, by express. All on their own roots.

West Grove.

The Lovely Killarney Roses

(See Illustration in Colors on Opposite Page)

Pink Killarney

The Famous Irish Rose

This queen of the Irish Roses excels any other of its class and color yet introduced, and by many is recognized as the most beautiful, hardy, everblooming Hybrid Tea Rose now under culture. Each season since it was introduced Killarney has increased in popularity, and the demand has always exceeded the supply. We have an immense quantity, however, and guarantee every plant to be true to name. The bush is strong and upright, with beautiful, deep bronzy green foliage, and the Rose is entirely free-blooming, bearing immense, long pointed buds and massive flowers on big, heavy shoots. The color is deep, brilliant and sparkling shell-pink, of the most exquisite shade. The flowers are of delightful fragrance, immense size, and have thick petals of great substance. Killarney is unusually hardy and without protection has stood severe winters as far north as Boston. Strong one-year-old plants, 20c each, 3 for 50c; larger size, 30c each, 4 for \$1.00, postpaid. Extra strong two-year-old plants, on own roots, 50c each.

White Killarney

An offspring of the pink Killarney and is one of the most exquisite white Roses grown. The long, full buds are handsome in shape and the full-open flower most refined and beautiful in form and texture. Strong plants, 20c each, 6 for \$1.00; larger size, 30c each; two-year-old plants, 50c each.

Yellow Killarney

Mme. Jenny Gillemot

A brilliant saffron-yellow Rose, opening canary with dark golden shades. The buds are long and pointed, beautiful in form and color, the flowers are large with immense petals. Hardy and vigorous, it is in constant bloom all summer. Blooms produced on long, stiff stems, making an excellent Rose for cutting. Owing to its resemblance to the Killarneys, we have called it the Yellow Killarney, as it makes a good companion for them. 20c each, 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

Special Offer One each of these Killarneys, 3 in all, first size plants, sent postpaid for 50c; 3 of larger size for 75c, postpaid. One of each, 3 in all, two-year-old plants, sent by express, for \$1.25. 3-year-old or specimen plants, by express, for \$2.00.

Agents Wanted We make very liberal terms to those acting as our representatives. Write us for full details of this plan, which is exceedingly profitable for those soliciting orders.

HYBRID TEA ROSES—Continued.

Richmond.

Queen Beatrice

The \$30,000 Rose

One of the epochs of our business was the introduction of this magnificent American Rose, and those who have never planted it should do so this spring. It is a Hybrid Tea, a cross between Mad. Abel Chatenay and Liberty, with color an intermediate shade between those of its two parents. When first opening it is much darker than the Bridesmaid, and gradually fades to the beautiful silvery pink of La France, when the Rose is at its best. The form of the flower resembles that of Liberty, large, full and double. It is a strong and healthy grower and very free flowering. Delicately fragrant and a splendid keeper, it is ideal for cut-flower purposes; \$30,000 was paid for the control of the original plants. 20c each, 3 for 50c; larger size, 25c each; two-year-old plants, 50c each.

IRISH FIREFLAME—One of the latest novelties in the Rose kingdom. It produces beautiful orange, splashed with crimson buds, which become fiery orange crimson as the buds develop, changing to a solid delicate orange, which becomes as the flower fully opens satiny gold, delicately sheened with pure lemon zone, against which the light fawny anthers form a beautiful contrast. Price, strong one-year-old plants, from 2½-inch pots, 30c each; two-year-old plants, 60c each.

Richmond

A Gorgeous Crimson Rose

The most gorgeous Rose we have ever seen—no other variety can compare with it. In form and fragrance of flower it is simply superb. Wonderfully free blooming, its immense fragrant, scarlet-crimson flowers are borne on long, stiff stems, making it a rival of American Beauty, and even more dazzling in appearance. Considered the standard deep Crimson Rose in the florists' shops, selling at all times for high prices. In the garden its flowers are as fine as those found in the green-houses. Perfectly hardy. 20c each, 3 for 50c; larger size, 25c each, postpaid; two-year-old plants, 45c each by express.

SOUV. DE MME. ERNEST OUDIN—Flowers large, full and double, of a beautiful shade of silvery-white, with the petals edged pale heliotrope and shaded light blue. 25c each; larger size, 35c each; two-year-old plants, 45c each.

WM. ASKEW—Carmine-pink, resembling American Beauty in form and foliage. 30c each; \$1.00 for 5; two-year-old plants, 60c each.

WM. SHEAN (Hybrid Tea)—Large, pointed flowers of Kil-larney pink. Full and free. Grand. 25c each; two-year-old plants, 60c each.

WINNIE DAVIS—Fine apricot-pink, shading to the flesh tint at the base of petals. 20c each; two-year-old plants, 45c.

SOUV. DE MARIA ZAYAS—Flowers very large, full and of perfect form. Color, bright carmine, veined darker. Beautiful in the extreme. 25c each; larger size, 35c each; two-year-old plants, 60c each.

Dingee Hardy Everblooming Tea Roses

Tea Roses form the foundation of nearly all the great Roses of today. Without them, the lovely Hybrid Tea class would be impossible. They are among the oldest and most highly cherished of all Roses. They have made the Rose-gardens of America what they are. Their place and value is everlasting. Rugged, healthy and hardy in growth, free blooming (they bloom all the time), their flowers are chaste and beautiful. You cannot well do without them. They thrive gloriously in all sections of the country.

Their ease of propagation has, unfortunately, caused them to be produced by some growers in enormous quantities to meet a certain demand for "cheap Roses," and these so-called cheap Roses have brought untold disappointment to all who have planted them, and have discredited the business of every first-class Rose dealer. Don't be misled into buying these cheap, "one-eyed," "thumb-pots" Rose-plants made to sell at popular prices. **Plant good Roses**, grown by a firm with a reputation to sustain. Pay a fair price for high-class goods, with a guarantee back of them—the **Dingee kind**—and you will soon become a Rose enthusiast.

Ours is the greatest collection of **own-root Roses** in the world. This collection of hardy, everblooming Tea Roses is the very life of our immense list. To the beginner—the novice in Rose culture—the great number of varieties may be confusing, but to eliminate a single one, however, would do a distinct injustice to the introducer and to our collection, for each variety has its own particular charm and merit. If you find it difficult to make a choice, **leave the selection to us**.

Prices of all Hardy, Everblooming Tea Roses, except where noted, 15c each; 4 for 50c; larger size, 20c each: 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

The Bride

There is no other white Rose more satisfactory than The Bride. When planted in the open ground, the flowers are sometimes found to be delicately tinted with pink, making it exceedingly attractive. The buds and flowers are unusually large, well formed and deliciously perfumed. It is of a strong and healthy growth, and a profuse bloomer.

BLUMENSCHMIDT—A splendid bedding Rose of the Cochet type, glowing all summer with its wealth of citron-yellow flowers, each petal of which is edged with dainty rose. The individual flowers are large and well formed, resembling in many ways some of the handsomest Tea Roses. The bushes are strong, vigorous growers and when planted in quantity they soon form a most attractive feature of the garden, being in constant bloom.

BOUGERE—This is a fine variety for open-ground culture. Large, full and double flowers supported on long, stiff stems and produced in great abundance all through the growing season; color bronze-rose or violet-crimson, shaded with lilac.

Bridesmaid

This variety is valuable for cutting and does finely in the open ground; a sport from the old and popular pink Tea, Catherine Mermet, but of a fine, clear dark pink, much deeper and more constant in color than Mermet. The bush is a strong, sturdy grower, bearing all summer a profusion of dainty beautiful flowers on strong stems.

BEAUTE INCONSTANTE—This is a very odd and beautiful variety, a single bush bearing at one time flowers of various colors, ranging from orange to capuchin-red carmine. The buds are particularly large, beautiful and pointed. Especially fine for open-ground culture and will attract attention wherever seen.

BEAUTY OF ROSEMAWR—A healthy, everblooming Tea Rose; large, double; very fragrant flowers; color rich carmine-red, finely veined with cream-white. A hardy garden Rose.

BOADICEA—Fine, large, double, rose-pink flowers, produced in wonderful profusion on good, stiff stems; buds long and pointed.

Bon Silene and Etoile de Lyon.

HARDY EVERBLOOMING
TEA ROSES—Continued.

Bon Silene

A Grand Old Rose

No new variety has superseded this Rose since its introduction in 1839. The color is deep rose, changing to pale light rose. This variety cannot be surpassed for bouquets and decorative purposes. In the open ground it grows to perfection, producing large crops of beautiful flowers from early spring until late autumn. One of the favorites of the old-time gardens.

ALBERT STOPFORD—It is superb, like Bon Silene, a vigorous and free bloomer, producing beautiful flowers in great profusion. The color is a very dark crimson-rose.

ALLIANCE FRANCO-RUSSE—A sturdy grower and free bloomer, with large, rich, yellow flowers of good substance.

ANNA OLIVER—A superb and free-blooming Rose. One of the best Roses for general cultivation, succeeding in almost any situation. The flowers are double, extra large, and of splendid substance; color creamy blush, shaded with deep carmine and edged with silver-rose; very fragrant.

SOUV. DE AUG. METRAL—A strong and vigorous grower, producing a profusion of pure, deep red, large, full flowers, well formed and of good substance. Very fragrant.

Etoile de Lyon

It is of vigorous, sturdy growth, and seems able to resist heat and cold equally well. It blooms freely, producing beautifully formed flowers of a rich, golden yellow. A great favorite everywhere.

COMTESSE DUSY—A strong grower and free bloomer; flowers large, deep, full and double; color, pure satiny white.

COMTESSE RIZA DU PARC—This magnificent Rose has many admirers; the color is coppery rose, with tints and shades of soft blush.

ALINE SISLEY—One of the best. Rich shade of violet-red, brightened with crimson-maroon; flowers large, full and double; fragrance very sweet. A splendid, free-flowering, dark-colored Tea which always gives pleasing results.

ANDREW SCHWARTZ (Everblooming Jack)—The flowers are large and of excellent substance. Color brilliant scarlet, changing to rich crimson. It is a strong, sturdy grower, and known as the True Tea Jacqueminot because of its resemblance to that famous variety.

C. P. STRASHEIM—One of the strong-growing Tea Roses, always in bloom. Flowers large, full and double. Color primrose-yellow, almost white, giving the flower a distinct and finished appearance.

DEVONIENSIS (The Charming Magnolia Rose)—This is an old favorite among Rose-lovers. Planted outdoors, it produces an abundance of large, very full and double

flowers all through the season. The color is creamy white, with rosy centers and very fragrant. This is one of the Roses that should be seen in every garden; as the bush grows to large size it is continually in bloom.

DUCHESS DE BRABANT—A very vigorous and healthy variety, producing large blossoms which are beautiful in buds or open flower. The color is a fine shade of soft, rosy pink, which deepens to bright rose. A special favorite.

DUCHESS MARIE SALVIATI—A constant bloomer, and a sturdy, vigorous grower, producing beautiful yellow flowers, tinged with orange, changing to buff, and prettily flushed with pale rose, which are extra large and very fragrant.

Price, 15c each for all Roses on this page, 50c for any 4; larger size, 20c each; 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

HARDY EVERBLOOMING TEA ROSES—Continued.

Catherine Mermet

One of the best varieties of Tea Roses. A very free bloomer, producing clear, shining pink flowers, the center being shaded with fawn and amber. Is a good Rose for open-ground culture and forcing under glass.

ENCHANTRESS—A free bloomer, bearing immense globular flowers in large clusters; a vigorous grower. Color creamy white, tinged with buff in center. Splendid in pots for late autumn and winter blooming, as well as for planting in the open ground during the summer.

FRANCES E. WILLARD—It is of strong, vigorous growth, everblooming, producing snow-white buds; large flowers of perfect form; very fragrant. The bush is of splendid shape; and in continuous bloom all summer.

EMPRESS EUGENIE—This Rose is a favorite and should be in every garden. The plants are sturdy, thrifty growers with healthy, dark green foliage. They bloom profusely. The flowers are a deep, rich pink, very attractive and pretty.

ENFANT DE LYON (The Sweet Anise Rose)—In color the flowers are a beautiful creamy rose, delicately shaded with coppery yellow, and very fragrant. The flowers are much admired for their color and the distinct Anise fragrance.

Catherine Mermet.

Golden Gate

The White House Rose

This magnificent Rose has been freely used in the decorations at the White House; hence its name. It is immense in size, finely formed, with long and beautiful buds. Color, rich, creamy white, shaded with a golden yellow and clear rose, of indescribable beauty.

BURBANK—A rival of Champion of the World, bearing a great profusion of large crimson flowers; very fragrant.

E. T. COOK—Pale primrose-yellow, suffused with pink, as the flower expands. Large and full petals reflex at the edges.

COMTE AMEDE DE FORAS—Color rich China rose, with orange-copper and peach-pink shadings.

CHARLES LEGRADY—Unexcelled for bedding purposes. Color a chamois-red, shaded with violet-crimson; a constant bloomer.

CORNELIA COOK—Of rapid growth, with splendid foliage that rarely suffers from the attacks of insects. The flowers are borne in great profusion and are very desirable. The color is pure creamy white, tinged with lemon and blush. One of the most beautiful Roses, unsurpassed for outdoor culture.

THE QUEEN—Of vigorous and healthy growth, sweetly scented. A constant bloomer, producing profuse crops of buds and flowers; the buds are well-shaped, with large petals of best substance. White.

CHRISTINE DE NOUE—Flowers deliciously sweet, large and handsome; fine, pointed buds. Color deep purplish-red.

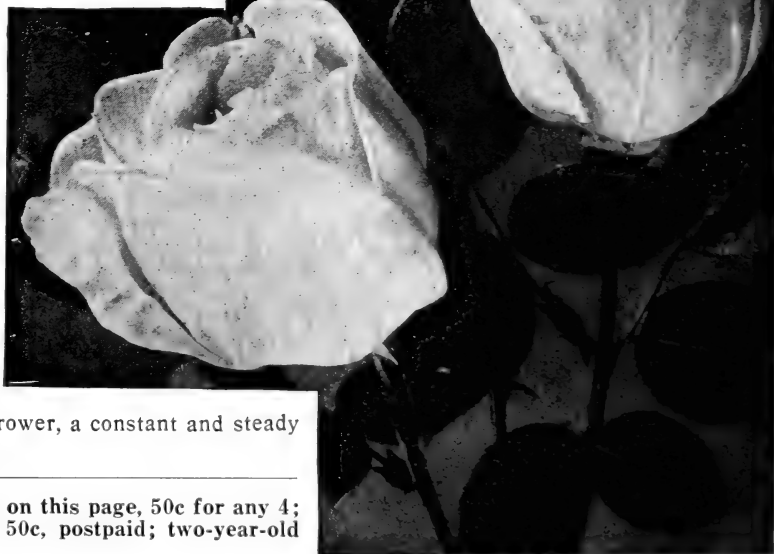

COQUETTE DE LYON—This is one of the best yellow Tea Roses for open-ground culture. The flowers are extra large, deep and double; color pure canary-yellow. Unlike other yellow Roses, it is a strong, vigorous grower, a constant and steady bloomer.

Price, first size plants, 15c each for all Roses on this page, 50c for any 4; \$1.00 for any 9; larger size, 20c each; 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

Redding, Calif.,
Feb. 18, 1915.

Dear Sirs:—The
Roses came by this
morning's mail.
They are in splen-
did condition, and
as the weather is
favorable, should
start off nicely.

Very truly,
J. E. BRINKHART

Golden Gate Roses.

Marie Van Houtte.

Marie Guillot

The Queen of White Roses.

We recommend it as one of the most reliable white Tea Roses in cultivation, especially for outdoor culture. The color is pure white, sometimes faintly tinged pale yellow. The flowers are beautifully made, very large, full and double; the buds are very pretty, of sweet fragrance. Anyone who has not seen this splendid variety growing at its best in the open ground cannot conceive of the lovely beauty of its large, bold, handsome flowers.

MME. E. VICARO—A brilliant carmine Tea Rose with pale rose shadings, the reverse of the petals white, suffused with carmine. Extra strong, vigorous, hardy; always in bloom.

MRS. A. BYASS—A most beautiful new English Everblooming Tea Rose, the flowers of which are produced in great abundance on good stems and are of a rosy red, shaded crimson, sometimes blotched with pale rose and white.

GENERAL ROBERT E. LEE—The flowers are large, full and very double; color yellow, changing into rich salmon tints as the weather becomes cooler. Very thrifty and always in bloom.

GENERAL DE TARTAS—This Rose has no superior for bedding purposes, producing large-sized flowers, which are full and fragrant. It is of good habit, and an excellent Rose in every way. The color is a brilliant carmine, deeply shaded with violet-purple, oftentimes tinged with buff.

Price, 15c each for all Roses on this page, except where noted, 50c for any 4; \$1.00 for any 9; larger size, 20c each; 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

HARDY EVERBLOOMING TEA ROSES—Continued

Marie Van Houtte

It is a strong and sturdy grower, blooming constantly, with great freedom. The color of the flowers, which are large, full and double, is pale canary-yellow, passing to rich, creamy white shaded with pale rose.

NUMBER 27—A brilliant, everblooming Tea Rose, a sport of Bridesmaid, with all the good qualities of its parent intensified. The color is a richer, deeper pink than Bridesmaid, and the flowers larger and of better substance. It is a continuous bloomer.

FREIHERR VON MARSCALL—As an outdoor Rose it has no superior. It has wonderfully beautiful foliage and produces large, full, beautiful shaped flowers, which are borne in profusion all through the season. The color is bright red, one of the best red Tea Roses that is known.

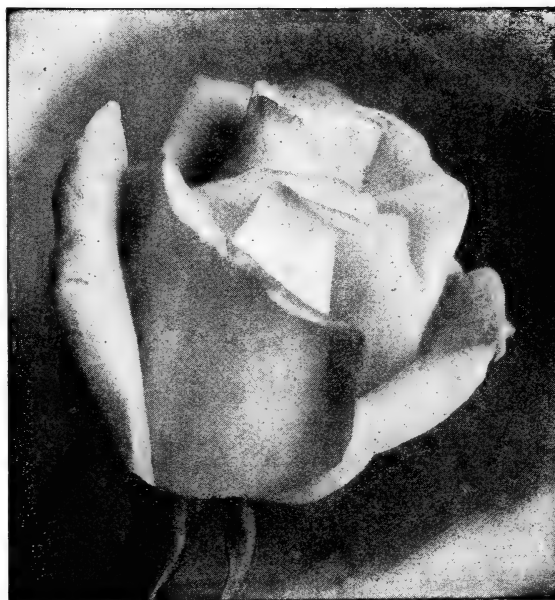

NELLIE JOHNSTONE—A handsome, semi-double, everblooming Tea Rose of a delightful shade of rose-pink, often shaded with pale violet on the outer petals. Deliciously fragrant.

MADAM HEINTZ—Lovely double saffron-yellow flowers slightly shaded with carmine. Very free-flowering; bloom can be cut almost daily during the growing season. A very vigorous grower and hardy.

PEARL RIVERS—Peachy red buds, ground color, ivory-white petals delicately shaded and bordered with pale rose.

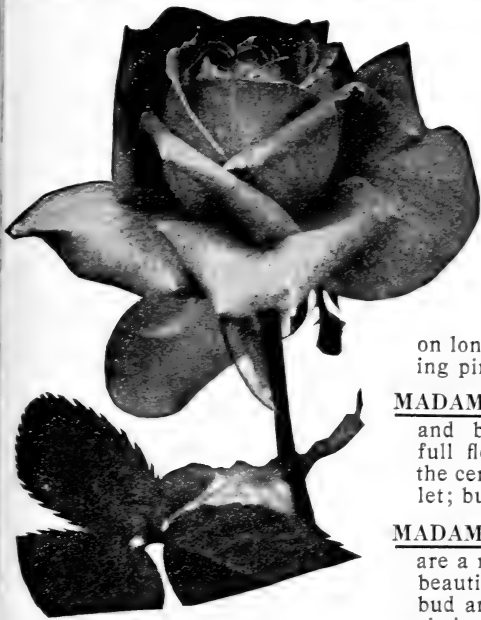

HELEN GOOD—Valuable for garden culture. The color is pale yellow, mixed with pink, each petal edged deeper. Very pure and beautiful.

PRINCESS ETIENNE DE CROY—Color of flower peach-carmine, shaded lighter on pale orange ground.

Marie Guillot.

HARDY EVERBLOOMING TEA ROSES—Continued.

Mrs. B. R. Cant.

Mrs. B. R. Cant

This new Rose is an extremely strong-growing variety, producing heavy stems, with large, healthy foliage and flowers almost the equal and style of Helen Gould, but more double; deep rose, with silvery rose center. A bright, clear garden Rose, and a prolific bloomer, especially good for outdoor cultivation. Delightfully fragrant.

Isabella Sprunt

This golden yellow Rose has been known as a favorite for over twenty years. It is a free bloomer, producing flowers of bright canary-yellow, very sweetly scented. The buds are very desirable for cut flowers.

MAID OF HONOR—An ever-blooming Tea Rose, producing splendid flowers, formed after the style of Bridesmaid, with excellent buds

on long, stiff stems. Color rich, glowing pink.

MADAM BADIN—Very free grower and bloomer, producing large and full flowers of bright carmine color, the center being shaded with pale violet; buds long and very graceful.

MADAME DE VATRY—The flowers are a rich crimson-scarlet, bright and beautiful. Of good form, both in bud and flower, and well scented. A choice Rose.

Isabella Sprunt.

Lady Hillingdon

One of the latest introductions of the Tea class, and has taken the medal over all yellow Roses, the color being one almost beyond description, apricot yellow shaded to orange on the outer edge of the petal, becoming deeper and more intense toward the center of the bloom. The color does not fade after the bloom is cut, but invariably becomes darker. Buds are produced on long, strong, wiry stems, well above the foliage, producing a slender and graceful effect. A valuable addition to any amateur's Rose garden, as well as to the professional grower, all of whom will find in this Rose the color that they have long desired. A strong, hearty, healthful grower. Price, 20c each, first size plants, 6 for \$1.00; larger size, 30c, 4 for \$1.00; two-year-old plants, 50c each, \$5.00 per dozen by express.

VIRGINIA—This splendid Rose is the result of a cross between Saffrano and Marechal Niel. It is a constant bloomer and of vigorous growth, bearing flowers which are well formed, large and double. The color is a light yellow, tinged with saffron at the center; very delicately and delightfully perfumed.

MAD. GOTHA—This practically new Everblooming Tea Rose, with its delicate coloring, has a future of much promise, as it has already become a general favorite. Flowers creamy white, with red-edged petals. The bush is a strong, healthy grower, with large foliage.

SOUVENIR DE CLAIRVAUX—The color is bright pinkish rose, shading lighter or darker, according to season; flowers large, full and double, remaining on the bush a long time. A beautiful Rose, similar to Bridesmaid; growth is very strong.

Price, 15c each for all Roses on this page, except where otherwise noted, 50c for any 4; \$1.00 for any 9; larger size, 20c each; 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

Lady Hillingdon.

HARDY EVERBLOOMING TEA ROSES—Continued.

Madame Margottin

This large and perfectly double Rose is considered a great favorite. The color of the flowers, which are very fragrant is dark citron-yellow, with apricot shading and red center; a strong grower and profuse bloomer.

Mlle. CECIL BERTHOD—We think of this variety as an excellent Rose of great merit. It is magnificent both in bud and flower, which is a deep golden yellow; the foliage is bright green and glossy.

MARIE LAMBERT, or SNOWFLAKE—Large, double creamy-white flowers are produced in marvelous profusion. We consider this one of the best and freest-blooming Roses, and recommend it particularly for outdoor planting. It is unusually hardy and grows very vigorously. The foliage is very substantial, of attractive dark-green color and practically free from disease. An excellent variety in every respect.

MEDEA—Large, perfectly double flowers of deep, rich lemon-yellow color with creamy-yellow center. Buds and flowers are of most exquisite shape and are considered by many enthusiasts as the best yellow Tea Roses.

META—A superb sort of unique color—crushed strawberry suffused with saffron; base of petals coppery-yellow. Long, pointed buds.

MAD. AGATHA NABONNAND—This splendid Rose, in color, is like the delicate hues seen in the inside of the fairest deep-sea shells; rosy flesh, bathed in golden amber. The buds are immense, and have the shape of an egg, with broad, shell-like petals, large and very fragrant flowers.

MARION DINGEE—The darkest, richest colored Tea Rose known. Large finely formed flowers are borne in constant profusion throughout the season. Color deep, brilliant crimson.

Margottin.

Safrano

Valued very highly for its beautiful buds and handsome flowers. The color is a bright apricot-yellow, passing to orange and fawn, sometimes tinted with rose. A splendid old-time Rose that has never been replaced by any newcomer of its class or color. It is a variety especially adapted to outdoor planting; vigorous, healthy; blooms all summer.

MADAME LAMBARD—Color a magnificent shade of rosy-bronze, changing to salmon and fawn, tinted with carmine.

MAD. DE WATTEVILLE—The Tulip Rose. The color is a magnificent shade of creamy-yellow, richly colored with rosy-blush; the large petals are bordered with bright crimson, giving it a very striking and beautiful appearance.

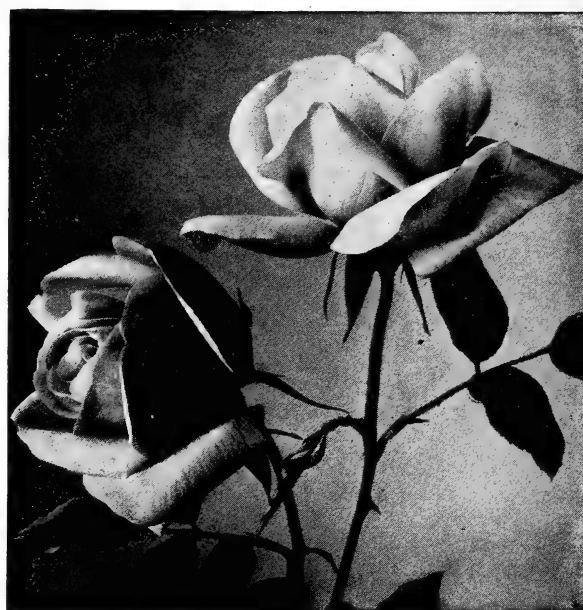

MADAME ELIE LAMBERT—Color a rich creamy-white, faintly tinted with pale golden-yellow, and is exquisitely bordered and tinted with soft rosy flesh; very beautiful and sweet.

Price, 15c each for all Roses on this page, 50c for any 4; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

Nashville, Tennessee, January 18, 1915.
Gentlemen:—I bought several Roses from you two years ago and they are still growing and blooming. Have sold the home and the present owner says he would not take fifty dollars for one of the Ramblers. I will always buy from you, as I have found it pays. Have kept track of our Roses for twenty-five or thirty years, and have never known a dissatisfied customer.

Most respectfully,

MRS. BULA V. SLOAN.

Safrano.

HARDY EVERBLOOMING TEA ROSES—Continued.

Papa Gontier

A strong, vigorous grower and constant bloomer; one of the very best and most valuable, both for open ground and greenhouse; color rich cherry-red, passing to clear, glowing crimson. One of the best for all purposes, with immense buds and magnificent flowers.

HENRY M. STANLEY—A remarkable shade of clear amber-rose, delicately tinged with fine apricot-yellow, with petals edged and bordered with rich carmine, which, on the outer or reverse side passes to a lovely shade of salmon or buff-rose. Plant is extra strong and vigorous.

HIGHLAND MARY—Each petal white, tinged with lemon, and bordered with a delicate band of pink. Hardy everywhere, with ordinary protection.

J. B. VARONNE—Strong and vigorous grower, producing extra large, vase-shaped flowers, both full and double. Splendid pointed buds. The color is a very rich and bright scarlet-crimson.

LADY MARY CORRY—A profuse bloomer, bearing deep, golden yellow flowers of fine size.

LA PRINCESS VERA—The flowers open beautifully, are large and perfectly formed. The color is rich ivory-white, veined with coppery yellow, and penciled with pale blush. This is a fine Rose for bedding in the open ground.

Papa Gontier.

Perle des Jardins

Pearl of the Garden.

The color is a clear golden yellow, of a beautiful shade, and is entirely distinct from any other variety; the flowers are large, full, of globular form, with great depth and substance, richly perfumed, and very beautiful in every way. This magnificent Rose still holds its position as one of the most exquisite and beautiful of its color ever introduced, and the demand for it is constantly increasing as its great value becomes known. It is ideal for cutting purposes. A particularly fine garden Rose, being strong and thrifty.

LUCIOLE—Large, full, double flowers of delightful fragrance. Outer petals clear cherry-red, center elegantly shaded with rich golden yellow.

MARECHAL ROBERT—We select this variety from many others as being extra fine. A constant bloomer, bearing flowers on long, stiff stems. The flowers are full, double and sweet; the color pure white, faintly tinged with blush and yellow. It is a healthy grower and very satisfactory in every way.

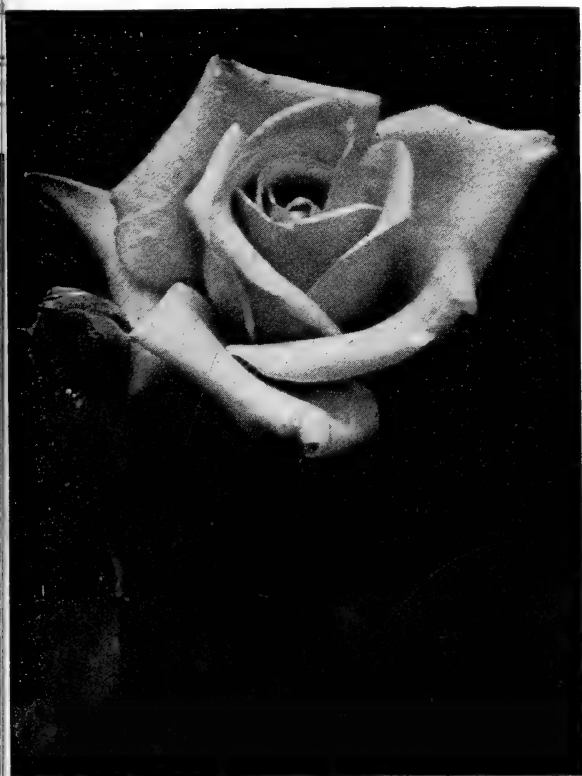

Price, 15c each for all Roses on this page, except where noted; 50c for any 4; \$1.00 for any 9; larger size, 20c each; 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

Dear Sirs:—

Your catalogue came a few days ago. I was glad to get it. It comes like an old friend. It must be nearly fifty years ago that I sent you orders for Roses for my mother. It has always been a great satisfaction to do business with your house. I must have a few of your Roses this year. My order will follow in a few days.

Hamburgh, N. Y., March 23, 1915.

Yours truly, M. B. FATTEY.

Perle des Jardins.

HARDY EVERBLOOMING TEA ROSES—Continued

Mad. Franciska Kruger

Of strong and vigorous growth, and a constant bloomer, which is especially suited to bedding or massing. The flowers are deeply shaded coppery yellow in color, and are of large size.

REINE KAROLA DE SAXE—Large, double flowers; blush-white, shaded delicate pink.

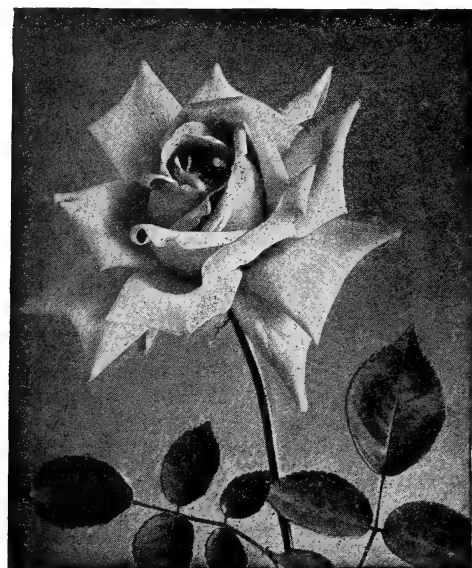

ROSE GUBERT—Color canary-yellow, deepening at center; buds long full and large. A splendid grower and free bloomer.

SOUVENIR D'UN AMI—A vigorous grower and profuse bloomer; for growing in open ground it is simply luxuriant. The flowers are large and globular, similar to that of the Queen, except in color; very full and sweet; in color is a deep rosy flesh, beautifully shaded with rich carmine; edges and reverse of petals silver rose.

SOUV. DE CATHERINE GUILLOT—Flowers large, full, finely shaped and very fragrant. Free bloomer and vigorous. Color coppery carmine; center shaded orange. Richly colored and thoroughly distinct.

SAXONIA—Very distinct, full and double; strong grower; produces beautiful white flowers, with petals edged with bright rose. It was sent to us as an improvement over that popular Rose Golden Gate.

PRINCESS BONNIE—The brightest, sweetest and freest-blooming Rose in existence. Color solid crimson, deeper and more vivid than "Jack". Fragrance far sweeter than La France. Always blooming.

Mad. Franciska Kruger.

MADAME CUSIN—The bright purplish crimson flowers, with base of inside petals sometimes streaked with white, are produced in great profusion. The flowers are double and very fragrant.

SOUVENIR DE FRANCOIS GAULAIN—The color is unusually bright, and quite remarkable for a Tea Rose—rich velvety crimson; the flowers are very fragrant, large, full and very double, possessing a depth that makes their color all the more attractive, quite hardy, healthy and strong. A Rose of great value to the home-grower. The strongest healthy plants are quite hardy.

Sunset Rose

One of the Finest of all Yellow Roses

A strong, vigorous grower and free bloomer, highly recommended both for open ground and house culture, which makes it more desirable. The flowers and buds are of extra large size, very full and finely formed and highly perfumed. Color, rich golden amber or gold, elegantly shaded with dark ruby-crimson, resembling the beautiful tints seen in a summer sunset. Strong, first size plants, 20c each; larger size, 30c each; two-year-old plants, 40c each, by express.

SOUV. DE JEANNE CABAUD—A very free bloomer, producing large, full and double flowers, the color of which is almost impossible to describe; the outer petals are coppery yellow, with apricot and carmine in the center.

SOUV. DE J. B. GUILLOT—This is a new variety and the only Rose of its color, which is nasturtium-red, shaded to crimson, varying to bright, coppery-red.

Price, 15c each for all Roses on this page, except where noted, 50c for any 4; \$1.00 for any 9; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

Dear Sirs:—

Silver Creek, New York, June 12, 1915.

I would like to write you about my Charles Dingee Rose. I bought a 10 cent Rose from you three years ago, and this summer it is just wonderful. Each winter I have enclosed my Hybrid Tea Roses in good sized cold frames, so they retained their leaves all winter, even two years ago they withstood 23 degrees below zero, never hurting them at all. This summer the Charles Dingee is the finest Rose I have, producing so many large, beautiful Roses on long, stiff stems, and have so many petals like the La France, and they last so long. Give me a Rose like the Charles Dingee and the La France. If you have any more like them I would like to get them.

Yours truly, IDA M. MONTGOMERY.

Sunset.

HARDY EVERBLOOMING TEA ROSES—Continued.

Souv. de Pierre Notting

This beautiful Rose is an introduction of one of the largest firms of France, and has not been exceeded by any Rose from that country. It is of strong, bushy habit, and has won numerous gold medals and awards of merit. The flowers are very large, well filled and open easily; color apricot-yellow, tinged with golden, and mixed with orange-yellow; edge of petal shaded carmine-rose. In form and beauty it is the equal of Maman Cochet, and by many is regarded as the best all-round Rose for general cultivation. It is hardy and always in bloom. Strong,

first size plants, 20c each; larger plants, 30c each; two-year-old plants, 40c, by express.

PRINCESS HOHENZOLLERN—This variety is a strong and vigorous grower, with foliage of beautiful dark green color, and extra large flowers, well formed. The fragrant flowers are often borne in clusters. Bright, deep, satiny red, with pink center.

MADAME JOSEPH SCHWARTZ—Flowers pure white, tinged and shaded with pale yellow and rosy blush; very full and sweet.

MME. JEAN SISLEY—This is a fine variety for cemetery planting, being full and double, and in color pure white. Of great vigor and hardiness.

MADAME HONORE DEFRESNE—This splendid variety is noted for its pure golden yellow flowers, which are large full and double.

Souvenir de
Pierre Notting.

Mad. Hoste

The color of this variety is soft, light canary-yellow, deepening in the center to pure golden-yellow, beautifully flushed with pale amber. Edge and reverse of petals creamy white.

MME. RENE GERARD—The flowers when open, are bright yellow, and the buds nasturtium-yellow—a most unusual shade among Roses.

NIPHETOS—This variety is always scarce. In color it is snow-white, sometimes very faintly tinted with pale yellow.

MARIGOLD—One of the free-blooming, yellow Tea Roses, with dark, leathery foliage. The petals are nicely edged with red, and very deep in color.

Price, 15c each for all Roses on this page, 50c for any 4; \$1.00 for any 9; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

Gentlemen:—

Baltimore, Maryland, April 21, 1915.
The plants you shipped me on April 6th reached me on the 7th in splendid condition. Today I cut a well matured bloom from the Rose **Uncle John** after having only been planted two weeks. It was contrary to my custom to allow the bud to mature, but the plant looked unusually strong and healthy and I think it has done it no harm. I have a variety of about fifty kinds of Roses in my garden, but they are all "Dingee Roses." They have been giving me perfect satisfaction for nearly forty years.

Very truly yours,

J. T. A. STROUP.

Madame Hoste.

HARDY EVERBLOOMING TEA ROSES—Continued.

Sunrise.

Sunrise Rose

A strong grower, free bloomer, and in every way a desirable Rose. The color is absolutely new, the buds showing high, brilliant scarlet and yellow, blending to orange and copper; inside of petals, golden-yellow.

UNCLE JOHN—An offspring of Golden Gate, from which it differs in color, which is much more intense. Well worth a trial.

MURIEL GRAHAM—The flower is a delicate cream, faintly blushed rose; almost a yellow Mermet.

SYLPH—Large, high-centered flowers, with deep, stiff petals. A strong grower and abundant bloomer, most suitable for garden planting and cutting purposes, has exquisitely handsome and richly tea-scented flowers, pure white, tinted with peach color; center creamy white, making a beautiful blending of colors.

MRS. E. W. MAWLEY—This new Tea Rose produces magnificent flowers of beautiful form in the utmost profusion. It resembles Maman Cochet, and, in many respects, is the equal of that variety, only it is several shades lighter in color. We think this is almost sufficient endorsement.

WM. R. SMITH—Especially suited for outdoor planting and cutting purposes. The soft blending of the salmon-pinks, rose-pinks, and the magnificent flesh tints resemble the blush of a maiden's cheek. The flowers are large, full and double, and most exquisitely formed. The petals are so firm they look like wax. Perfect buds. The flowers are borne on long, strong stems, just right for making bouquets.

White Golden Gate

Identical with its parent variety, Golden Gate, except in color, which is ivory-white. Buds are of elegant shape, long and pointed; flowers full and double, with substantial petals.

MADAME CAMILLE—The color is a pale rosy flush, shaded with salmon and lavender.

PRINCESS DE SAGAN—The flowers are well made, while the buds are beautiful. The color is fine velvety crimson; very brilliant. The bush is remarkably free in growth and extra hardy, bearing a profusion of handsome blooms all summer.

FRANCOIS DUBREUIL—Of strong growth and a constant bloomer, producing deep crimson flowers, with rich velvety shadings, which are very double and large.

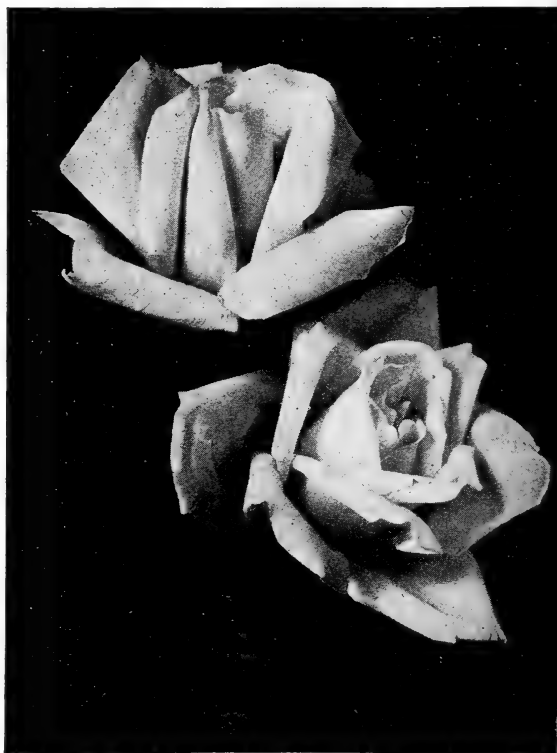

MADAME PIERRE GUILLOT—This is a very remarkable and exceedingly handsome variety. Color delicate orange-yellow, veined and bordered with clear pink.

BERYL—Large, full and fragrant; color deep apricot or coppery yellow. The flowers and foliage present a fine contrast.

WHITE BOUGERE—There is no Rose which exceeds this one for open-ground culture. The pure ivory-white flowers are unusually large, deep, full and double, borne on long, stiff stems throughout the season in great profusion.

MADAME WELCHE—Color, a magnificent shade of amber-yellow, deepening toward the center to orange or coppery yellow, delicately clouded with pale crimson.

MAD. E. DURANTHON—The color is citron-yellow, with bright red center, delicately blended.

White Golden Gate.

Price, 15c each for all Roses on this page, 50c for any 4; \$1.00 for any 9; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 35c each, by express.

Standard List of Hardy Everbearing Tea Roses

Any 15 Roses—A Complete Rose Garden—for \$1.00

It does not follow that because the following Hardy Tea Roses for the home garden are relegated merely to line of description that they are in any way inferior to others given more extended notice. These are the tried and true favorites, so well known and beloved of all who cherish Roses—and that means everybody. The limitations of this book will not permit us to extoll their virtues, as they deserve, for many are worthy of a full page of description. These are the

Dingee Roses That Made West Grove Famous

With these and the many others in this book, we feel that we have reached what we believe to be the highest perfection in Rose-growing—sixty years of experience is either worth something, or experience counts for naught, and today the name of Dingee in connection with a Rose stands for the same high quality and absolute truthfulness, as does the name of Tiffany on silverware. Only long years of merited confidence, with unquestioned quality back of their work, can make such names as these stand out as shining lights in the business world.

Abbe Roustan—Creamy white, shaded with rosy blush.
Adrienne Christophele—A shade of apricot, citron and fawn.
Albert Hoffman—Light yellow.
Alphonse Karr—Bright rose, medium size and full.
American Perfection—Light pink.
American Banner—White, striped bright red; pretty.
Archduchesse Isabella—Perfectly double; white, shaded rosy carmine.
Archduc Joseph—Color rose, with blush tint; center copper.
August Wattine—Light brick-red on yellowish ground.
Baronne Henriette Snoy—Carnation.
Bella—Pure snow-white; long, pointed buds.
Belle Fleur d'Anjou—Silvery rose, large and good.
Camille Roux—Bright carmine-rose, with fiery red center.
Captain Lefort—Violet-crimson, tinted with salmon.
Caroline Fochier—Flesh-colored rose.
Catherine Gerchen-Freundlich—Color rose, marbled red, passing to crimson on edges.
Comtesse Anna Thun—Golden orange-yellow, shaded saffron and crimson.

Charles Rovolli—Brilliant carmine, shading to rose.
Comtesse de Caserta—Purplish red, clouded coppery yellow.
Comtesse de Frigneuse—Golden yellow.
Comtesse Eva Starhemberg—Yellow, buff and yellow center, edged rose.
Comtesse O. Gorman—New China Rose; golden center.
Corinne—Fleshy color, shaded rose and copper.
Dr. Favre—Magenta-red; center carmine.
Docteur Rouges—New, red and saffron; looks like a cactus dahlia.
Duchess of Edinburgh—Glowing brilliant crimson.
Edmund de Bianzat—Violet-crimson, center rose.
Edmund Sayblayrolles—Purplish-red, shaded pink.
Edward Littaye—Pink and carmine, changing to rose.
Elyse Heymann—Outside yellow, inside pink, shaded saffron-rose.
Edward Gontier—Yellow, shaded apricot and crimson.
Empress Marie of Russia—Canary-yellow, shaded white and lemon.
Etoile Polaire (Polar Star)—Creamy white, shaded pink, red and yellow.
Frau Therese Gluck—Outer petals dark red.

Prices of all Roses named on this page, 10c each; any 6 for 50c; 15 for \$1.00, postpaid; larger size, 20c each; \$2.00 per dozen; two-year-old plants at 30c each; \$3.00 per dozen, purchaser's selection; our selection, 25c each; \$2.50 per dozen, by express.

Standard List of Hardy Everblooming Tea Roses—Continued

- Furstin Hohenzollern Infantin**—Lilac-rose.
General Billot—Violet-amaranth.
General Merchantsky—Exquisite rosy flesh. Fine.
Glorie des Cuivres—Salmon-rose, tinted coppery gold.
Grande Duchesse Adelaide de Luxembourg—Yellow.
Grande Duc Guillaume de Luxembourg—Salmon-rose and red.
Grande Duchesse Hilda de Bade—Creamy white, tinged golden-yellow.
Graziella—Creamy-white, clouded blush.
Hector Mackenzie—Deep pink.
Hovyn de Tronchere—Light red on golden yellow ground; edge of petals silvery rose.
Henry Mayandier—Rose-colored.
H. Plantagenet—China rose, shading to pink and carmine.
Ingegnoll Predilatta—Carmine-red, inside rose-peach.
Isaac Demole—Dark carmine.
Jeanne d'Arc—Golden yellow.
Jeanne Guillemez—Coppery yellow, suffused yellow and blush.
Jeanne Pernet—Canary-yellow. Splendid.
Joseph Metral—Carnation-red, passing to carmine.
Jules Finger—Rosy-scarlet, shaded intense crimson.
Lady Castlereagh—Rose, shaded sulphur-yellow.
La Neige—Fine, large, double white flowers.
La Pactole—Pale sulphur-yellow.
La Sylphide—Blush, with fawn center.
Laurette—Creamy white, shaded rose.
Letty Coles—The color is a soft rose-pink deeply shaded with intense crimson. A handsome Rose.
Louisa de la Rive—Blush, shaded salmon and fawn.
Louise de Savoie—Pale canary-yellow.
Louis Richard—Coppery rose, shaded carmine and crimson.
Lady Dorothea—Outside petals deep peach and flesh, inside soft fleshy pink.
Leonie Lamesch—Coppery red.
Leonie Oesterreith—Brilliant porcelain-color, shading to very light yellow.
Lucie Faure—Ivory-white on amber ground.
Mad. Barriglione—Coppery carmine-rose.
M. Ada Carmony—Ivory-white.
Madame Adolphe de Tarle—Canary-yellow, passing to white.
Madame Azelie Imbert—Buff, with peach shading.
Madame Bravey—Creamy white, blush center.
Madame Damaizin—Salmon-rose and amaranth.
Madame E. Helfenbien—Chamois-yellow, shaded apricot and rose.
Madame Falcot—Yellow. Like Yellow Rambler.
Madame F. Brassac—Bronze-red, tinted coppery-yellow.
Madame F. Dupias—Creamy white, rosy carmine shadings.
Madame Freulon—White, slightly tinted red.
Madame La Generale Gourko—Pink, buff and rose.
Madame Leon St. Jean—Carmine and orange, tinged citron and yellow.
Madame Louis Gravier—The outer petals are coppery yellow. Center bright pinkish-rose.
Madame Olga—White tinged canary-yellow.
Madame Sadie Carnot—Cherry-red; very pretty.
Madame Scipion Cochet—Creamy rose, crimson center.
Mad. Gustave Henry—Lively copper-rose.
Madam Gevelot—Light salmon.
Madame Grenville Gore-Langton—Superb yellow climbing Tea Rose.
Madam Husson—Chamois-orange.
Madam Von Siemens—Flesh-rose.
Madam Dorier—Color bright carmine.
Mlle. Claudine Perreau—Pink, white and crimson.
Mlle. Genevieve Godard—Clear carmine-red.
Mlle. Marguerite Fabisch—Rich crimson.
Mlle. Jean Dupuy—Golden yellow, passing to reddish-orange; petals bordered with rose.
Mlle. Nathalia Imbert—Reddish salmon, changing to apricot.
Mlle. Anna Charton—Cream, shaded carmine.
Madeline Guillemez—White, salmon and yellow.
Marie Ducher—Rich salmon, fawn center.
Marquis de Vivens—Violet-crimson, shaded yellow, salmon and fawn.
Maman Loiseau—Color sulphur-yellow.
Marie Soleau—Silvery rose, beautiful bud.
Mme. Simone Beaumez—Flesh white, large.
Marquis de Querhoent—Beautiful China rose, copper-salmon and golden-yellow.
Mons. Furtada—Bright sulphur-yellow.
Pere de Feu—New poppy-red, shading to vermilion and yellow.
Pierre Migron—Delicate light pink. Very beautiful.
President—Rosy-crimson, changing to carmine.
President Constant—Clear, rosy pink.
Princess Radziwill—Double; rose and carmine.
Princesse Sarsina—Flesh, tinged apricot-yellow, shaded red.
Rainbow—Pink, striped crimson, center amber.
Regulus—Carmine, shaded purple and red.
Rose Gubert—Creamy yellow; long bulbs.
Rubens—Pale yellow, tinged with fawn.
St. Joseph—Bright carmine, changing to rose.
Santa Rosa—Rich shell-pink, inclining to crimson; full double, reflexed petals. A compact grower, free from rust, mildew or any defect.
Senator McNaughton—A grand white Rose; offspring of Perle des Jardins.
Sombrieul—Pure white, edged with silvery rose.
Souv. de Leonie Viennat—Jonquil yellow.
Souv. d'Emile Peyrard—Pearl-white.
Souv. de Admiral Courbet—Bright fiery red.
Souv. de Lady Ashburton—Coppery red, suffused with yellow.
Souv. de Madame Ludmilla Schultz—Rose and white.
Souv. Paul Neyron—White, tinged with golden yellow edged with rosy crimson.
Souv. de Pere Lalanne—Brilliant carmine, center gold.
Souv. de Victor Hugo—Citron-red, with amber and fawn shading.
Theresa Lamber—Rose, tinged gold, base salmon.
Viscountess Wautier—Resembles Duchesse de Brabant. Rosy pink.
Waban—Bright pink; sport from Catherine Mermet.
White Pearl—White offspring of Perle des Jardins.
White Bon Silene—A pure white Bon Silene.
Yvonne Gravier—Creamy yellow, shaded rose.

Price of all Roses named on this page, 10c each, any 6 for 50c, 15 for \$1.00, postpaid; larger size, 20c each, \$2.00 per dozen; two-year-old plants at 30c each, \$3.00 per dozen, purchaser's selection, by express.

Type of Dingee Hybrid Perpetual.

Dingee Famous Hardy Hybrid Perpetual Roses

There is little question that Hybrid Perpetual Roses, or "June Roses," as they are sometimes called, are the most valuable of all hardy plants. They are of vigorous, upright growth, have large, bold flowers, frequently measuring 5 or 6 inches in diameter, and are deliciously fragrant. These Roses will succeed in any locality and are so hardy that they will live through the severest winters with but a light protection of leaves or coarse manure. Some of the kinds do not bloom until the second year, but, when fully established, they all bloom freely at the usual time, early in the season. The Hybrid Perpetuals will stand hardship and neglect, but give much better results with good cultivation and rich soil. Always plant in open ground, as these Roses are not suitable for house culture. Our collection of Hybrid Perpetuals is by far the best in the country. The plants we send out are strong and hardy and on own roots. Many of our Hybrid Perpetuals are included among our justly popular "Iron-Clad Roses," a color plate of which is shown on inside front cover.

Prices of all Roses in this section, except where noted, 15c each, any 4 for 50c, 9 for \$1.00; larger size, 20c each, 3 for 50c; two-year-old plants, 45c each.

ALFRED COLOMB—Extra large, round flowers; very double and full; clear, cherry-red, passing to bright, rich crimson; very fragrant.

ABEL CARRIERE—One of the best; extra large, very double, full and sweet; dark crimson, passing to velvety maroon.

ARCHDUCHESS ELIZABETH OR AUSTRIA—Vigorous grower; large, bold flowers of rosy carmine are produced in the greatest profusion.

ANNA DE DIESBACH (Glory of Paris)—Most lovely brilliant carmine, long, pointed buds, and large, finely formed, compact flowers; very full and double and delightfully sweet. A vigorous grower and fine bloomer. One of the hardiest of the well known, desirable Roses.

ANNA ALEXIEFF—Very double and full; exceedingly sweet; clear, bright pink color.

BARONNE DE BONNSTETTIN—Large flowers, very double and full; rich dark red, passing to deep velvety maroon; highly scented.

COUNTESS OF ROSEBERRY—Immense flowers; satiny pink in the center and deepens on the outer petals to a bright rose. The feathery shading gives it the appearance of two distinct colors. The plant grows into a stout, sturdy bush, bearing its wealth of blooms on long, stiff stems.

BARBAROSSA—Has been called a red Frau Karl Druschki. Large, finely formed carmine-red flowers on a strong, lusty bush. True stock very scarce. 25c each; two-year-old plants, 50c each.

Gentlemen:—

Unity, Maine, February 26, 1915
I have some of your Roses now, "Jack" and Moss Roses, that I had of you twenty years ago. They are prettier every year, and as pretty as they can be all the time. ESTHER J. STEVENS.

HYBRID PERPETUAL ROSES—Continued.

Fisher Holmes

Very beautiful, resembling General Jacqueminot, but fuller and more constant bloomer; dark, rich scarlet, passing to deep velvety crimson; extra large, full flowers; very sweet.

DR. O'DONEL BROWNE—A giant grower. Flowers monthly; almost as free as a Hybrid Tea. Carmine-rose, exquisitely perfumed. 40c each; larger size, 50c each; two-year-old plants, 75c each.

DUKE OF CONNAUGHT—Velvety crimson, flushed with red. Flowers large, full and well formed. A vigorous grower.

EARL OF DUFFERIN—Rich velvety crimson shaded with dark maroon. Beautifully shaped buds borne on long, graceful stems. Very full and double. Delightfully fragrant and free bloomer. One of the best darkest red Hybrids.

GENERAL WASHINGTON—Bright, shining crimson flowers, large and double; blooms the first season and almost constantly.

GIANT OF BATTLES—A grand old favorite. One of the best, if not the best, hardy, vivid crimson Rose; large, very double and sweet.

Gentlemen:—

Mass., May 20, 1915.

The Roses I ordered of you this spring came a few days since in perfect condition. They seemed to me to be unusually fine, even for two-year-old plants. Thanks for your extra, a Philadelphia Rambler. Your Guide to Rose Culture is always a great temptation to me, and I have indulged in many experiments. It takes the "Iron Clads" to survive our New England winters, and experience has taught me that it pays better to buy your two-year-old Roses, as the smaller ones do not make sufficient growth here to prove satisfactory. My first Roses were obtained of you **forty or more years ago**, when I lived in your state, Pennsylvania.

Cordially yours, MRS. C. E. KUMMER.

Fisher
Holmes.

Francois Levet

One of the best and most satisfactory of all Hybrid Roses; we recommend it highly for general planting. An unusually vigorous grower, and free blooming. Large, finely made flowers almost the size of Paul Neyron; cherry-pink, delicately shaded carmine and blush.

CAPTAIN CHRISTY—Extra large, double flowers; lovely peach, deepening at center to rosy crimson. Almost ever-blooming; unusually good everywhere. Buds as large as American Beauty. Strong and sturdy grower. Hardy as an oak.

CAROLINE DE SANSAL—Clear, brilliant rose, merging into rosy lilac, edged bronze.

CHESTNUT HYBRID—One of the very best Roses of its color—red shaded with violet. It is very free-flowering; blooms large and full. Very distinct.

COQUETTE DES BLANCHES—Pure snowy white, sometimes faintly tinged with pale rose; blooms in large clusters; medium size, full and slightly fragrant.

DINSMORE—Popular for garden planting on account of its hardness and vigor of growth; constant and profuse bloom, which begins soon after planting and continues all through the season. Flowers are large and perfectly double; color rich crimson-scarlet.

Price of all Roses on this page, except where otherwise noted, 15c each, any 4 for 50c, \$1.00 for 9; larger size, 20c each, 3 for 50c, postpaid. Two-year-old plants, all on own roots, 45c each, \$4.50 per dozen.

Francois Levet.

General Jacqueminot

Bright, shining crimson, rich and velvety; exceedingly brilliant and handsome; makes magnificent buds and flowers, highly esteemed as one of the best and most desirable Roses for open ground. See color plate inside front cover.

JEAN LIABAUD—Color nearly black. Flowers large, full and fragrant, most intense, dark, rich, velvety crimson imaginable, almost black; rare and handsome.

JOHN HOPPER—Flowers large, very regular and full; brilliant rose, changing to bright glowing pink, shaded with rich crimson; remarkably profuse bloomer.

CLIO—A really grand Rose. On the order of Baroness Rothschild. Recommended by expert growers as the finest Rose of this type. Strong, vigorous grower, handsome foliage. Flowers flesh-color, shaded in the center with rosy pink; large, of fine, globular form, freely produced. 25c each; larger size, 30c each; two-year-old plants, 50c each; three- and four-year-old plants, 75c.

COQUETTE DES ALPES—Large, full, finely formed flowers, pure white, sometimes faintly tinged with pale blush; profuse bloomer.

DR. WM. GORDON—Extra large; deep petaled and high centered; brilliant pink.

GLORY OF THE EXPOSITION OF BRUSSELS—Large, full flowers; of fine fragrance; deep, velvety, purplish amaranth, almost black; base of petals fiery red. One of the most gorgeous of the dark Roses. The bush is very large, strong and vigorous, and in its season is covered with the glory of the magnificent flowers on large stems.

HAILEYSBURY—Blooms with the greatest freedom, almost as freely as a Hybrid Tea. Flowers of elegant, round shape, bright crimson; a good, strong grower.

PRINCE CAMILLE DE ROHAN—Celebrated the world over for its large, handsome, fragrant flowers, and the freedom with which they are produced. The color is a deep, rich velvety crimson, passing to intense maroon, shaded black; at a short distance they appear really black. This splendid Rose is shown in full colors on inside front cover.

Black Prince.

Gen. Jacqueminot.

Black Prince

Much sought after because of its dark crimson flowers, which are shaded so deeply as to be almost black; cupped large, full, fine-shaped.

BOULE DE NIEGE—A very hardy, pure white variety medium size; very full, double flowers of delightful fragrance.

CLIMBING PAUL NEYRON—New Climbing Rose with a strong, sturdy constitution and bearing immense lovely pink Roses like its parent, Paul Neyron.

BARONESS ROTHSCHILD—Rose-lovers in all countries agree that it is the acme of perfection in flower and growth. Flowers bright rosy pink, of immense size and globular form. The boldness of the flowers, with their broad, thick petals, suggests solidity and massiveness; they are borne erect on stout, thick canes. Perfectly hardy and blooms twice and frequently three times in a season. Two-year-old plants, budded only, 65c each.

Price of all Roses on this page, except where noted, 15c each; any 4 for 50c; \$1.00 for 9; larger size, 20c each; 3 for 50c; two-year-old plants, all on own roots, 45c each; \$4.50 per dozen.

Dover, Pennsylvania, July 12, 1915.
Dear Sirs:—I received the Rose plants in excellent condition and thank you very much for the same. The other plants are growing nicely, and in the future I shall be a steady customer of yours, as you treat your customers in an honorable manner. Hoping and wishing you many more years of prosperity, I remain,
Respectfully,

MRS. HENRY RIDER.

HYBRID PERPETUAL ROSES—Continued.

J. B. Clark

Introduced and listed as a Hybrid Tea, but after a thorough trial, we have come to the conclusion that it belongs to the Hybrid Perpetual class.

An intense deep scarlet-rose, shaded blackish crimson, color like the sheen of a plum, often 7 inches in diameter and 5 inches deep. J. B. Clark has created a great sensation throughout the United States and Europe. A wonderfully strong and upright grower, exceedingly vigorous, with splendid and heavy dark bronze-green foliage. The glory of the plant is in its flowers, however, as they are extraordinary in size, full and double, wonderfully fragrant, of great depth, and borne freely from the first year, on long, stiff stems. This Rose has proven hardy, even in Canada, and a genuine treat is in store for everyone who plants it. We have a large stock of own-root plants, all in splendid condition. Strong, one-year-old plants, 25c each, 3 for \$1.00; larger size, 35c each, postpaid; two-year-old plants, 60c each.

PRESIDENT LINCOLN—Dark crimson, shaded red. Very good variety for outdoors.

ROBERT DUNCAN—Flowers large, perfectly formed and of good substance; petals large and shell-shaped; bright rosy-crimson.

J. B. Clark.

Eugene Furst

Strong, vigorous grower, with thick, healthy foliage. Flowers beautiful, velvety crimson, shading to maroon. Highly scented with the same delightful perfume as some of the Tea Roses. In every way a most valuable Rose.

JOHN KEYNES—Beautiful, double, globular flowers, shining red, shaded with deep maroon. Large and fragrant. A most popular variety with luxuriant foliage.

JULES MARGOTTIN—Free-flowering, hardy, with light green foliage, somewhat crimped. Large, full, somewhat flat flowers; fine, carmine color.

ROGER LAMBELIN—Very dark crimson, with narrow band of white, forming a sharp contrast. The petals are fringed irregularly, like a double petunia. Odd and unique.

CAPTAIN HAYWARD—Bright scarlet, very vivid in summer and glowing in autumn. Large, full and bold, the outer petals finely reflexed, while the center petals stand up well, making a flower of striking beauty. Hardy. 20c each; 3 for 50c; larger size, 25c each; two-year-old plants, 45c each.

HUGH WATSON—Crimson, shading to carmine. Blooms large and of finest finish; growth vigorous, branching and free; fragrant. 20c each; larger size, 25c each; two-year-old plants, 50c each.

MAGNA CHARTA—Extra-large, full flowers, very double; of fine form, and sweet; clear, rosy red, beautifully flushed with violet-crimson; sure and profuse bloomer.

Eugene Furst.

Price of all Roses on this page, except where otherwise noted, 15c each, any 4 for 50c, \$1.00 for 9; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, all on own roots, 45c each; \$4.50 per dozen, by express.

Gloire Lyonnaise

Brilliant White Rose

Great Roses are made all the greater by the publicity given them. Frequently, a variety of more than ordinary worth is allowed to "waste its sweetness on the desert air" because the public is unacquainted with its merits. This is especially true of this great variety. It makes a strong, upright bush, with beautiful deep green foliage; is practically thornless. While a Hybrid Perpetual, yet like the Hybrid Tea Roses, bearing in the greatest profusion large, pointed buds and massive flowers, on long, stiff, heavy shoots; the open flower is enormous, full deep and double. Color rich creamy white, passing, when open, to a pale shade of salmon-yellow, deepest at the center. It is absolutely hardy everywhere, and we ask that you plant it freely. It will be a constant source of delight. See, also, this glorious Rose on the color plate on inside front cover. Grown, as they are, on its own roots, one can purchase with a feeling of satisfaction and that it will be a source of joy forever. Price, 15c each, 4 for 50c; larger size, 20c each, 3 for 50c. Two-year-old plants, 45c each.

HYBRID PERPETUAL
ROSES—Continued.

Mad. Masson.

Mad. Masson

It is entirely hardy, blooms nearly all the time, as free as any Hybrid Teas, bearing numbers of large, full, double flowers of unusual beauty and wonderful fragrance; clear, bright rose; distinct and charming. A great Rose.

LOUIS VAN HOUTTE—Brilliant vinous crimson; large, full and fragrant; an excellent sort and one that we recommend most highly. One of the most beautiful Roses we have ever seen.

MAD. CHARLES WOOD—Begins to bloom almost as soon as planted, and continues all through the season; flowers extra large, double, full and quite fragrant; bright, fiery scarlet, passing to fine, rosy crimson, shaded with maroon; showy and handsome.

MRS. R. G. SHARMON-CRAWFORD—Deep rosy pink; outer petals pale flush; base of petals white, large and of perfect form. Received Gold Medal of the National Rose Society. 20c each; 3 for 50c; two-year-old plants, 45c each.

MARSHALL P. WILDER—Flowers large, semi-globular, full and of good substance; bright scarlet-crimson, richly shaded with maroon.

MABEL MORRISON—Rare and beautiful; extra large size; full, regular form; broad, shell-like petals; pure snowy white, sometimes faintly tinged with pink. Two-year-old budded plants only, 60c each.

MAD. GABRIELLE LUIZET—The color is an exquisite shade of clear coral-rose, suffused with lavender and pearl; good bloomer, hardy. Two-year-old budded plants only, 60c.

Paul Neyron

The flowers are immense; probably the largest and finest Rose; bright, shining pink; clear and beautiful; very double and full; finely scented; blooms the first season and all summer; no collection is complete without this magnificent variety.

HER MAJESTY—Of immense size and remarkably beautiful form; double, clear, rose-pink, passing to clear flesh. One of the most famous Roses in the world; exceedingly hard to secure true to name. We offer only two-year-old, low-budded plants, \$1.00 each.

LORD RAGLAN—Burgundy-crimson of a beautiful shade. Splendid flowers, distinct and beautiful.

MARCHIONESS OF LORNE—Free-flowering, with cup-shaped flowers of an exceedingly rich rosy color, slightly shaded in the center with vivid carmine. Large, very sweet and full. 20c each; larger size, 25c each; two-year-old plants, 45c each.

MAD. ALFRED CARRIERE—Extra-large, full flowers; very double and sweet; rich, creamy white, faintly tinged with pale yellow.

MERVEILLE DE LYON—Flowers extra large, fine cupped form, full and regular and deliciously perfumed; ivory-white, elegantly flushed with carmine. Strong plants, 35c each; two-year-old plants, 50c each.

DUKE OF EDINBURGH—Brilliant scarlet-crimson, shaded with maroon, large and full. Foliage very attractive.

MME. ALFRED DE ROUGEMONT—White, tinged with pink. One of the old standbys, and none better of its color. Has good flowers, is a strong grower and free bloomer.

Price of all Roses on this page, except where otherwise noted, 15c each; any 4 for 50c; \$1.00 for 9; larger size 20c each; 3 for 50c; two-year-old plants, all on own roots, 45c each; \$4.50 per dozen.

Paul Neyron.

HYBRID PERPETUAL ROSES—Continued.

Ulrich Brunner

A great Rose, known to all planters as one of the best in this class. Immense, large, bold flowers, full and globular; rich, glowing crimson, elegantly flamed with scarlet. Hardy, unusually free bloomer. Highly fragrant.

RUHM DER GARTENWELT—New flower, large and fine, on long, stiff stems; pure deep red. Free flowering. 25c each, 5 for \$1.00; two-year-old plants, 50c each.

MARIE BAUMANN—Crimson-vermilion, suffused with carmine. Large and full.

JUBILEE—Glowing velvety crimson. 20c each, 3 for 50c; two-year-old plants, 45c.

LA REINE—Clear, bright rose; large, fine, full form; fragrant and hardy.

OAKMONT—Peach-pink; flowers large and sweet; good bloomer and always satisfactory.

PERFECTION DES BLANCHES—A splendid white sort, ranking with Coquette des Alps.

PERLE DES BLANCHES—Barring Margaret Dickson, one of the very finest pure white.

PRIDE OF WALTHAM—Delicate flesh, richly shaded with bright rose, clear and distinct.

PHILIPP PAULIG—Strong, vigorous grower. Deep brownish-red, long, well formed buds, blooms large and full.

YORK AND LANCASTER—This unique Rose belongs to the Centifolia, a type celebrated for its exquisite fragrance. It dates back to the time of the War of the Roses, between the Royal Houses of York and Lancaster. Color remarkably red and white, sometimes blotched and sometimes striped; full and double. Perfectly hardy. First size, two-year-old plants only, 75c each.

GLOIRE DE MARGOTTIN—Flowers large, somewhat globular, full and deliciously scented; clear, dazzling red.

VICK'S CAPRICE—Flowers large and slightly cup-shaped, but full and deep; petals thick and lasting, having the ground color clear, satiny pink, distinctly striped and dashed with white and bright carmine. Blooms freely at short intervals during the whole season.

VICTOR VERDIER—Brilliant rosy carmine, beautifully edged with purple; extra large, full flowers. Rapid and strong grower. Hardy as an oak.

MAD. PLANTIER—For outdoor planting, the best white Hybrid Perpetual. Especially good for cemetery planting. Flowers are pure white, very large and double, a continuous bloomer. One of the best white hardy Roses.

CLIMBING FRAU KARL DRUSCHKI—As Frau Karl Druschki, or White American Beauty, has become one of the leading white Roses, so we expect this climbing form of the same Rose to become one of the most popular white climbers, as it well deserves to be, with its large, glistening white flowers and magnificent, large, fresh green foliage. It has created a positive sensation wherever grown. Entirely hardy everywhere. First size, 35c each; 3 for \$1.00; larger size, 50c each; two-year-old plants, 75c each.

Margaret Dickson

One of the Finest Hybrid Perpetual Roses Introduced
Wherever exhibited it has received first honors. The flower is of magnificent form, very large in size, almost as large as Paul Neyron, the largest of Roses; color is pure waxy white, without spot or blemish; petals very large, well shaped and of great substance. They are prettily curled back or reflexed, giving the flower inimitable grace and charm. The buds are large and globular, particularly exquisite and handsome. It is a strong, vigorous grower, with fine foliage; a free bloomer. Should be included in every order. 25c each; 5 for \$1.00; larger size, 35c each; 3 for \$1.00, postpaid; two-year-old plants, 50c each.

EMPRESS OF INDIA—Dark brownish crimson. Double and finely shaped flowers. A strong, vigorous grower.

MRS. JOHN LAING—Immense flowers, full and double, borne in great profusion on long, stiff stems, and exceedingly sweet. Clear, bright, shining pink, exquisitely shaded. Buds long.

Price of all Roses on this page, except where noted, 15c each, any 4 for 50c, \$1.00 for 9; larger size, 20c each, 3 for 50c; two-year-old plants, all on own roots, 45c each, \$4.50 per dozen.

The Famous Soupert Roses

Always Blooming

These famous Roses will give absolute satisfaction to every purchaser. They bloom the first year and will be in bloom every year from early May until severe freezing weather. More than once we have seen them bloom in open ground after a severe snowstorm. There are no Roses like them; certainly none better. If you try them, take our word for it, you will not be disappointed.

Prices: Strong plants, 10c each, 6 for 50c, 12 for \$1.00, 25 for \$2.00; larger size, 15c each, 5 for 60c, 9 for \$1.00, postpaid; two-year-old plants, 35c each, by express.

Clotilde Soupert

Known the world over as one of the very best of all bedding Roses. A strong, dwarf grower and a truly wonderful bloomer, producing clusters after clusters of the finest formed flowers. Full and double, and deliciously sweet.

The color effect is beautiful—ivory-white shading toward the center to silvery rose.

RED SOUPERT

(Ma Petite Andree)—An unusually strong grower, dwarf and compact, producing

large, full, double flowers in amazing profusion. Color brilliant crimson. This is the original variety, and it is still the first and best of its class.

PINK SOUPERT—Identical with Clotilde Soupert, except in color of flower, which is clear, lively pink and at a distance resembles a carnation. Has the same stocky, sturdy habit of growth, blooms as freely, with large, handsome flowers; same form as Clotilde Soupert.

YELLOW SOUPERT (Mosella)—The flowers are very double, and of the same camellia-like form as Clotilde Soupert, and are produced in immense clusters; buds exceedingly dainty. A strong, upright, bushy grower. Color white, on beautiful, light, yellow ground; center chrome-yellow.

WHITE SOUPERT (Clotilde Pfitzer)—The genuine White Soupert. Identical in every way with Clotilde Soupert, except in color, which is ivory-white. Free blooming and hardy.

Special Offer of Soupert Roses

One each of the five beautiful Soupert Roses, one-year-old plants, five in all, 40c; larger size, five plants, 50c; postpaid; two-year plants, five in all, \$1.50, by express.

Bedding Effect of the Baby Ramblers.

Dwarf or Baby Rambler Roses

THE FAMOUS CRIMSON BABY RAMBLER—One of the most useful and ornamental Roses yet introduced. It blooms in immense clusters similar to Crimson Rambler, every day in the year, but grows only 20 inches high. Better than an azalea, it is superb for single specimens, dwarf hedges and for bedding. The color is clear and brilliant ruby-red; foliage dark and glossy. Free from insects and absolutely hardy everywhere.

THE LOVELY ANNY MULLER—This Rose is very much the same as the Crimson Baby Rambler, except in the color of the flowers, which are a shiny and brilliant pink, produced in the greatest profusion in large clusters. It is a splendid companion for the other excellent members of this family.

DOUBLE WHITE BABY RAMBLER—A most beautiful companion to the Crimson Baby Rambler, growing to the same height, and bearing great masses of double, pure white flowers, covering the plant as with a mantle. The Roses are delightfully scented, reminding one somewhat of a hyacinth.

BABY TAUSENSCHON—A dwarf form of the Climbing Tausendschon or Thousand Beauties. It has all the characteristics of the climber in the charm of its flowers, but blooming the entire season. Flowers firm, white, delicately flushed pink, changing to deep rosy-carmine. 25c each; two-year-old plants, by express, 50c each.

BABY DOROTHY—This magnificent Baby Rambler is equally as meritorious, if not more so than Crimson Baby Rambler, which has become so famous. Of dwarf growth, it blooms practically all the time, producing in amazing quantities large clusters or panicles of its beautiful pink flowers, which are full and double, the color of which is almost identical with the flowers of Dorothy Perkins. Entirely hardy.

MRS. TAFT—An improved Baby Rambler, clear red in color, does not fade like the Baby Rambler. Beautiful.

MRS. WM. CUTBUSH—Of dwarf growth, producing in constant profusion flowers of pale pink, borne in huge trusses throughout the entire summer and autumn. Hardy.

PHYLLIS—Considered by many to be the most popular of the Pink Baby Ramblers. The color is the shade of the Lawson Carnation—beautiful carmine-pink. Grows to a height of two feet; very hardy; always in bloom; flowers are produced in continuous succession in large clusters.

JESSIE—Of all the "Baby Ramblers," this new variety bids fair to outstrip the others in popularity. The flowers are of a brilliant crimson, much the color of a Richmond Rose and are borne in huge clusters from early in the season until frost.

ORLEANS—The most attractive of all the Baby Rambler Roses. A very rapid grower, soon producing a bush resembling a huge bouquet of brilliant geranium-red flowers, suffused with rose, with a rosy-white center.

YELLOW BABY RAMBLER—Similar in habit of growth to the other Baby Ramblers, but of a lemon-yellow. Makes a beautiful contrast with the others.

Price of all Baby Rambler Roses offered on this page, except where noted, 15c each for strong one-year pot plants; 4 for 50c; larger size, 20c each; 6 for \$1.00; two-year-old plants, 40c each; \$4.00 per dozen, by express.

Dear Sirs:—

Belleville, Illinois, May 28, 1915.

I will herewith let you know that I received the Roses in very good condition. You surely gave me a dollar's worth for every dollar received, and a little bit more too. I am surely one of your satisfied customers and will speak a good word for your company whenever I can. When these Roses all start to bloom they will be a good advertisement for you. I will take the best of care of all of them now and in the future. Whenever I want any more Roses I will know where to send, too, to receive fair and square treatment.

Yours truly, MRS. GEORGE SCHLEICHER.

Everblooming Bourbon and China Roses

Queen Scarlet.

PINK DAILY—Bright pink, full double; fragrant; constant bloomer.

PRESIDENT D'OBLECQUE—Purplish crimson.

SANGUINEA—Fiery red; double.

WHITE DAILY—Pure white; free bloomer.

New Bourbon, Bengal and China Roses

BARDOU JOB—Large, rich, crimson flowers shaded with black.

BOURSALT ROSE, GRACILIS—A hardy climbing Rose. Blooms in immense clusters; bright red.

CAROLINE MARNIESSE—The blossoms are blush-white, small but full; borne in clusters.

MADDALENA SCALARANDIS—Color rich dark pink on yellow ground.

J. B. M. CAMM—Pure pink flowers in great profusion.

RED HERMOSA—The color is bright, rosy red.

STRIPED MALMAISON (Bertha Clavel)—Creamy white rose center; petals striped.

The Bourbon and China Roses are hardy in almost every section of the country, so we list them together. They are strong and vigorous growers, blooming freely and continuously. Roses of these classes will bloom freely the first year from young plants. They are splendid for autumn blooming, as they remain in flower until the approach of winter.

Prices of all these Roses offered on this page, except where noted, strong one-year-old plants, 10c each, 6 for 50c, \$1.00 per dozen; larger size, 15c each, 4 for 50c, 9 for \$1.00, post-paid; two-year-old plants, 35c each, by express.

HERMOSA—The favorite of the old-time gardens, and just as popular today; blooms in fine clusters; large, very double and fragrant; color beautiful clear rose; a constant bloomer; hardy. First size, 15c each, 4 for 50c; larger size, 25c each; two-year-old plants, 45c each.

Agrippina—Fiery red; double and sweet.

Appoline—Clear pink and rosy crimson.

Archduc Charles—Crimson-scarlet.

Beau Carmine—Fine carmine-red; very rich.

Bourbon Queen—Bright carmine; edged white.

CHAMPION OF THE WORLD—A free-blooming, hardy Rose. Flowers of large size; color lovely clear, deep pink. 15c each, 4 for 50c, 9 for \$1.00; two-year-old plants, 40c each, 3 for \$1.00; strong, three-year-old plants, 75c each.

MME. EUGENE MARLITT—A most magnificent Rose of this type, of a brilliant shade of red. The bush is strong growing and lusty, fairly weighted down all summer with its profusion of bloom. First size, 20c each, 3 for 50c; larger size, 30c, 4 for \$1.00; two-year-old plants, 40c each; three- and four-year-old plants, 75c each.

QUEEN'S SCARLET—A constant and profuse bloomer, color, velvety scarlet; very brilliant and striking. A most brilliant and striking Rose which deserves general planting everywhere. Excellent Rose for bedding.

COMTESSE DE BARBANTANE—Flesh-color.

CRAMOISI SUPERIOR—Medium size, rich dark velvety crimson; very double, full and beautiful.

DUCHESSE DE THURINGE—Pure white, shaded with amber.

HENRY PLANTIER—Bright, shining rose; extra large, hardy.

SOUVENIR DE LA MALMAISON—Blush-white shaded flesh; large and very double; sweetly scented. Especially good.

DOUGLAS—Dark, cherry-red, free bloomer.

LA PHOENIX—Red, shaded crimson.

LOUIS PHILIPPE—Velvety crimson.

LUCULLUS—Dark crimson-maroon; large, full and fragrant; very double; a constant and profuse bloomer.

MADAME BOSANQUET—Pale flesh, shaded deep rose.

MALMAISON—One of the choicest Roses in our collection, and unsurpassed for general cultivation. Rich, creamy flesh, distinctly and elegantly shaded clear peachy red, with a rose center; flowers very large, perfectly double and deliciously fragrant. Particularly valuable for outside cultivation, being quite hardy. 15c each, 4 for 50c, 9 for \$1.00; larger size, 25c each; two-year-old plants, 45c each.

MARIE DRIVON—Fine, clear pink, sometimes light rose.

MONTHLY CABBAGE—An old favorite still in great demand; bright rosy pink.

MRS. DE GRAW—Bright coral-pink; borne in clusters.

"Sturdy as Oak" Rugosas

For years we have advocated the planting of this class of new and rare Roses, which are now becoming so popular. They can be used in so many ways that they are almost indispensable. They make sturdy, compact bushes, four to six feet high, which are very ornamental, owing to their dark, shiny, rich green, wrinkled, leathery foliage. Free from insects and disease, thrive under almost any condition and hardy as an oak. Also excellent for hedges or cemetery planting. Some bloom all summer, but all produce in the fall the beautiful orange-red or crimson seed pods, producing a striking effect.

SIR THOMAS LIPTON—The best pure white Rugosa Rose. Strong and vigorous; grows 4 feet high. Flowers perfectly double, pure snow white. Fragrant, borne on long stems continuously throughout the season. Hardy. Fine for hedging, cemetery and park work.

CONRAD FERDINAND MEYER—Strong grower; perfectly hardy; flowers very large; well filled. Silvery rose. Very fragrant.

ROSA RUGOSA RUBRA—The popular hedging Rose. Crimson flowers are large and single, followed by glossy red berries.

ROSA RUGOSA ALBA—Identical with the preceding, but the flowers are white and produce yellow berries. Price of Rubra and Alba, 15c each; 4 for 50c; two-year-old plants, 35c each, \$3.50 per dozen.

NEW CENTURY—Bright, rosy pink, with red center, with petals widely bordered with creamy white.

MAD. GEORGES BRUANT—Buds are long and pointed; flowers glistening white and fragrant.

Price of Rugosas, except where noted, strong, one-year-old plants, 20c each, 3 for 50c; larger size, 30c each, 2 for 50c, postpaid; two-year-old plants, 50c each.

New and Rare Wichuraiana Roses

All are new Wichuraiana Hybrids of American origin, hardy in all sections, and are literally Tea Roses with climbing or trailing habit and undeniable hardiness. All bloom in clusters. All Roses under this heading, 15c each, any 4 for 50c; larger size, 20c each, 3 for 50c; two-year-old plants, 40c each.

Crimson Roamer—Richest crimson-red.

Debutante—Beautiful soft pink flowers.

Edwin Lonsdale—Pale lemon-white.

Farquhar—Clusters of bright pink; double.

Gardenia—Very fragrant; creamy yellow.

Improved Universal Favorite—Brilliant pink.

Jersey Beauty—Pale yellow, bright stamens.

John Burton—Delicate peach; very double.

Lynch's Hybrid—Bright pink; handsome.

Manda's Triumph—Double; pure white.

Pink Pearl—Pearl-pink, with yellow stigmas.

Pink Roamer—Pink, with orange center.

Prof. C. Sargent—Deep golden yellow.

Red Memorial—Brilliant carmine-red.

Robert Craig—Yellow and apricot.

South Orange Perfection—White; double.

Sweetheart—Pink, turning to bluish-white.

Universal Favorite—Beautiful rose.

White Star—Beautiful, single, white.

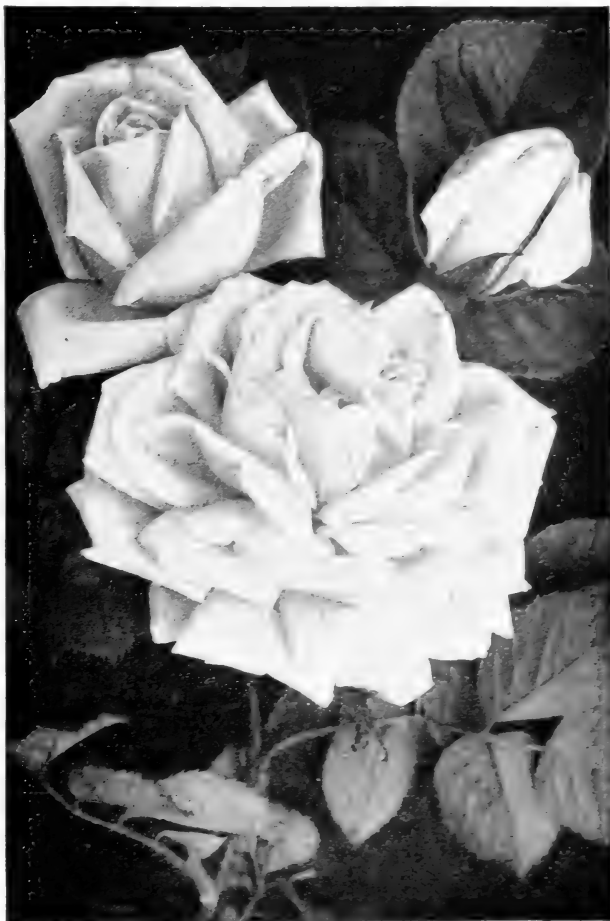

Wichuraiana—Single; pure white; fragrant.

Wm. C. Egan—Beautiful shade of rose.

Wm. F. Dreer—Creamy white.

Evergreen Gem—Double white flowers.

Wm. K. Harris—Pale flesh-color; very dainty.

Sir Thomas Lipton.

Rare Miscellaneous Roses

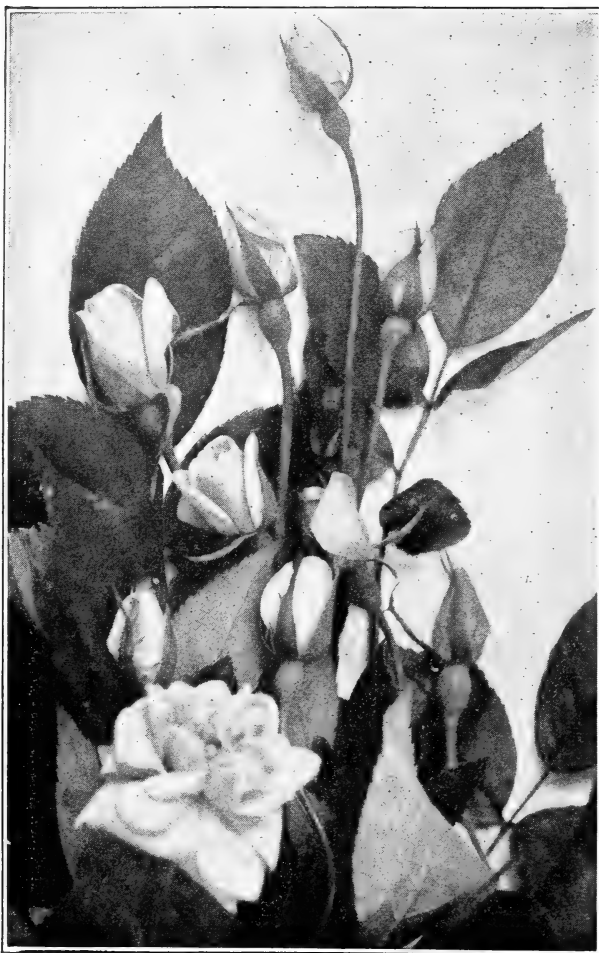

ENGLISH SWEETBRIER ROSE—Desirable for shrub-beries and general planting; the flowers are bright pink and single; the fragrance of the flowers, leaves and young branches in the early spring perfumes the whole neighborhood. Large plants, 20c each, 3 for 50c; two-year-old plants, 45c each.

HARRISON'S YELLOW ROSE—One of the finest, pure deep yellow, hardy Roses ever grown. Three-year-old plants, very fine, 75c each.

PERSIAN YELLOW—The old-fashioned hardy yellow Rose. Deep yellow and perfectly hardy everywhere. Three-year-old plants, 75c each.

THE CHEROKEE ROSE—A strong, erect-growing sort, with glossy green leaves. The bushes bear large, pure white Roses in great profusion. Moderately hardy. One of the favorites in the South, converting the most homely object into a thing of beauty. 20c each, 3 for 50c, 7 for \$1.00; two-year-old plants, 40c each.

SOLEIL D'OR—While this unique Rose is beautiful in the extreme, it has not proved satisfactory as a bush Rose in this country, and we do not recommend it. A blending of reddish gold, orange-yellow, nasturtium-red and pink. Low-budded, field-grown plants, 75c each.

The Dainty Buds of Mlle. Cecile Bruner.

New Hybrid Polyantha Roses

Etoile de Mai—Buds creamy white; lemon center in the open flower.

Eugenie Lamesch—Buds pure bright ochre-yellow, passing into light yellow.

La Prosperine—Peach-red, center orange.

Ma Fillette—Color peach-red, on yellow ground; center carmine. Blooms in clusters.

Petit Constant—Color capuchin-red and carmine, with orange and aurora reflection.

Polyantha Grandiflora—Produces large panicles of white, semi-double flowers.

Shower of Pearls—Exquisite snow-white.

Snowball—Produces its snow-white, camellia-like blossoms in large clusters.

15c each; 4 for 50c; 9 for \$1.00; larger size, 20c each; 6 for \$1.00; two-year-old plants, 40c each, by express.

Polyantha, or Fairy Roses

The members of this distinct and charming class of ever-blooming Roses, of which the Baby Rambler forms a conspicuous group, are distinguished by their dwarf, bushy habit of growth, medium size, very double flowers and delightful fragrance. They are borne in large clusters and masses, almost covering the whole plant with a sheet of bloom. Our two-year-old plants are particularly good.

Price of all Roses on this page, except where noted, 15c each; 4 for 50c; 9 for \$1.00; larger size, 20c each; 6 for \$1.00; two-year-old plants, 40c each.

Mlle. Cecile Bruner

Rosy pink on rich creamy white ground; a great bloomer; very satisfactory for bedding.

MARIE PAVIE—Medium size, very full and double; borne in large clusters; white flushed with carmine; delightfully perfumed.

MIGNONETTE—Clear pink, tinged with rose; an immense bloomer.

MINIATURE—Smallest of all Roses. Flowers in wreaths and custers cover the plant; cream-rose, flushed red.

PERLE D'OR—Coppery gold, changing to fawn and salmon; flat-rayed form, very double; elegantly perfumed.

ETOILE D'OR—Double flowers, borne in large clusters; pale chrome-yellow, with rich, citron-red center; blooms profusely.

FLORA—Flowers quite large, very full and round, delightfully perfumed and borne in immense clusters. Fine ivory-white, tinged with soft rosy blush.

FLORABUNDA—Pale rose, medium size, very double and fragrant; borne in clusters.

GEORGE PERNET—Flowers medium size, very full, with fine imbricated petals; lovely buff-rose, delicately shaded lemon and fawn.

GLOIRE DE POLYANTHA—Fine citron-rose, elegantly flushed pale crimson.

JEANNE DRIVON—Pure white, faintly tinged crimson.

LITTLE PET—Creamy white, sometimes delicately tinged with salmon-rose.

Moss Roses; The Old-time Favorites

Entirely hardy everywhere. Once planted are practically permanent. Flowers and buds have an abundance of lovely, deep green moss. Price, 20c each; 3 for 50c; 7 for \$1.00; two-year-old plants, 45c each; \$4.50 per dozen.

BLANCHE MOREAU—Flowers are produced in clusters, large, full and sweet; pure white; most beautifully mossed.

CRESTED MOSS—Beautiful rose-pink; mossing is handsome and effective.

HENRI MARTIN—A splendid Moss Rose of a delightful pink in color, with the buds most beautifully mossed. The bush is extra hardy and profuse in bloom.

GLORY OF MOSSES—Flowers very bright and delightfully fragrant. Color glossy pink tinged with crimson.

SALET—Rose-pink, very large and beautifully mossed.

PRINCESS ADELAIDE—A most beautifully mossed Rose of an exquisite shade of pink. Hardy and vigorous in growth.

MOUSELINE—Pure white flower, buds heavily and beautifully mossed.

Green Rose (Viridiflora)

A most interesting member of the family of Roses, grown for its oddity. The petals are small, pointed and set thickly, and are of the same color as the foliage—dark pea-green. It is one of the Roses which will create much interest wherever grown. First size, 15c each; larger size, 20c each; two-year-old plants, 40c each.

Dingee Hardy Climbing Roses

Hardy Climbing Roses have the popular call. They have become an absolute necessity for beautifying the home, for training over porches, verandas, trellises and pergolas, and they make most beautiful flowering hedges when trained on low supports. Also when grown as individual specimen plants, as they soon form a beautiful bush more ornamental than many hardy shrubs. They can be kept trimmed into any shape or height desired, and thus make a large, handsome bush

A Thousand Beauties

(German Tausendschoen)

The most sensational Climbing Rose yet introduced, not even barring Crimson Rambler. A single cluster of flowers is a bouquet in itself, hence the very fitting name, "Thousand Beauties." Blooming profusely from the beginning of June until the last of July, the flowers appear in large clusters (10 to 15 in cluster) of splendid size and quite double. The colors run from delicate balsam to tender rose through the intermediate shades of bright rose and carmine, with white, yellow and various other indescribable tints showing. There is no other Rose in cultivation like it. It is a strong grower, with but few thorns, magnificent foliage, impervious against mildew and absolutely hardy in the open ground everywhere. It has created a veritable sensation, and has been awarded numerous medals. The most remarkable Rose of its kind in the world.

ALBERIC BARBIER — A

Great New Yellow Climbing Rose. Very best hardy Climbing Rose in cultivation. Should be in every garden. Grows in almost any soil or situation, good or bad. Free from insect attacks, beautiful, heavy, waxy foliage. Continues in bloom for quite a protracted period; absolutely free from mildew; in short, the type of Rose that may be planted and forgotten; thrives without care. The beautiful yellow flowers are unusually full and double and are produced sometimes singly and sometimes in clusters, with the utmost freedom. All plants grown on own roots, and once started increase in size and beauty year after year.

Rose. No other concern offers such a complete list of Climbing Roses as we, including, as it does, all the new kinds, as well as the old tried and true favorites which may be found spreading their beauty all over our fair land.

All the Climbing Roses in our unequalled list are on their own roots—a most vital point in a Climbing Rose. Some are absolutely hardy in the coldest parts of the country, while others growing luxuriantly in the middle and southern sections, require some slight protection in the North. The same high quality of stock distinguishing Dingee Roses, the same care in propagation and growing makes this class a most important one in our business.

Prices of all Hardy, Climbing Roses offered on this page, except where noted, 20c each; 50c for any 3; larger size, 25c each; 5 for \$1.00, postpaid; two-year-old plants, 45c each; \$4.50 per dozen, assorted varieties, by express,

A Thousand Beauty Roses bought from Dingee & Conard Co. a few years ago. Very truly yours,
MRS. FLORENCE R. ANDREWS,
Connecticut.

HARDY CLIMBING ROSES—Continued.

Philadelphia Crimson Rambler.

Dorothy Perkins

The Brilliant Pink Rambler Rose. Flowers are borne in large clusters, are very double, with prettily crinkled petals; remarkably pretty pointed buds, beautiful clear shell-pink in color, lasting a long time without fading. The bush is perfectly hardy in all localities, a rapid and thrifty grower, bearing its wondrous flowers in great clusters.

EXCELSA—A new and distinctive Rambler of remarkable merit. A remarkable grower, free from insects and producing a great quantity of blooms of crimson maroon with the tips of the petals scarlet. Flowers full and double and thirty or forty produced on a stem. The undesirable features of the Crimson Rambler, the unsightly foliage, is eliminated in this Rose by the infusion of Wichuraiana blood. Hardy everywhere, and soon produces a magnificent bush. Will grow in any situation. An excellent variety for hedges and pergolas.

Price of all Climbing Roses on this page, except where noted, strong, one-year-old plants, 15c each, any 4 for 50c; larger size, 20c each, 3 for 50c; two-year-old plants, 40c each, \$4.00 per dozen; by express,

Philadelphia Crimson Rambler

This now famous variety differs from the old Crimson Rambler in having brighter, deeper and more intense crimson color. Earlier than the Crimson Rambler and entirely free from mildew. Flowers perfectly double and of excellent substance.

DR. W. VAN FLEET—Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a remarkable delicate shade of flesh-pink on the outer surface, deepening to rosy flesh in the center. The flowers are full and double, of delicate perfume; buds pointed. It very much resembles Souv. de Pres. Carnot in color. Strong, rapid grower. Immune from insects and disease. Foliage deep green the entire growing season.

WHITE DOROTHY—It is a rampant grower and in a short time will cover a large trellis with its long, sturdy canes clothed with brilliant green, shining foliage of splendid texture and free from mildew or attacks of insects. The flowers are of a brilliant, glistening white and are borne in great trusses, completely covering the plant, until it resembles a snowdrift.

NEWPORT FAIRY—A strong, sturdy grower, with healthy, bright green foliage. It is everblooming, producing an abundance of lovely single flowers of deep pink color, shaded lighter in center.

HELENE—Soft violet rose, base of petals yellowish white.

LADY GAY—Flowers of a delicate cherry-pink color, which fades to a soft white; deep green foliage. Vigorous grower, perfectly hardy. Will cover a large porch or trellis in an incredibly short time. One of the most charming of all climbers.

Climbing Rose, Dorothy Perkins.

NEW CLIMBING ROSE

WHITE MAMAN COCHET

Climbing White Maman Cochet

For many years the old White Maman Cochet has been considered one of the very best of all White Tea Roses, and this new climber has all the superfine qualities of that old standard Rose, with added value in its climbing habit. The foliage is strong and of a delightfully fresh green, is not subject to disease or insect attacks, and even when not in bloom the plant is of great charm, adding great beauty to the house.

The exquisite white flowers, every one of which is a perfect specimen of the White Maman Cochet Rose, are borne in the greatest profusion, fairly covering the plant all summer, for it is one of the most constant bloomers of all the white climbing Roses. It is absolutely hardy, except in the extreme North, where it requires some slight protection. It is a strong, vigorous grower, throwing up strong canes 15 to 20 feet long in a single season.

First size, strong plants, 20c each, 6 for \$1.00; larger size, 30c each; two-year-old plants, very large, 50c each.

AMERICAN PILLAR—A new Climber of extremely vigorous habit of growth, the bushes being clothed in lively green from earliest spring until late in the fall. The flowers are produced in profusion, fairly covering the bush, and their pretty pink color is a delight to the eye. In the fall, the flowers are followed by large clusters of attractive red berries, which are highly ornamental. Planted singly or in groups on the lawn, this Rose is sure to evoke favorable comment. Strong young plants, 20c each, 6 for \$1.00; larger size, 35c each; two-year-old plants, 45c each.

BALTIMORE BELLE—Pale blush variegated carmine-rose and white. Very double flowers in beautiful clusters.

BIRDIE BLYE—Buds long and pointed. Color bright carmine, changing to bright satiny rose as they open. Blooms produced at the end of every shoot in clusters.

CHRISTINE WRIGHT—Large, thick, leathery foliage. Flowers 4 inches in diameter. Color bright, clear pink, almost double; borne in large clusters.

GAINSBOROUGH—Delicately tinted flesh, almost white and lustrous as satin. An admirer compared the flower to a beautiful girl wearing a Gainsborough hat ornamented with white ostrich plumes; hence the name.

Price of all Hardy Climbing Roses offered in this section, except where noted, 15c each, 50c for any 4; larger size, 20c each, 3 for 50c, postpaid; two-year-old plants, 40c each, by express.

Friend, Neb., March 11, 1915.

Dear Sirs:—Last year I purchased from you your Special Offer of 16 Roses for \$1.00, and I was astonished at the growth of them. Every one of them grew. The climbers in the collection grew from ten to sixteen feet, and the ever-bloomers were loaded with buds and flowers from July until November. Your Roses are sure what you claim them to be, and then some.

Yours very truly, ROY GIBSON.

HARDY CLIMBING ROSES—Continued.

Climbing Rose Lady Gay.

Keystone

Perfectly hardy everywhere, blooms in wonderful profusion, absolutely immune from insect attacks and has a vigor of constitution found in no other kind. The open flower of Keystone is perfectly double, with buds beautifully formed. It is a deep lemon-yellow Rose, similar to Coquette de Lyon. The fragrance is much like that of magnolia blossoms. Readily attains a height of 15 feet in a season, branching freely, and has always come through the winter without damage, even in the most exposed situations, not requiring protection. Keystone possesses every feature that denotes a good Rose.

DAWSON—A cross between Multiflora and General Jacqueminot. The flowers are bright carmine, very double and produced in large, pyramidal clusters.

LEUCHTSTERN—Large bunches of single white flowers of bright rose, with a distinct white eye.

CLIMBING JULES MARGOTTIN—Flat carmine flowers the same as the parent plant, except a little smaller. Splendid for pillars, etc.

CLIMBING WHITE PET—Snow-white; cherry-like fragrance.

CLARA JACQUIER—Small nankeen-yellow flowers are produced profusely in large clusters like Crimson Rambler. Hardy; early.

EMPRESS OF CHINA—The Apple-Blossom Rose. Soft dark red, changing to light pink, like an apple blossom.

Price of all Roses on this page, strong, one-year-old plants, 15c each, 4 for 50c; larger size, 20c each, 3 for 50c; two-year-old plants, 0c each, by express,

Lady Gay

Flowers of a delicate cherry-pink color, which fades to a soft white; deep green foliage. Vigorous grower, perfectly hardy. Will cover a large porch or trellis in an incredibly short time. One of the most charming of all climbers.

TRIUMPHANT—Deep rose, changing to pale carmine; shaded and variegated.

WHITE MICROPHYLIA—Perfectly double and sweet; pure white.

MULTIFLORA—Fairly covers itself with great clusters of small white, single, fragrant flowers.

SUPERBA—Bright rosy pink, clear and beautiful. Blooms in clusters

TENNESSEE BELLE—Bright rosy blush; large, full and fragrant.

NORTHERN LIGHT—Strong, upright grower, bearing quantities of beautiful pink and white Roses of various shades and combinations of color. Quite double.

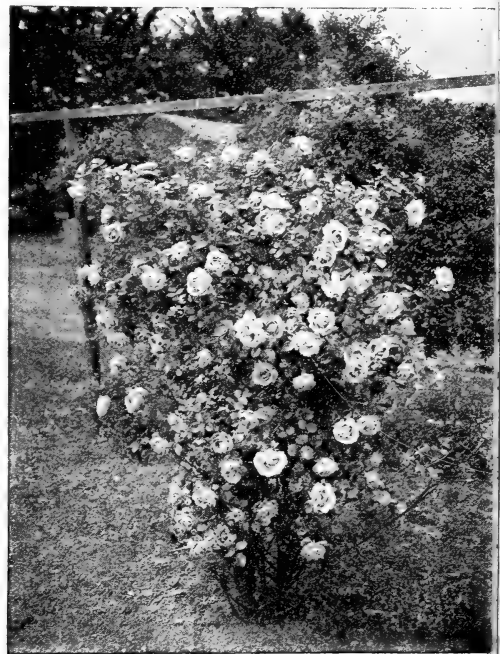

PINK ROVER—The open flowers have the delicate tints of Alba or Maiden's Blush Roses. It is of climbing habit; hardy, with protection, and very sweet. The color is pale pink.

EVERBLOOMING PRAIRIE QUEEN—Prairie Queen has long been considered the best of its color. In this everblooming variety we have a vast improvement. A true perpetual bloomer, bearing flowers continuously throughout the season. Very fragrant, dark carmine-rose; large and very double, borne in clusters. Perfectly hardy. 60c each, 2 for \$1.00; two-year-old plants, \$1.00 each.

PRAIRIE QUEEN—Color bright pink, sometimes with a white stripe. Large, compact and globular; very full and double.

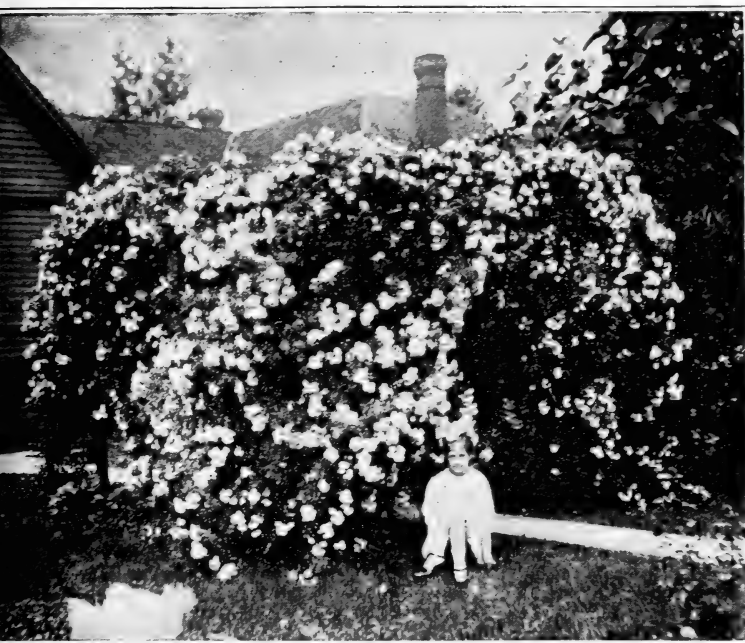

PRIDE OF WASHINGTON—Bright amaranth, shaded rose center; large double clusters.

LA FIAMMA—Dark, glossy green foliage. Flowers crimson and white.

Climbing Rose Keystone.

Dingee Famous Rambler Roses

Rambler Rose.

The Flower of Fairfield

A rampant climber, it bears continuously enormous clusters of brilliant crimson flowers from early spring until frost. The youngest plants bloom profusely the first year. Absolutely hardy everywhere and retain the bright fresh green of its foliage all summer. Don't fail to include this marvelous, hardy, everblooming climbing Rose.

BORDEAUX—A new handsome, hardy climbing Rose from France with splendid clusters of wine-red flowers, larger than those of the Crimson Rambler. Strong, rapid grower. Foliage free from disease and insects. Leaves long and pointed.

YELLOW RAMBLER (*Aglaia*)—Flowers are deep golden yellow and very fragrant.

WHITE RAMBLER (*Thalia*)—Flowers pure white, sometimes tinted with blush.

PINK RAMBLER—Large trusses of brilliant carmine flowers. Very popular.

CLIMBING MOSELLA—A climbing type of the popular bush Rose of this name, producing its creamy yellow flowers in clusters, hardy. 30c each; two-year-old plants, 60c each.

ILY ITO—A pretty, dainty foliaged climber of rapid growth, which bears a great profusion of small Polyantha flowers of pearly blush. A Japanese importation.

HIAWATHA—Single, deep intense crimson shade; petals shading pure white at the base. Foliage light glossy green.

Prices of all Roses on this page, except where noted, 15c each; any 4 for 50c; larger size, 20c each; 3 for 50c; two-year-old plants, 40c.

This great family of Climbing Roses has become so well and so favorably known that we do not consider extended description is necessary. The various Rambler Roses are absolutely essential to the modern Rose-garden. All these Rambler Roses are hardy throughout the country, and once planted become permanent.

Crimson Rambler

(The Rose of the Masses)—One-year plants will attain a height of 10 to 20 feet in a single season, and the second year they will continue to produce a marvelous profusion of rich and glowing crimson flowers in large clusters. It presents a vivid crimson mass of beauty when in full bloom, during June and July. It is absolutely hardy everywhere.

RUBIN (A New Rambler)—Flowers are large and more double than Crimson Rambler; color bright, shining crimson-scarlet. Hardy in all localities. A strong, rampant climber, and has received a certificate of merit by the German National Rose Society.

POM POM—Beautiful new seedling Rose. A cross between Crimson Rambler and Wichuriana. Sent to us by the United States Department of Agriculture. Splendid, strong, climbing habit, producing clusters of beautiful double, shining pink flowers. We are the

only house offering this exclusive novelty. One-year-old plants, 30c each; larger size, 50c each; two-year-old plants, 75c each.

GREVILLE, or SEVEN SISTERS—Flowers in large clusters; varies from white to crimson.

PSYCHE—White, suffused with salmon-rose and pink, base of petals yellow.

RUSSELL'S COTTAGE—Dark, velvety crimson; very double and full.

MRS. F. W. FLIGHT—Recommended as the "Queen of all Ramblers." Beautiful carmine flowers, with white center; large, semi-double in form, and borne in enormous clusters. Very free-flowering. Unsurpassed for arches and pillars. Magnificent; try it.

PERLE DES NEIGES (*Multiflora*)—Perpetual flowering. Foliage and growth of Crimson Rambler, with large panicles of double, snow-white blossoms. A free and continuous bloomer.

WEIGAND'S CRIMSON RAMBLER (*Non Plus Ultra*)—Introduced as an improved Crimson Rambler; a little fuller in the flower and deeper in color. Two weeks earlier.

WHITE BANKSIA—Pure white, violet-scented flowers; perfectly double.

YELLOW BANKSIA—Fine clear yellow; very full and beautiful.

TAUNUS BLUMSCHEN—A new rose-pink Rambler; a most profuse bloomer.

TRIER—Produces immense trusses of pale rose-colored flowers, changing to white.

MINNEHAHA—New. A charming double satiny pink-flowering Rambler of a most pleasing color. Flowers are borne in clusters; foliage glossy green.

A Hardy Everblooming Pink Climbing Rose

"CLIMBING MY MARYLAND"

The Latest and Most Beautiful Rose of Recent Introduction

(See illustrated in natural color on opposite page.)

Climbing My Maryland introduced and offered for sale only by us. This Rose originated here on our place and no stock of it has yet been sold to any one. We control the entire stock of this magnificent Climbing Rose, so don't be misled by the claims of others. This Rose is a sport of the well-known Hybrid Tea Rose, "My Maryland," and has all the desirable features of its parent, with a remarkable climbing tendency, growing 10 to 15 feet in a single season. Foliage deep glossy green, immune from disease and insects. Hardy in any location. Blooming with the greatest freedom the entire season. Equally as well in the far South as in the North. Buds and blooms of immense size, often measuring 6 inches in diameter, and perfect formation, borne singly on long shoots, thus making it an ideal one for cutting. Buds long and pointed, same as "My Maryland," opening full and double. Petals large. Color bright salmon pink with paler edges, beautifully dark veined; delightfully fragrant. This Rose has so many good qualities that we predict it will soon be one of the leaders in its class, and those who are fortunate enough to secure a plant of it this season will be able to enjoy its beauty and be the envy of their less fortunate neighbors for several seasons, as our stock is limited, and orders will be filled in rotation in which they are received. Price, strong first size or one year-old plants, from 2½-inch pots, 30c each, 4 for \$1.00, postpaid; larger size, 40c each, 3 for \$1.00, postpaid; large two-year-old plants, 60c each, by express. All grown on their own roots, and good, clean, healthy stock.

Climbing American Beauty

A real American Beauty in Climbing Form—attains a height of 15 feet in a single season—Sturdy as an Oak—Our stock on its own roots, not on wild roots—Once planted practically everlasting—No new Rose of recent years so Sensational and Meritorious as this Latest Dingee Offering.

(Beautifully illustrated in natural colors on opposite page.)

American Beauty is perhaps the best known, most popular and impressive Rose in cultivation. Big, gloriously rich in fragrance, the flowers are simply superb. Every Rose expert has longed to produce this Queen of Beauty in climbing form through the delicate science of hybridizing and cross breeding. This is no ordinary Climbing Rose, but is a vigorous, rampant, climbing type of the real American Beauty, with its gorgeous flowers and its surpassing fragrance. Immense blooms measuring 3 to 4 inches in diameter; and each one is invariably produced on a separate stem. The color is glowing crimson red, the real American Beauty color. The foliage is magnificent and is an important feature in climbing Roses, for without healthy, leathery foliage any climbing Rose is a failure, because it is unsightly. Climbing American Beauty has tough, beautiful, glossy green foliage, which in itself is ornamental and retains its brightness during the entire season. Absolutely hardy in all localities and withstands the rigid winters of a temperature 10 to 25 degrees below zero without protection. Equally satisfactory in the warmer southern climates. For single specimens, for pergolas, for climbing over verandas, or any place that an ordinary vine will grow, Climbing American Beauty will thrive. It does not require any petting or coaxing.

Remember, every plant is pot grown, and unlike stock sold by nursery agents, is on its own roots. Once planted, it practically lasts forever.

Prices: Strong, one-year-old plants, 20c each; larger size, 30c each, postpaid; strong, vigorous two-year-old plants, 50c each; still larger specimen plants, 75c each, by express.

Climbing Tea and Noisette Roses

These are the Roses which make such a glorious display in the warmer sections of the country, covering porches, pergolas and trellises with their handsome foliage and gorgeous

flowers. Those marked H. will be found hardy even in the coldest climate if given protection during the winter, while those marked M. H. are moderately hardy and especially valuable for open-ground culture south of Philadelphia and in California.

Marechal Niel M. H.

This is the wonderful golden Rose our friends in the Southland are so fortunate in being able to grow in their gardens to perfection, and which yields such splendid returns if given slight protection and care in the North. Buds and flowers superb; extra large, very double, and deliciously perfumed. Deep golden yellow. Blooms with greatest freedom. In the North, should have very careful protection in open ground during winter.

Marechal Niel, the most brilliant yellow Climbing Rose.

AMERICA (M. H.)—Creamy yellow.
BEAUTY OF GLAZENWOOD (M. H.)—Brilliant golden yellow.

CAROLINE GOODRICH (H.)—Velvety crimson.
CELINE FORESTIER (H.)—Sulphur-yellow.

CLAIRE CARNOT (H.)—Buff or orange-yellow.

CHROMATELLA (Cloth of Gold) (M. H.)—Bright yellow.
CLIMBING DEVONIENSIS (H.)—White, tinged with blush.

CLIMBING HERMOSA (H.)—Flowers borne in great profusion; clear, bright pink.

CLIMBING PERLE DES JARDINS (M. H.)—Same as the grand old Perle des Jardins; climbing habit.

FORTUNE'S DOUBLE YELLOW (M. H.)—Bronzed yellow or coppery and fawn color.

ZELIA PRADEL (M. H.)—White buds and flowers.

JAMES SPRUNT (M. H.)—Deep cherry-red, double.

GOLD OF OPHIR (M. H.)—Nasturtium-yellow, suffused with coppery red.

LAMARQUE (M. H.)—Canary-yellow, almost white.

MADAME BERARD (M. H.)—Color creamy white, with amber and pale blush.

MADAME CAROLINE KUSTER (M. H.)—Beautiful orange-yellow, large and very double.

GLOIRE DE DIJON (H.)—Rich creamy white, beautifully tinged with amber and pale blush.

MARY WASHINGTON (H.)—Pure white; perfectly double; borne in large clusters.

REVE D'OR (M. H.)—Buff-yellow; good.

REINE MARIE HENRIETTE (H.)—Extra large flowers; glowing crimson.

REINE OLGA DE WURTEMBOURG (M. H.)—Double flowers, borne in clusters; clear cherry-red.

ROYAL CLUSTER (H.)—White; spicy fragrance.

SOLFATERRE (M. H.)—Climbing habit; fine clear sulphur-yellow; large, full and double.

WASHINGTON (M. H.)—Large, pure white; double.

WILLIAM ALLEN RICHARDSON (M. H.)—Coppery yellow, flushed with carmine.

ALLISTER STELLA GRAY—Light yellow.

CARMINE PILLAR—Rosy carmine.

CLIMBING BRIDESMAID—Clear, dark pink.

CLIMBING MALMAISON—Color rich, creamy flesh.

CLIMBING MARIE GUILLOT—Pure snow-white, tinged with pale yellow.

CLIMBING CECILE BRUNNER—Color rosy pink, rich, creamy white ground. Needs protection.

ELIE BEAUVILLAIN—Lovely salmon-color.

FANNY STOLWERCK—Yellow, and salmon-rose.

JENE ANDRE—Good sized, orange-yellow.

MADAM WAGRAM—Fresh satiny rose.

PILLAR OF GOLD—Rosy pink, base yellow.

QUEEN ALEXANDRA—Deep pink, cream center.

STRIPED REINE MARIE HENRIETTE—Striped and flamed in bright carmine and pale rose.

WHITE MARECHAL NIEL—Identical with its parent, Yellow Marechal Niel, but pure white.

ZEPHERIN DROUAT—Flowers very large and double, of fine, bright rose color.

Price of all Roses on this page, strong, one-year-old plants, 15c each; 4 for 50c; larger size, 20c each; 3 for 50c; two-year-old plants, 40c each, by express.

Climbing Gruss an Teplitz

Or VIRGINIA R. COXE

Hardy Climbing Hybrid Tea Roses

The Roses on this and the next page are noted for the exquisite beauty of their flowers, rivaling, as they do, those of the Hybrid Tea Class. They are all wonderfully strong and growing, hardy and vigorous, and in constant bloom all summer. In the middle sections of the country and in the Northwest they thrive and bloom most luxuriantly, while in the warmer sections they fairly run riot in their glory of growth and bloom. Even in the coldest Northern states they grow to perfection, but will require protection in winter.

CLIMBING COL. R. S. WIL-

LIAMSON—A sport from the Hybrid Tea Rose of the same name, but a remarkable grower. Magnificent blooms on long single stems, full and double. Color exquisite shade of soft rich carmine. In bloom all summer. Hardy in all localities. Price, strong, first size plants, 25c each; 5 for \$1.00, post-paid; 2-year-old plants, 50c each, by express.

Mrs. Robert Peary

The Great White, Hardy, Everblooming Climbing Rose
Introduced by The Dingee & Conard Co.

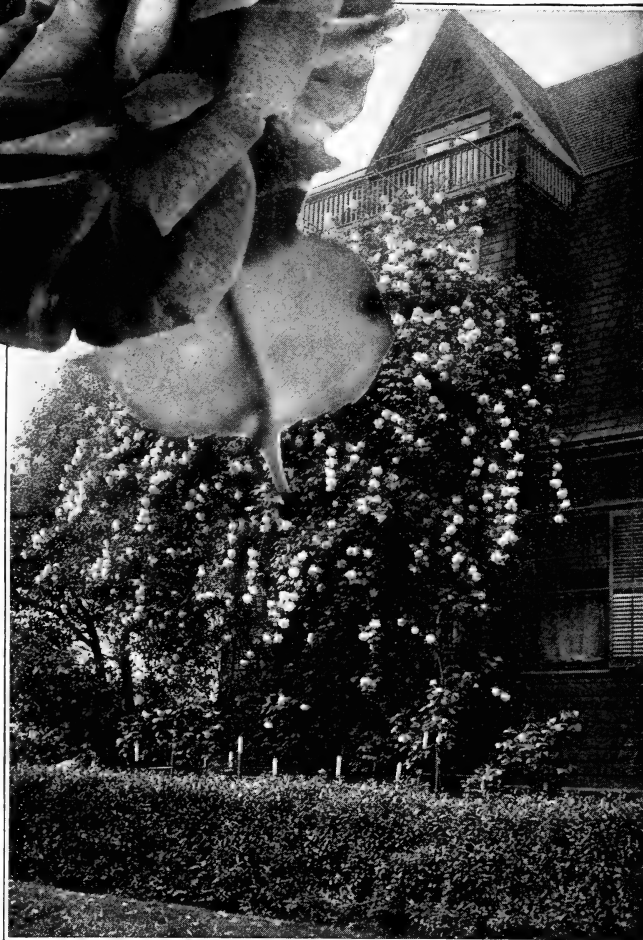

A strong and rapid grower, coming to perfection in the open ground. It is as hardy as any hybrid perpetual or Moss Rose and will withstand the most severe winters unprotected. Small plants of **Mrs. Robert Peary** will bloom continuously throughout the season and the flowers are magnificent beyond description. The buds are long and pointed, finely modeled and gracefully finished, while the fragrance is indeed delicious. The flowers, when open, are of splendid substance, extra large, deep and double, produced on long, stiff stems, like those of a forcing Rose.

CLIMBING MAD. JULES GROLEZ—A climbing form of one of the finest of the new Hybrid Tea Roses—Mad. Jules Grolez, a Rose described as a red Kaiserin Augusta Victoria. The bush is remarkably thrifty.

LADY GODIVA—A magnificent white sport from Dorothy Perkins, with flowers growing in splendid clusters and of remarkably vigorous growth and handsome foliage. Dark green foliage and free from ravages of insects or disease.

Price of all Roses on this page, except otherwise noted, strong, one-year-old plants, 20c each; 4 for 50c; larger size, 25c each; two-year-old plants, 45c each, by express.

A valuable addition to this class of Roses so rapidly coming into popularity on account of their blooming qualities. This is an exact counterpart of the bush Rose Gruss an Teplitz, but a vigorous climber, attaining a height of 10 to 15 feet in a single season. When it first blooms in the spring it is a dazzling sheet of velvety crimson. Each bloom is produced singly on long stems, the same as the bush variety so well known. It produces blooms throughout the growing season. Price, strong first size plants, 25c each; 5 for \$1.00, post-paid; two-year-old plants, 50c by express.

Climbing Gruss an Teplitz,

Climbing Killarney

Five years ago we offered for the first time a climbing type of the famous pink Rose, Killarney, the most celebrated Hybrid Tea of its color yet introduced. Repeated trials both in our grounds and by our friends who purchased this marvelous Rose, and who have written very enthusiastic letters about it, confirm the statements we made in regard to it. The beautiful flowers of this wonderful Rose are identical with the parent variety, but the bush is of the climbing habit of growth, placing it at once in a class by itself, because there is no other climbing variety of its color. It is a strong, rapid grower, growing to perfection in the open ground, throwing up shoots 10 to 15 feet high in a single season, and is entirely hardy. It blooms continuously throughout the season, and the flowers are magnificent beyond description, immense, long, pointed buds with massive petals, opening into flowers of enormous size; color deep pink, bright and sparkling, an exquisite shade, deliciously fragrant; in fact, one of the greatest new Roses we ever offered. Our stock is limited, and orders will be filled in strict rotation. Early orders are therefore advisable, even if you do not wish to plant at once. We will carefully set aside the plants, delivering them at any time desired.

CLIMBING WOOTTON—A strong and rampant climber, growing in one season to a height of 10 to 15 feet, with large and heavy insect-proof foliage, it produces superbly formed flowers in wonderful profusion. They are bright and magenta-red, passing to violet-crimson, richly shaded.

CLIMBING LA FRANCE—A sport from La France with a climbing habit of growth. A strong, rapid grower, producing large, delicate, silvery pink flowers in great abundance.

NEW CLIMBING CRIMSON BABY RAMBLER—This new, magnificent, hardy climbing Rose combines the wonderful everblooming qualities of the famous Crimson Baby Rambler Rose with a climbing habit which makes it one of the best of all Roses for porch or pergola adornment. The flowers are brilliant crimson and are borne in large clusters, all summer through, creating at all times a most beautiful effect. The plant is extra strong in growth, absolutely hardy and clothed with handsome foliage, which is not subject to attacks of insects or disease.

CLIMBING HELEN GOULD—Really a Climbing Tea Rose, with the same magnificent, deep and double flowers, the same freedom of bloom as shown in the bush Rose, Helen Gould or Red Maman Cochet. The growth is sturdy, the foliage grand, the flowers warm, rosy crimson, sometimes beautifully striped, flamed and shaded in bright carmine over pale rose.

VEILCHENBLAU, or VIOLET BLUE (Blue Rose)—The Blue Rose is one of the most rampant growers we have ever seen, covering a large porch in a single season. The flowers are borne in loose clusters and are of a delightful shade of blue—something entirely different from any Rose in cultivation.

CLIMBING PAPA GONTIER—This new Climber has all the superior merits of its parent and bearing in the greatest profusion all summer the same handsome, deep crimson flowers. The bush is perfectly hardy and a remarkably rapid grower.

Price of all Roses on this page, first size, from pots 3 and 3½ inches in diameter, 20c each, 6 for \$1.00; larger size, 30c each, 4 for \$1.00; two-year-old plants, 45c each, by express.

Bloom of Climbing Killarney.

Climbing Clotilde Soupert

A Wonderful, Hardy Climbing Rose, in Constant Bloom.

An offspring of that famous Rose, Clotilde Soupert, this beautiful, hardy, everblooming climber is excellent in every way. It is most vigorous, and the small plants will attain a height of 15 to 25 feet in a single season, branching extensively. Climbing Clotilde Soupert produces cluster after cluster of the most finely formed flowers, large, round, perfectly double, with beautiful imbricated petals, the odor of which is delightful. The ivory-white color, shading toward the center to silvery rose, gives an effect that is indescribably beautiful. Climbing Clotilde is thoroughly hardy everywhere and needs no petting.

CLIMBING METEOR—A superb everblooming climbing Rose. A sport from Meteor, famous for its magnificent flowers. True climbing habit, attaining a height of 10 to 15 feet in a single season. Free, persistent bloomer, with magnificently formed buds and flowers. Dark velvety crimson, the equal of any Rose in cultivation. Hardy with protection and will give absolute satisfaction.

Chester, Penna., May 26, 1915

Dear Sirs:—Permit me to felicitate you upon your Climbing Killarney Rose. The specimen you sold me two years ago, this year has developed to date ninety buds, which develop into show flowers, on stems from 7 to 15 inches long. It is the most remarkable Rose I ever saw, and is attracting wide attention.

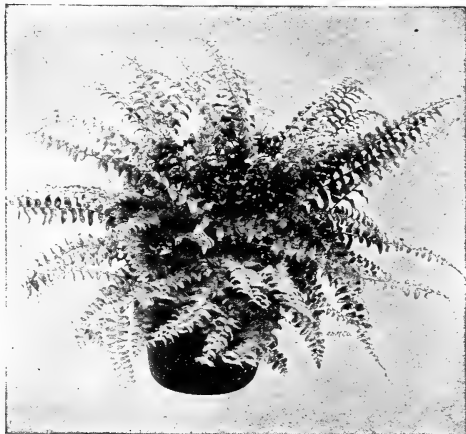

Very truly yours, E. WALLACE CHADWICK.

Dingee Decorative Ferns

There is no plant that seems to fill such an important place as these Decorative Ferns. Their adaptability to almost all conditions makes them the best decorative plant grown. Easy of culture, equally adapted for indoors or out, that no one should be without them. Use a soil composed of five parts; two parts of good garden soil, two parts finely screened peat or leaf mould from the woods, and one part sharp clean sand. This should then be thoroughly sterilized by putting in an oven and baking in order to destroy earth worms, etc. Place some broken pieces of pots or crocks and some charcoal in the bottom of each pot for drainage. A temperature of not less than 55 degrees F. should be maintained at all times, with a rise in the day time of 10 degrees to 15 degrees. Judgment should be exercised in watering. On warm days they should be syringed at least twice. Never allow them to become too dry. Insects which are most troublesome are thrips, red spider, scale and mealy bug. Thrips, red spider and mealy bug are easily prevented by a properly moistened atmosphere, also by spraying of foliage once a week with tobacco water, made the consistency of weak tea, and increased or decreased in strength as occasion demands.

SCOTTII (Dwarf Boston or Newport Fern)—Much more bushier growth than the Boston. The fronds droop gracefully, but are not as long and heavy as the Boston. Very rapid grower. A great demand for house Fern.

TEDDY JR.—New dwarf Fern. Fronds are broad and beautifully tapered from the base to the tip, drooping just enough to make a graceful plant. Produces nearly four times as many fronds as any other Fern introduced. Compact, vigorous grower and thrives under most any condition.

-Teddy Junior,

Whitmanii Compacta.

JACKSONII—Extremely strong grower. Resembling the Sword Fern, forming a large upright plant in a short time.

WHITMANII COMPACTA—

This is a condensed form of the "Ostrich Plume Fern," with valuable characteristics added which are not evident in the parent, the pinnae subdividing, making miniature fronds, looking as if two or more were condensed in one. Graceful beyond description.

THE BOSTON FERN—This

Fern differs from the ordinary Sword Fern in having much longer fronds which frequently attain a length of 6 feet, drooping gracefully over the side of the pot or jardiniere, and on this account it is frequently called the Fountain Fern. This drooping habit adapts this variety for growing as a single specimen for a

Whitmanii Fern.

table or pedestal. Equally good for outdoors during the summer months as well as a decorative plant for indoors during the winter.

WHITMANII (Ostrich Plume Fern)—More of a dwarf habit than the Boston Fern. The fronds are of entirely different nature. Each frond is subdivided on the order of the Compacta Fern, thus producing a very beautiful effect. Its decorative ability is excellent.

AMERPOHLII (Philadelphia Lace Fern)—The fronds lace-like, dense and delicate. Small leaflets are subdivided into perfect miniature fronds. The side ones stand at right angles together and on edge instead of flat giving both sides the same beautiful appearance. It is impossible not to see the beauty and grace of this wonderful Fern.

ROOSEVELT—Resembles the Boston Fern, but produces many more fronds, thus making a handsomer and bushier plant; in fact it today is more popular with the florists than the Boston; it will make a larger plant in a shorter time. The fronds are beautifully undulated, giving it a very pretty rising effect that is seen in no other Fern.

Price of all Ferns in extra strong pot plants, 20c each, 6 for \$1.00; large plants from 4- and 5-inch pots, 50c each, postpaid.

Dingee Surpassing Dahlias

These popular flowers are a great specialty with us and our collection contains the finest new and old varieties. Dahlias succeed in any soil or situation. They bloom profusely, beginning about the first of August and continuing until killed by frost, producing flowers of magnificent form and exquisite colors. After blooming, the roots should be taken up and wintered in a dry cellar. Plant them freely. Their gorgeous flowers coming as they do, when almost all other flowers have vanished, will amply repay their trifling cost. A small collection will make a magnificent display.

Fancy Dahlias

Ethel Schmidt—White, suffused pink, spotted and penciled crimson. Perfect form and produced in the greatest profusion on long, slender stems.

Fern Leaved Beauty—Rich red, tipped white, with fern-like foliage.

Frank Smith—Rich maroon, tipped white.

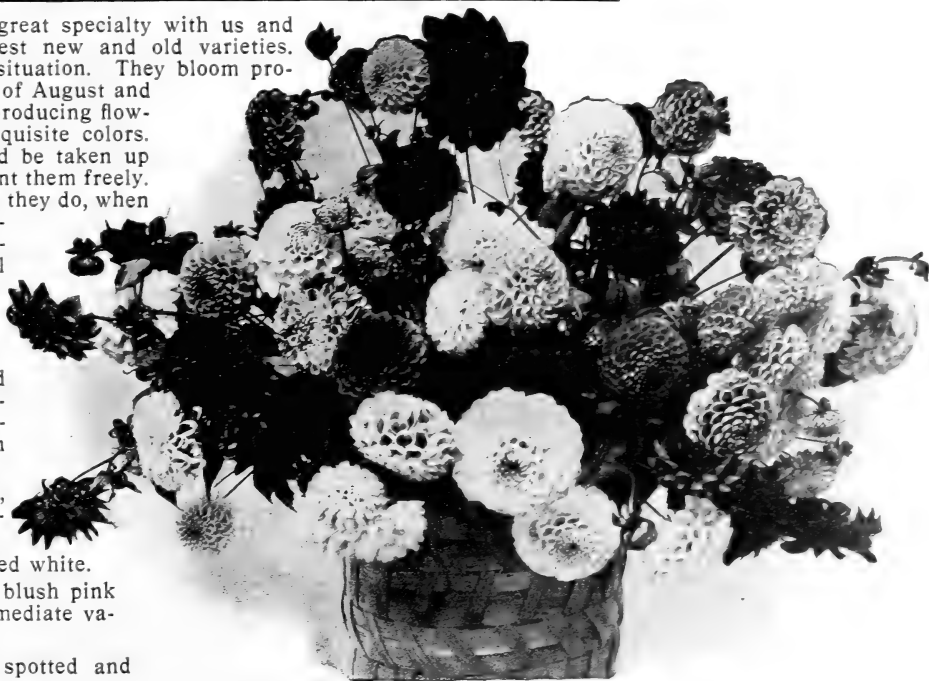

Uncertainty—Color varies from blush pink to dark red, with all the intermediate variations, no two flowers alike.

Gold Medal—Brightest yellow, spotted and penciled vermilion. Strong plants.

Mrs. John Dounie—Intense golden yellow, tinting lighter toward the edges, beautifully striped bright glowing red. Always perfect and full to the center. An early, profuse and continuous bloomer.

Marie Gehring—Bright canary yellow, lightly striped cardinal red.

Gold Smith—Yellow edged and striped bright crimson. A magnificent flower.

Assortment of Dahlias.

Decorative Dahlias

Clifford W. Bruton—Very large, clear canary yellow.

Dorothy Peacock—The flowers are of large size, exquisite form, while the color is beautiful, clear, live pink.

Flora—The best pure white decorative, large, early, profuse and continuous bloomer, long stems.

Golden Wedding—A giant in flower and plant. This is probably the largest of all Dahlias, while the color is that deep golden yellow found in the Golden Wedding Chrysanthemum.

Grand Duke Alexis—White edged lavender, quilled petals.

Jack Rose—The best crimson for garden or cutting; that brilliant crimson red that makes the "Jack" Rose so popular, and suggested the name.

Minnie McCullough—Very striking. Soft golden yellow tipped bronzy red; effective under artificial light, perfect form, on long erect stems.

Mrs. J. Gardner Cassatt—A new Rose pink decorative Dahlia, that has attracted the greatest attention. The flowers are of immense size and borne abundantly on long stems.

Mrs. Roosevelt—Very large, soft pink.

Nymphæa—One of the most delicately beautiful. White suffused shrimp pink.

Professor Mansfield—A giant decorative of most unique coloring, a pleasing combination of yellow, red and white.

Sylvia—Deep pink tinting to flesh pink at center; large, perfect form, on long stiff stems. One of the best for cutting or garden.

Virginia Maule—Very large, white, delicately suffused shrimp pink.

Gladys Century.

Prices of all Dahlias on this page, except where noted: Pot-grown plants, purchaser's selection, 15c each; 4 for 50c; \$1.25 per dozen, post-paid.

Show Dahlias

- A. D. LIVONI**—Clear, bright pink; quilled petals; best pink Show Dahlia.
- ARABELLA**—One of the loveliest; soft primrose, shaded and tipped rose.
- CHAS. LANIER**—Very large, golden yellow, shaded amber.
- PRINCESS VICTORIA**—Finest pure yellow Show Dahlia. Clear, pure canary-yellow, without shade or blemish from bud to old age. Perfect form, on long, slender stems, extremely early; profuse bloomer.
- STORM KING**—The earliest white Show Dahlia; perfect form and extremely profuse bloomer.
- WHITE SWAN**—Large, pure white. Reliable.

Cactus Dahlias

- COUNTRY GIRL**—Large, deep golden yellow, tipped bright amber. Beautifully incurved petals.
- FRUTE**—Soft salmon pink, shaded and tipped clear, bright pink. This is the clearest and finest pink Cactus Dahlia, as the predominant color effect is clear, pure salmon pink.
- J. H. JACKSON**—Very large, rich velvety maroon.
- JULIET**—Rosy pink, tinting lighter toward the center. Very large, with long, incurved petals.
- KRIEMHILDE**—Deep rosy pink with lighter center. A distinct and valuable variety, as the flowers keep a long time after cutting.
- MRS. GEORGE STEVENSON**—Very large, clear canary-yellow. The best yellow cactus.
- MRS. H. J. JONES**—Scarlet, tipped white. Bright and effective.
- THE PILOT**—Yellow, heavily tipped bright terra cotta.
- WHITE KRIEMHILDE**—A new pure white Kriemhilde, the best commercial white Cactus Dahlia. It is a strong, vigorous grower, and very profuse bloomer. Price, 20c each, 3 for 50c.

Peony-flowered Dahlia.

Century Dahlias

- 20TH CENTURY**—Early in the season intense rosy crimson, shading to white at tips and base of petals, but as the season advances the flowers open lighter, until by October they are nearly white, a bright pink blotch in the center of the petals.
- FRINGED 20TH CENTURY**—The first of a new race, with cleft or serrated petals. A great improvement of 20th Century, much larger, brighter color, while the stems are long, slender and stiff. Bright rosy crimson, with lighter markings. Height 4 feet.
- GIGANTEA ALBA CENTURY**—Snow white, of immense size, beautiful form; produced in endless profusion on long, graceful stems. Height, 5 feet.
- GLADYS CENTURY**—The most distinct and beautiful of this wonderful class. Center of petals rosy crimson, with rose pink band on either side, and white zone around the yellow center. Height, 3 feet.
- GOLDEN CENTURY**—The sensational golden yellow cut flower variety; owing to its rich shades, immense size, long, slender, wiry stems and good keeping qualities. Golden yellow shaded amber; gorgeous under artificial light. Height, 4 feet.

Paeony-Flowered Dahlias

- SENSATION**—Vermilion red, tipped snow white. Distinct and striking. A strong, vigorous grower and profuse bloomer.
- JOHN WANAMAKER**—This wonderful new creation marks a new era in Dahlia culture. It is not only one of the largest and handsomest, but has a distinctly new habit of branching, or stooling, right at the ground. The color is an exquisite and fashionable shade of rose lake, or as popularly called, orchid-pink.

Price, all Dahlias on this page, except where noted, pot-grown plants, purchaser's selection, 15c each, 4 for 50c, \$1.25 per dozen, postpaid.

Cactus Dahlia.

Dingee Magnificent Ever- blooming Cannas

The introduction of these wonderful decorative plants in this country is so woven into the history of West Grove that it is known far and near as the home of magnificent plants. Starting back many years ago when we first introduced the Canna Flamingo, at that time considered the finest flower of the kind, and when Dr. Van Fleet, now connected with the Horticulture Department at Washington, was in our employ. Since that time wonderful improvement has been obtained in the development of new varieties, such as increasing the size of heads, and individual flowers, the color of the blooms, the size of the plants and the length of the blooming period, all of which has increased the popularity of the gorgeous flowers. Cannas are easily grown, and will thrive in almost any situation. Any kind of soil seems to suit them, either light or heavy, fertile or poor.

Best New Cannas of Recent Introduction

MRS. WOODROW WILSON—A good, strong, robust grower and exceptionally free bloomer. Light green foliage veined. Color a rich but soft crimson pink with very large flowers with broad, overlapping petals. Blooms soon after planting and continues until nipped by frost. 50c each, postpaid.

PANAMA—The unusual color markings of this new Canna is its attractive feature. The orange-red petals are bordered with a broad edge of golden-yellow. Flowers large and overlapping. Free bloomer. 25c each, postpaid.

FIREBIRD—This variety captivates all who see it. The trusses are very large and compact and showy; with nicely rounded petals $2\frac{1}{2}$ inches or more wide. Plants bear the heads of blooms well above the green foliage. The color is extremely desirable, being absolutely pure scarlet with no suffusion streaks or blotches. 3 to 4 feet. Price of strong pot plants, 35c each, postpaid.

KATE F. DEEMER—An interesting and showy sort of variable color; a rich yellow when first opened, but bleaching to almost pure white at the ends and developing a conspicuous scarlet throat. 5 feet. 20 cents each.

OLYMPIC—Gigantic heads. Rich oriental red with a lighter shade towards the center. 5 feet. 25c each.

METEOR—A brilliant new crimson Canna of unusual merit. Green foliage, massive blooms. 20c each.

MRS. ALFRED F. CONARD—4 feet. One of the latest introductions. Color a beautiful shade of salmon-pink. Flowers of immense size. Producing blooms so freely as to make a continuous show for several months. Price, strong pot plants, 20c each.

ROSEA GIGANTEA—3 to 4 feet. A magnificent showy Canna of a rose to carmine-pink shade. Flower heads of immense size. Strong pot plants, 20c each.

Canna Panama.

IMPROVED MONT BLANC—Magnificent glistening pure white flowers. 3 feet. Strong pot plants, 20c each; 6 for \$1.00.

JUPITER—Beautiful, rich red flowers. 6 feet. 20c each.

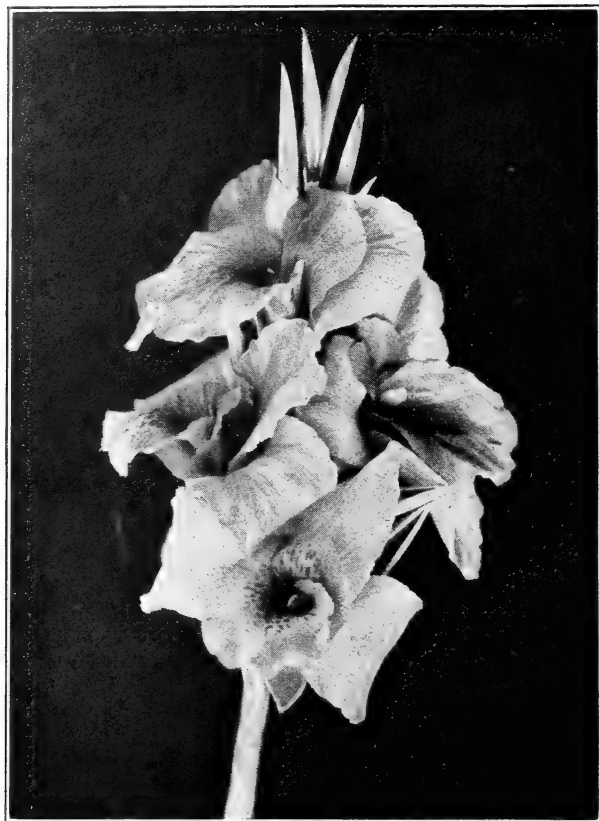

WILLIAM SAUNDERS—Bright scarlet in immediate clusters; bronze foliage. 4 feet. 20c each, 6 for \$1.00.

KING HUMBERT—Orange scarlet, striped crimson. Foliage bronze. $4\frac{1}{2}$ feet. 20c each; 6 for \$1.00.

Bed of Famous West Grove Cannas.

EVERBLOOMING CANNAS—Continued.

Canna, Kate Deemer.

How to Plant Cannas In a Circular Bed

Start with one plant of a tall growing habit for the center. Draw a circle eighteen inches from this one and use a dwarfier variety for this circle which will require six plants, then draw another circle eighteen inches from the first circle or thirty-six inches from the center and use a still dwarfier variety for this circle which will require 12 plants, and plant each succeeding circle in the same manner. Each succeeding circle will require six more plants, set 18 inches apart, which is the proper distance, than the previous circle, thus, 1 plant for the center, 6 plants for the first circle, 12 plants for the second circle, 18 plants for the third circle, and so on. A bed 4 ft. in diameter will require 7 plants; a 7-ft. bed, 19 plants; 10-ft. bed, 37 plants, 16-ft. bed, 91 plants. For the best effect plant beds in all one variety, as the sloping effect can be secured by making the soil in the bed higher in the center and sloping to the edges. For border around the beds use Alternantheras, Sweet Alyssum, or Coleus. Alternantheras should be set 6 inches apart, Coleus 12 inches for the best effect. Sweet Alyssum found on page 108 can be sown at time of planting the Cannas.

We offer special collections of these plants for different size beds on page 9.

Choicest Orchid-Flowering Cannas

Remarkable for Large Flowers of Magnificent Colors, Will Heavy, Healthy Foliage.

- Allemania—Yellow, splashed with red. 5 to 6 feet.
- Austria—Golden yellow, dotted red. 6 ft.
- Burbank—Yellow, spotted crimson. 6 ft.
- Italia—Red, with yellow border. 7 ft.
- Louisiana—Orchid-flowering. Vivid scarlet. 5 ft.
- Black Prince—Velvety maroon. 5 ft.
- Kate Gray—Orange. 7 ft.
- Pennsylvania—Red. 7 ft.

Ornamental-Leaved Cannas

- Brandywine—Bronze-leaved; crimson. 4½ ft.
- David Harum—Bronze foliage. Red. 3½ ft.
- Eastern Beauty—Dark foliage. Red. 4½ ft.
- Shenandoah—Red foliage, pink flowers. 4 ft.
- Egandale—Dark foliage, scarlet. 3½ ft.
- Evolution—Bronze foliage, yellow. 5 ft.
- John White—Variegated. Foliage red.
- Wyoming—Purple foliage, orange flowers.

Standard Varieties

- Alsace—The White Canna. Early. 3½ ft.
- Beaute de Poitevine—Rich crimson. 4 ft.
- Buttercup—Bright, buttercup-yellow; extra large. 3 ft.
- Betsy Ross—Beautiful rose-pink. 3 ft.
- Charles Henderson—Solid crimson. 3½ ft.
- Comte de Bouchard—Yellow. 4½ ft.
- Duke of Marlborough—Crimson. 3½ ft.
- Florence Vaughan—Yellow, dotted red. 4 ft.
- Florida—Scarlet with golden band. 2½ ft.
- George Washington—Crimson. 3½ ft.
- Governor Roosevelt—Red, striped yellow.
- President McKinley—Rich crimson. 2½ ft.
- Striped Beauty—Red and yellow. 3 ft.
- West Grove—Beautiful pink. 4½ ft.
- Souv. d'Antoine Crozy—Intense scarlet. 3 ft.
- J. D. Eisele—Vermilion-scarlet. 3½ ft.
- Mad. Crozy—Orange, edged gold. 2½ ft.
- Louise—Rose-pink, streaked red. 5 ft.
- Miss Sarah Hill—Carmine-crimson. 4 ft.
- Martha Washington—Pink. 3 ft. 20c each, 3 for 50c.
- Maiden's Blush—The best pink. 3 ft.
- Mlle. Berat—Large, pink flowers. 4 ft.
- Rosemawr—Pink with throat of gold. 3 ft.
- Philadelphia—Crimson-scarlet. 3 ft.
- Pillar of Fire—Crimson-scarlet. 7 ft.
- Queen Charlotte—Orange-scarlet. 3 ft.
- Queen of Holland—Purple foliage. 3½ ft.
- Venus—Gay, rosy pink with mottled border. 4 ft.
- Niagara—Deep crimson and yellow. 3 ft.
- Mixed Cannas—Comprising good kinds, our selection, superb for bedding or massing. Strong plants, 10c each, 6 for 50c, \$1.00 per dozen, postpaid.

We offer strong, well rooted plants from pots. Every plant is guaranteed to grow. After each variety we have indicated the height of plants when fully grown. Price, except where otherwise noted, strong pot plants with ample foliage, 15c each, 4 for 50c, 9 for \$1.00, \$1.35 per dozen, postpaid.

Dingee Magnificent Carnations

We offer strong plants and, whether planted in the open ground or in pots, they quickly make large specimens, blooming profusely during the summer. For winter bloom pinch the plants back from time to time during the summer. Bring indoors in early fall. Grown in pots they will bloom abundantly during the winter.

New Varieties

Alma Ward—New white variegated; large and fragrant.
Dorothy Gordon—A fine, clear, deep shell pink.
Glariosa—Pure deep pink.
Harlowarden—The best standard crimson on the market.
Mrs. C. W. Ward—Deep pink.
May Day—Charming white flower of large size.
Rose-Pink Enchantress—Deeper pink than Enchantress.
Sangamo—Brilliant red.
White Perfection—Clear brilliant white; fine form and very large.
White Wonder—A truly wonderful white flower of immense size.
Winsor—Charming shade of pink; extra large.
 Price, strong pot plants, 15c each; 4 for 50c; any 9 for \$1.00, postpaid.

Standard Varieties

Apple Blossom—Handsome white flower daintily marked pink.
Beacon—Dazzling scarlet; very large and full.
Boston Market—Standard white.
Enchantress—Brilliant pink; fine shade; large size.
Georgia—A great new white. Exquisite.
Lawson Enchantress—Brilliant pink; fine shade; large size.
Victory—Brilliant red; extra large flowers and particularly free in bloom.
White Enchantress—Magnificent large white flower of splendid form.
W. H. Taft—Handsome shade of pink; extra large flower.
 Price, strong pot plants, 10c each; any 6 for 50c; 12 for \$1.00, postpaid.

Special Offer

"Novelty Set." For \$1.00 we will send, postpaid, 6 of the New and 6 of the Standard Varieties, 12 in all. Order as the "Novelty Set."

Dingee Palms

ARECA LUTESCENS—Trunk and stem golden green. Strong plants, 6 to 8 inches high, 25c each; 3 for 60c, postpaid; large plants, 14 to 18 inches high, 60c each, postpaid.

COCOS WEDDELLIANA—The daintiest of all Palms. Strong plants, 3-inch pots, 50c.

KENTIAS—The grandest of all Palms. *Kentia Bellmoreana* is the tallest grower, while *Kentia Forsteriana* has the broadest leaves. Strong plants, 8 to 12 inches high, 25c each; 3 for 65c, postpaid; larger plants, 40c each; 2 for 75c, postpaid; large plants, splendid specimens, from 6-inch pots, 75c.

Kentia Palm.

Type of Dingee Carnations.

DINGEE PALMS—Continued

CYCAS REVOLUTA—Broad Palm-like foliage springing from a large crown. Fine, large plants, from 5-inch pots, 15 to 18 inches high, 5 to 8 leaves, \$1.00 each, by express only.

LATANIA BORBONICA—Divided, fan-shaped leaves. Strong plants, 20c each; 3 for 50c; larger size, 30c each, postpaid; large plants, 14 to 18 inches high, from 5-inch pots, 75c each, postpaid.

DRACAENA INDIVISA—Long, variegated leaves. 15c each; 4 for 50c.

PHOENIX CANARIENSIS—Date Palm. Highly ornamental. 20c each.

PHOENIX ROEBELINI—Graceful, long, Palm foliage. 35c each.

Norfolk Island Pine - Araucaria excelsa

Dark green branches arranged in perfect whorls. Superb decorative plant. Resembles a miniature evergreen of perfect symmetry and graceful form. Admirably adapted for house culture. Strong plants, 8 to 10 inches high, 75c each; postpaid; larger plants, 12 to 15 inches high, from 6-inch pots, \$1.00 each, by express.

Free-Blooming Fuchsias

Strong plants, sure to bloom, 10c each, 4 for 35c; 6 for 50c, postpaid.

Speciosa—Scarlet and white.

Trophy—Purple; extra large.

Rozains Patrie—Double; white and carmine.

Duke of Albany—Violet-purple; drooping.

Mme. Thebaud—Bright carmine; double.

Constancy—Carmine and white; extra large.

Trailing Queen—Wine-color.

Mrs. C. Blanc—Magenta-purple; trailing.

Lovely—Rose-mauve and scarlet; large.

Jupiter—Rich carmine; extra yellow foliage; large; double.

Wave of Life—Crimson tube; royal purple corolla. Abundant bloomer.

Phenomenal—Finest, free blooming, double; sepals of bright crimson.

Special Offer

The entire collection of twelve splendid Fuchsias described above for \$1.00, postpaid.

Miscellaneous Plants and Bulbs

Asparagus Plumosus.

Asparagus Sprengeri

For pots, vases, or hanging baskets. The long, slender branches droop most gracefully, clothed with feathery, emerald-green fronds. **Strong plants, 15c each; 4 for 50c; larger size, 20c, postpaid.**

ASPARAGUS PLUMOSUS—Foliage surpasses a Maidenhair Fern; in grace and finish resembles the finest lace. Elegant for cutting; one of the best plants in our collection. **20c each; 3 for 50c.**

NEW WEEPING LANTANA—Beautiful for baskets, vases, pots or for outdoor culture and porch boxes. Produces its clear lilac-pink flowers by the hundreds from early summer until severe frosts. Deliciously fragrant. Has a most

graceful habit of growth. **15c each; 4 for 50c; larger plants, 20c each; 3 for 50c.**

HIBISCUS SINENSIS—A beautiful class of plants, with handsome, glossy foliage and brilliant showy flowers. **All varieties, 15c each; 4 for 50c; 9 for \$1.00.**

Versicolor—Striped crimson, buff rose.

Cooperii Tricolor—Foliage variegated, crimson flowers.

Miniatus Semi-plenus—Semi-double; scarlet.

Peachblow—Flowers pink and crimson.

ACALYPHAS—Foliage plants of wonderful colors and decorative value. **15c each; 4 for 50c; 9 for \$1.00.**

Triumphans—Red, green, yellow, white.

Sanderi—Long crimson spikes, green leaves.

Bicolor Compacta—Green, margined yellow.

Marginata—Combines almost every color.

SALVIA (Scarlet Sage)—Unequalled for dazzling show of fiery scarlet flowers until killed with frost. The great bedding plant. **10c each; \$1.00 per dozen; \$6.00 per 100, postpaid.**

STRAWBERRY GUAVA—A magnificent pot plant, blooms and fruits continuously. It has thick, shining, evergreen, camellia-like foliage, and pure white flowers of an agreeable odor. The fruit is large, of beautiful claret color; the flavor is most delicious and aromatic, resembling that of the strawberry. **Strong, 3-inch pot plants, 20c each; 3 for 50c; 7 for \$1.00, postpaid.**

JESSAMINE (Maid of Orleans)—Large, double, waxy white flowers of great substance, produced freely throughout the summer. **15c each; 4 for 50c; 9 for \$1.00; larger plants, 20c each.**

Grand Duke of Tuscany—A magnificent everblooming plant, with large, double, waxy, creamy white flowers of most delicious fragrance; superb. **15c each; 4 for 50c; 9 for \$1.00; larger plants, 20c each.**

ABUTILON (Flowering Maple), Souvenir de Bonn—Handsome green leaves edged with white. Flowers are bell-shaped and droop gracefully. **15c each; 4 for 50c; larger size, 20c each.**

Savitzii—The green and white of the leaves is sharper and the plant dwarfer. **15c each; 4 for 50c; larger size, 20c each.**

ALTERNANTHERAS—Compact bedder. Two colors, red and yellow variegated. **10c each, any 6 for 50c; any 15 for \$1.00.**

NEW JUSTICIA VELUTINA—Large, pink, leathery flower-heads. Foliage heavy and velvety. **15c each; any 4 for 50c.**

CISSUS DISCOLOR (Trailing Begonia)—The leaves are long, heart-shaped, and as handsomely marbled and mottled as a Rex Begonia. For hanging baskets. **Strong plants, 15c each; 4 for 50c; larger size, 20c each.**

AMARYLLIS REGINA—Lily-like flowers in clusters. Light scarlet, with lighter throat. **15c each; 3 for 40 cents.**

AMARYLLIS JOHNSONII—Velvety crimson flowers, each petal striped white. **25c each; 5 for \$1.00.**

Dingee Splendid Calla Lilies

The Entire Set of 5, Large Specimens of Each, 75c.

Spotted Calla—Leaves dark, rich green, dotted with white. Beautiful white flowers, with black throat. **15c each; 2 for 25c; 9 for \$1.00.**

Lily of the Nile—Grand white flowers. **Strong plants, 15c each; 2 for 25c; 9 for \$1.00.**

The True Black Calla (Arum Sanctum)—A native of the Holy Land. Inside of flower purplish black; outside green. **20c each.**

New Yellow Calla—A grand novelty. Large yellow flowers, very fragrant. **25c each.**

New Pink Calla Rhemannii—A rich deep shade of pink. **30c each; 4 for \$1.00.**

Pot Hydrangeas

These are the popular plants of the day for growing in pots, boxes or tubs. Hardy for outdoors.

Otaksa—Rich pink, changing to snow-white and blue.

Red-branched—Has dark red branches; produces immense heads of rose-colored flowers.

Thomas Hogg—A pure white variety.

Price, 20c each; 6 for \$1.00, postpaid; large specimen plants, from 4 to 6-inch pots, 75c each, by express only.

AMERICAN WONDER LEMON—Large dark green foliage; handsome pure white flowers, nearly as large as tuberoses blooms, fragrant as orange blossoms. The lemons have a thin rind for such large fruit, and are full of rich, acid juice. The plants will produce their magnificent, large fruit under ordinary cultivation the second year, and will prove a source of genuine delight. Plant in ordinary soil, in 2 pot or tub. Not only ornamental, but useful, as it will bear a fine crop of fruit each season. Very hardy. **Strong plants, 20c each; 3 for 50c; larger size, 25c each; 5 for \$1.00; two-year-old plants, 50c each, postpaid.**

OTAHEITE ORANGE—A dwarf reproduction of the genuine fruit-bearing orange tree, the flowers being identical. It flowers and fruits in pots and blooms continuously. Fragrance is delicious. Fruits immediately after flowering. Fruit measures about 3 inches in diameter and is edible. **Strong, young plants, 15c each; 4 for 50c; larger plants, 25c each; 5 for \$1.00; large two-year-old plants, 50c each, postpaid.**

BELLADONNA LILY

—Clusters of rosy pink flowers. Extra large bulbs, **20c each; 3 for 50c.**

AGAPANTHUS UMBELLATUS (The Blue African Lily)—Bright blue flowers in clusters. **25c each; 5 for \$1.00.**

GIANT PERSIAN CYCLAMEN—A beautiful and decorative pot plant. Flowers are produced in boundless profusion for several months. Assorted colors. **20c each; 3 for 50c; 7 for \$1.00.**

CALADIUM ESCULENTUM (Elephant's Ear)—A magnificent foliage plant, with immense leaves, often measuring 4 feet in length by 2 feet in breadth. **Fine bulbs, 15c each; 4 for 50c; 10 for \$1.00; larger size, 25c each; 5 for \$1.00.**

Asparagus Sprengeri.

Choice Dingee Geraniums

CHOICE SINGLE

La Favorite—Snowy white, superb.
Mrs. E. G. Hill—Free bloomer. Light salmon.
Eugene Sue—Brilliant shade of russet orange.
Granville—Deep rose-pink with white blotches on upper petals.
L'Aube—One of the best pure whites.
Jacquerie—Deep carmine red.
Feuer—Brilliant crimson-red. Dwarf growth.
Antithese—Vermilion-scarlet.
Baron Grubissich—Bright tender rose. Clear white center.
Edmond Blanc—Large trusses of bright crimson. Coppery center.
Clifton—Solid color of bright red.

CHOICE DOUBLE

Alphonse Ricard—Semi-double; orange-red.
Mrs. Lawrence—An excellent bloomer. Soft salmon pink, tinged white.
Cousin Janie—Clear rich pink, slightly spotted light red.
Jules Vasseur—Bright scarlet, white center.
Jean Viaud—Soft pink, white blotches.
Berthe de Priscilla—Dwarf habit. Fine bedder. Bright silver rose-pink.
John Doyle—Rich scarlet. Very effective.
Heteranthe—Bright scarlet.
Countess de Harcourt—Pure snow-white.
Mme. Buchner—Snow-white; vigorous.
Mme. Recamier—Pure white. Strong grower. One of the best whites.
Ornella—Magnificent. Semi-dwarf habit. Rich scarlet, shaded crimson.
S. A. Nutt—Rich, dark crimson. Superb.
Jean Oberle—Peach pink, shaded white edge.
Fleuve Blanc—Pure white. Dark green foliage. Compact grower.
La Cid—Charming shade of cardinal red.
Anais Segalas—Bright salmon. Zoned foliage.
Double Dryden—Coral white center, shading through a delicate lilac. Ideal pot plant.
Beaute Poitevine—Bright salmon-pink.
Strong plants, 10c each; \$1.00 per dozen, prepaid.

Ivy-Leaved Geraniums

Price, strong plants, 15c each; set of 6 for 75c.

Incomparable—Lovely shade of rosy carmine.
Achievement—Semi-double. Soft shade of cerise pink.
Gordon's Glory—Bright scarlet, double flowers.
Dina Scalarandis—Double white, tinged lilac.
Rycroft's Surprise—Beautiful shade of rich pink.
Joseph Warren—Semi-double, rich purple.

Pelargoniums

Price, 15c each; 4 for 50c, postpaid.

Lady Washington—Lilac-pink.
Pansy Pelargonium—Pink and crimson.

Fancy and Sweet-Scented Geraniums

Strong plants, 15c each; 4 for 50c.

Happy Thought—Green and white.
Madame Salleroi—Green, dotted white.
Prince Bismark—Dark bronze.
Apple-scented—A grand old favorite.
Rose-scented—Delightful rose scent.
Lemon-scented—Deliciously scented.

Single Geranium.

True Magnolia Scented Moonflower

(Ipomoea Noctiflora)

A single vine has been known to cover 25 square feet in a very short time, and upwards of a thousand buds and flowers are frequently seen on a single vine. The flowers are 4 to 6 inches in diameter, of a beautiful silvery whiteness; delightfully perfumed. They open in the evening and on cloudy days. **Strong plants, 15c each; 4 for 50c; 10 for \$1.00.**

Blue Moonflower (Ipomoea Leari)—Habit of growth and flowering the same as the White, but the color is clear satiny blue, with well-defined crimson bars. **Strong plants, 15c each; 4 for 50c; 10 for \$1.00.**

Special Offer The Blue Moonflower and the White Moonflower, one plant of each, 25c; two each, 50c; 5 of each for \$1.00.

CINNAMON VINE—A beautiful, hardy climbing vine, with heart-shaped leaves and delicate white blossoms. 15c for 3 bulbs; 6 for 25c; 50c per dozen; 25 for \$1.00, postpaid.

MADEIRA VINE—Climber with white fragrant flowers. Free bloomer. 3 for 10c; 10 for 25c.

Japanese Fern Ball

Composed of dormant Japanese Fern roots and moss, so put together that they send out beautiful leaves from every point. Place the ball in water for 15 minutes, then suspend in any desired position and sprinkle occasionally as required. **Large balls, 5 inches and over in diameter, 40c each; 2 for 75c, postpaid; larger balls, 7 to 9 inches in diameter, 60c each; 2 for \$1.00, postpaid.**

Helianthus—Sunflower.

Blooming in April

- AQUILEGIA** (Columbine) *Canadensis*—Pretty scarlet flowers mixed with yellow. 1 to 2 feet.
Coerulea—Several blue and white flowers on a stem, sometimes tinted with lilac. Lovely for border or rockery. 9 to 15 inches.
Candissima—Pure white. 2 to 3 feet.
BELLIS (English Daisy)—Charming edging plants, with button-shaped flowers. 6 inches. Separate colors, red or white.
ICELAND POPPIES—Mixed colors, yellow, white and orange. Dwarf growing, delicate flowered. Exquisite for bordering. 9 to 15 inches.

Blooming in May

- ALYSSUM** *Saxatile Compactum* (Gold Dust)—Deep yellow flowers in close flat heads. 1 foot.
Argenteum—Flowers deep golden yellow in dense heads. 12 to 18 inches.
ANCHUSA (Dropmore Variety)—Blue or purple flowers in racemes. 4 to 5 feet.
PAPAYER (Oriental Poppy)—Rose, lilac and scarlet. Beautiful for cut flowers. 3 feet.
PYRETHRUM (Persian Daisy)—Single varieties. Artistic for home decoration, with fern-like foliage. Pink and white.

Aster.

Dianthus Barbatus—Sweet William.

Campanula media—Canterbury Bell.

Hardy Perennials

The Old-Fashioned Hardy Flowers.

The garden or border of Hardy Perennials is about the most valuable and lasting asset of the flower garden. Annuals, flowering bulbs and even shrubs may be dispensed with more consistently than these old-fashioned Hardy Perennials which for so long a time made the charm of the old-time gardens.

There is no spot so unfavorable, no soil so sterile or harsh that some flower of hardy nature may not be found to adorn it and thrive and grow more and more ornamental as the seasons come and go. It is well, however, to enrich the soil before planting with some well-decomposed manure, dug deeply and well pulverized.

Secure field-grown clumps in the spring or fall. Plant them well into the soil and as soon as they have had two or three good frosts, and just before the ground freezes, cover with about three inches of leaves, nature's protection. Remove gradually in the spring. Do not overcrowd. A very good rule to go by in planting is to set the plants one-half the height they attain when fully developed. For example, Delphinium, which grows three feet high, should be planted eighteen inches apart.

We list the different varieties in groups, according to their blooming period. Thus one may have some of these flowers blooming from early spring until late fall, up until freezing weather.

We offer strong, field-grown clumps at 25c each; \$2.50 per dozen, postpaid; all one variety or assorted.

The figures in description indicate the height of the plants when fully grown.

Stokesia cyanea—Stokes' Aster.

Achillea ptarmica flore pleno—"The Pearl."

Gaillardia grandiflora—Blanket Flower.

HARDY PERENNIALS—Continued.

Blooming in June

CAMPANULA (Canterbury Bells)—Single in separate colors, of white, lilac, blue or rose. 3 feet. Double Blue—8 inches.

DELPHINIUM (Belladonna)—Everblooming Hardy Larkspur. The most beautiful sky blue of dwarf habit. 3 to 4 feet. Blooms all summer until cut down by frost. **Formosum**—Deep gentian blue with white bee. Long spikes, 18 inches to 2 feet.

DIANTHUS (Hardy Garden Pinks)—Double white and crimson. 12 to 18 inches.
GAILLARDIA (Blanket Flower) **Grand Maxima**—Conspicuous for profusion and duration of bloom. 2 feet.
ACHILLEA (The Pearl)—Pure white double flowers in dense clusters; fine for cutting purposes and cemetery use. 2 feet. Blooms from June to October.
GYPSOPHILA ACUTIFOLIA (Baby's Breath)—Leaves narrow. Flowers rose-colored. 2 to 3 feet.
Paniculata—Rough narrow leaves. Small white flowers. 2 to 3 feet.
HOLLYHOCKS (Everblooming)—Double or single, mixed. 6 to 7 feet.

Blooming in July

SHASTA DAISY—Pure glistening white with small yellow discs. 18 inches.
DIGITALIS (Foxglove)—A fine genus of hardy plants, famous for their long racemes of inflated flowers, which suggest spires or towers of bells. White or Purple—3 feet.
RUDBECKIA (Cone Flower)—The discs of the flowers are raised up, forming buttons or cones.
Fulgida—Orange-yellow flowers. Dark purple discs. 1 to 3 feet.
Purpurea—Reddish-purple flowers, drooping rays and large brown cone, 2 to 3 feet.

Blooming in August

HELIANTHUS MAXIMILIANA (Perennial Sunflower)—The latest of all, producing fine golden-yellow flowers in graceful sprays until late in the season. 5 to 7 feet.
Mollis Grandiflorus—Pale yellow flowers with dark center. 4 feet.
STOKESIA (Stoke's Aster)—One of the choicest and distinctive of the perennials. Resembles the China Aster. Blue-lavender or white varieties. 12 to 18 inches.

Blooming in September and October

ASTERS (Hardy, Fall Flowering)
Michaelmas Daisies—These are among the showiest of our late-flowering hardy plants, giving a wealth of bloom during September and October.
Abendrote—Rosy-red flowers; plants about 3 to 4 feet.
Amellus Beauty of Ronsdorf—Of a tender rose-lilac of most perfect form. 3 feet.
Amellus Elegans—Dwarf, deep blue, large flowers, early.
Mrs. F. W. Raynor—Large, rich red. 4 feet.
Robert Parker—Light blue. 3 to 4 feet.
White Queen—White, fine. 3 to 4 feet.
Novae Angliae—Bright purple. 4 feet.

Price of field-grown clumps, 25c each; \$2.50 per dozen.

Delphinium—Larkspur.

Dianthus—Hardy.

Peony.

New and Rare Peonies

Price, strong roots, 50c each. Set of 8 superb varieties, postpaid, for \$3.25.

Edulis Superba—Red.

Faust—Delicate light pink.

Felix Crousse—Brilliant red. Extra fine.

Humei Carnea—Light rose, passing into white.

Insignis—Beautiful violet pink.

Jeanne D'Arc—Pure white.

Nobilissima—Dark violet red.

Festiva Maxima—White center, flaked red.

Double Peonies

Price, 40c each; \$3.00 per dozen. Set of 14 varieties, \$3.25, prepaid.

Candidissima—Creamy white.

Caroline Allain—Rose and salmon.

Rosea Elegans—Soft rose.

Duke of Wellington—Sulphur white.

Lady Bramwell—Pink and yellow.

Rubens—Dark crimson.

Canary—White, primrose center.

Rubra Triumphans—Crimson.

Delachi—Velvety purple. Late.

Louis Van Houtte—Velvety red.

Festiva—Cream white, red spots.

Modeste Guerin—Deep rose.

Triomphe du Nord—Velvet rose.

Prolifera Tricolor—Pinkish white.

Old Fashioned Peonies

Price, 30c each; \$2.50 per dozen, prepaid.

Rosea—Rose pink. **Rubra**—Deep crimson. **Alba**—Blush white.

HARDY PERENNIALS—Continued.

Dingee Hardy Peonies

There is a constantly increasing demand for the old favorites in the gardens of long ago, and more and more the flower-lovers of our land are abandoning the use of annual flowers and are filling their gardens with hardy perennials—the kind that live from year to year, increasing in size and beauty until they fairly run riot with their wealth of bloom and glory of form and color. From the practical standpoint, these “old-fashioned” flowers are ideal either for him whose home is the midst of a vast estate or him whose “garden” consists of but a few feet of soil in a city back yard.

Of all the flowers in the Hardy Garden the Peony is easily recognized as the Queen—in fact it vies with the Rose for the title in many ways, for while in bloom it is without question the most glorious object in the garden. Once Peonies are planted they last for a lifetime. They stand the severest winters without the slightest protection. Especially fine for single specimens and cemetery planting. After blooming their charm lies in the beauty of its foliage, for even when not in bloom the Peony plant is decorative in the extreme and well worthy of a prominent place in the garden.

We offer only the cream of the many hundred varieties. Don't buy the cheap kinds. They require just as much care, but don't produce the blooms.

A Single Plant of Dingee Peonies.

HARDY PERENNIALS—Continued.

Hardy Perennial Phlox

Diversified and brilliant colors, profuse and continuous bloom and adaptability to almost any situation or soil, places Hardy Phlox in the front rank of desirable flowering plants. Being perfectly hardy, once planted they improve and multiply in vigor and beauty each successive year, and produce in gorgeous profusion great showy heads or panicles of bloom from early spring until checked by frost.

Price, strong plants, 15c each; 50c for 4; \$1.00 for 9. Set of 22 varieties, named below, \$2.25, postpaid.

Von Lassburg—Purest white. Individual flowers, large.

L'Esperance—Dwarf. Light lavender-pink, white center.

Iris—Tall. Bluish violet with blue center.

Premier Ministre—Tall. Rosy white flowers, deep rose center. Panicles of rosy white flowers.

Selma—Tall. Large flowers. Pale rose with red eye.

Caran d'Ache—Medium. Rosy carmine, violet center.

Fiancee—Medium. One of the best pure whites.

H. Menior—White with carmine eye.

Mad. P. Langier—Tall. Bright geranium red with vermilion center. A very handsome variety.

Pantheon—Bright rose.

Richard Wallace—Tall. Large flowers in immense panicles. Pure white, bright crimson center.

Coquelicot—Pure scarlet with crimson eye. Fine.

Charles Darwin—Tall. Bright salmon-pink with crimson center. Large spikes.

Mrs. Jenkins—Pure white.

Champs Elysee—Dwarf. Very bright rosy-magenta.

Rosenberg—Bright reddish violet. Blood-red eye.

La Vogue—Medium. Clear silvery rose. Very fine.

Phlox.

Barde Queen—Rose pink; deep red eye.

Pacha—Deep rose-pink with carmine-purple center.

Lumineaux—Tall. Light red; crimson eye.

Thebaide—Dwarf. Bright salmon-red, crimson center. Large size. Free flowering.

L'Evenement—Dwarf. Bright soft pink tinted salmon, bluish center. Very showy.

Dingee Hardy Violets

Rich in modest beauty and famed for its enchanting fragrance, the Violet continues to increase in popularity. With the last snows of winter still about it, this gentle flower shyly appears from out its icy bed, heralding the coming of spring. All our plants are absolutely clean and healthy and will produce highly satisfactory results.

Prices, strong plants, 10c each; 3 for 25c; any 7 for 50c; any 15 for \$1.00; \$6.00 per 100.

Marie Lynch—In color it is a charming shade of lavender-pink and the foliage is a rich, dark green.

Admiral Avellan—Rich dark purplish red.

California—The largest Violet in cultivation. Rich, violet-blue; flowers on long stems.

Dorsett—Darkest, deep violet-blue; long stems, large flowers.

Farquhar—Double flowers of delicate fragrance, deep blue.

Governor Herrick—Rich, dark purple; single.

Lady Hume Campbell—The best double blue. Strong, healthy and perfectly hardy.

Luxonne—Soft violet purple; fragrance delicious.

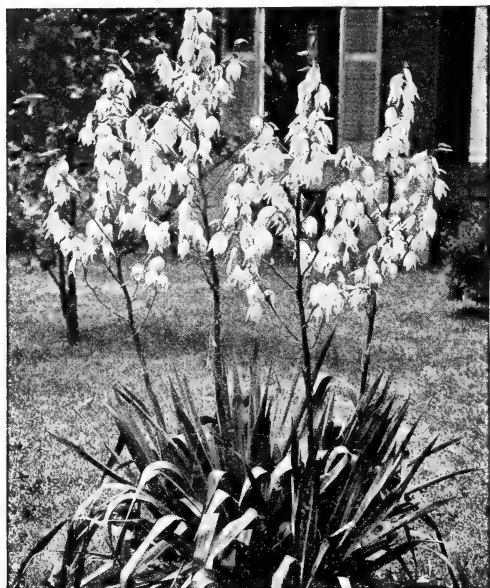

Prince of Wales—One of the best. The large, blue single flowers are deliciously fragrant.

Swanley White—Pure white, perfectly double, fragrant flowers.

Peacock, New Violet—This is an entrancingly beautiful new Violet; the markings of its charming colors are difficult to describe. The prevailing color is white, with delicate tracings and markings of sky-blue.

Single and Double Violets.

Yucca filamentosa—Adam's Needle, Spanish Bayonet.

Mt. Hood—Light blue, shaded darker.

Topaz—Reddish amaranth, self-color.

DOUBLE FLOWERING IRIS.

Frate—Silvery white, veined and shaded lilac.

Oriole—Rich plum, shading to deep plum towards the center, brightly marked yellow.

Pyramid—Lilac-blue, center of each petal shaded white.

Robert Craig—French-gray, veined violet.

T. S. Ware—Reddish violet, veined white; center white; slightly marked lemon.

Templeton—Light violet, mottled reddish pink, and white; triple flower; exceedingly fine.

Victor—White, veined violet-purple.

German Irises

Iris King—New. Height, 30 inches, standard rich yellow; falls velvety plum edged yellow. A very striking variety.

Gypsy Queen—Standard old gold, shaded smoke pearl. Falls black maroon shaded and reticulated yellow; late bloomer.

Madame Chereau—Height, 3 to 4 feet. Pure white, edges beautifully penciled azure; superb.

Hector—Height, 30 inches, standard soft clouded yellow; falls rich violet-red; very showy.

Celeste—Falls bright blue, uppers delicate grayish blue; all having a lavender effect.

Dr. Bernice—Height, 30 inches, standard coppery bronze; falls rich velvety plum; extra.

Purple King—A deep rich purple, showy, effective in color scheme.

Black Knight—Smoky purple.

Price of German Iris, 20c each; 6 for \$1.00, postpaid.

German Iris, Mixed, 15c each; 10 for \$1.00, postpaid.

Yucca Filamentosa - Spanish Bayonet

A low-growing evergreen plant with narrow leaves. The flower-stalk is from 2 to 4 feet high, and rises from the center. Creamy white, bell-shaped flowers. 20c each; 6 for \$1.00.

Dicentra Spectabilis - Bleeding Heart

Fine for borders, pots or open ground. Beautiful rose-colored flowers, heart-shaped. Absolutely hardy. 20c each; 3 for 50c; 7 for \$1.00.

HARDY PERENNIALS—Continued.

Japanese and German Irises

The Rainbow Flower of the Greeks; The Fleur de Lis of the French

The memory of the "Blue Flag" of the old-time gardens is one ever sweet to those whose lives were lived in such surroundings, and while the "modern" Irises, if we may use the term, will remind one of the old days, they, too, like everything else of these days, have yielded to the influence of improvement, and there has been evolved a race of flowers absolutely bewildering in the glory of their form and color.

Not the least valuable of their charms lies in the fact that their flowering period covers such a long time in early spring and summer, and with a proper selection it is possible to have Irises in bloom in the garden from early in March, while snow is still on the ground, to late in July, when the magnificent Japanese Irises, arrayed in their splendor of purple and blue and gold and white, with flowers often a foot across, end the glorious procession. Hardy everywhere and, once planted, they last a lifetime.

Japanese Iris - Iris Kaempferi

The most gorgeously colored hardy plants in existence; beautiful. Our stock is especially fine. Price, large clumps, 25c each; any 5 for \$1.00, postpaid. The set of 11 for \$2.00, postpaid.

SINGLE FLOWERING IRIS.

Apollo—Pure white, pink center.

Helen von Siebold
— Reddish,
veined white,
center yellow.

Iris Germanica.

HARDY PERENNIALS—Continued.

Hardy Japan Lilies

These glorious flowers of radiant beauty are very hardy, grow rapidly and vigorously, and survive from year to year, forming a permanent and attractive feature of the garden. The bulbs should be planted about 6 to 8 inches deep, in good, light soil. We offer the most carefully selected sorts in large, sound bulbs. All borders of herbaceous plants should have a few Lilies scattered through it, as they thrive best if they have the benefit of the shade of surrounding plants.

AURATUM—Magnificent pure white flowers, exquisitely spotted with rose, and rayed and banded with yellow. Valuable for pot or garden culture. Extra selected, blooming bulbs, 20c each; 50c for 3; \$1.00 for 7; enormous bulbs, 25c each; 60c for 3; \$1.00 for 5.

BATEMANI—Clear apricot-colored flowers, without spot or stain. 25c each; \$1.00 for 5.

GIGANTEUM—Creamy white, with purple throat. Gigantic plants and immense flowers. 25c each; \$1.00 for 5.

HUMBOLDTI—Blooms with great freedom; color golden yellow, spotted with purple. 30c each; \$1.00 for 4.

WASHINGTONIANUM—Delicately tinted white blossoms, spotted with black. 30c each; 50c for 2.

Lilium auratum—Gold-banded Lily.

Lilium Speciosum album and rubrum.

ELEGANS CROCEUM—The old Orange Lily. Orange and black flowers. 30c each; \$1.00 for 4.

ELEGANS, MIXED VARIETIES—Rich hues of yellow, crimson and red. 15c each; 50c for 4; \$1.00 for 9.

SPECIOSIUM, or LANCIFOLIUM—The most satisfactory of all Lilies. We offer the best varieties, as follows:

S. Album—Pure white. 20c each; \$1.00 for 6.

S. Melpomene—Frosted white, spotted, with pinkish crimson. Petals deeply recurved and widely bordered. 15c each.

S. Rubrum—Bright crimson and white flowers; grows 2 to 3 feet. 15c each; \$1.00 for 7.

TIGRINUM FL. PL. (Double Tiger Lily)—Deep fiery red, spotted with black. 15c each; 50c for 4; \$1.00 for 9.

TIGRINUM SPLENDENS (Single Tiger)—Orange, with intense, dark spots. 15c each; 50c for 4; \$1.00 for 9.

KRAMERI—Soft rose-color. 20c each; \$1.00 for 5.

CANDIDUM (Annunciation or Madonna Lily)—Garden Lily. Large, white flowers. 20c each; 50c for 3; \$1.00 for 7.

PARDALIUM (Leopard Lily)—From California; entirely hardy; bright orange red, with lighter orange center. Large clusters, 20c each; 50c for 3; \$1.00 for 7.

RUBELLUM—Bears beautiful rose-pink flowers; early. 30c each; 4 for \$1.00.

Dingee Hardy Shrubs for Permanent Planting

Hydrangea Paniculata Grandiflora as a Specimen Plant.

Hydrangea paniculata grandiflora

The Best and Most Ornamental of All Hardy Shrubs

We grow and sell annually many thousands of these most popular of all shrubs. They are extensively used for yard, lawn and hedge planting and for screens. Attains a height of 5 to 7 feet; hardy in all localities; blooms the first and every season in July and August, and continues in bloom for two or three months; the flowers are massive, cone-shaped, often measuring 10 inches in length, and have a pleasing variation of color, changing from original pure white to pink, and finally to a beautiful, rich coppery red. Well-rooted field-grown plants, that will bloom this year.

Prices, 15c each; 50c for 4; \$1.00 for 9. By express or freight, \$5.00 for 50; \$8.00 per 100. Strong, two-year-old, field-grown, blooming plants, 25c each; \$1.00 for 5; \$2.00 for 12; \$3.75 for 25; \$12.00 per 100, by express or freight. Extra size, three-year-old, field-grown, blooming plants, by express or freight only, 35c each; \$1.00 for 3; \$1.75 for 6; \$3.25 per dozen.

Border Group of *Hydrangea Paniculata Grandiflora*, Used as a Screen.

This class of plants has been a leading specialty with us for years, our stock now consisting of nearly twenty acres. They are absolutely hardy, and once planted, last indefinitely, increasing in size and beauty year after year. For cold climate where hardy plants are needed they stand without an equal. Planted in clumps, masses or used for hedges, screens, or for filling unsightly corners, they make a glorious show. They supply that certain something which is lacking in every yard where hardy shrubbery is not planted. We recommend a liberal planting of this class of plants. They last a lifetime and are sure to give splendid satisfaction. Their culture is exceedingly simple. When received cut the plants back about one-third their growth if not done before shipping. Set about three feet apart for a screen, but as individual specimens plant wherever desired. Water freely when planted, and for a few days afterward. No protection required. They may be planted as soon as ground is ready to dig up until late spring. This class of plants should be set out earlier than Roses and other pot plants, so if your order contains some of them we will send the different varieties at the proper season. We urge early planting. Prices are wonderfully low.

Greenwich, Connecticut,
June 8, 1915.

Gentlemen: I wish to thank you for the fine Rose bushes you sent me. Those and the others I ordered are fine plants and seem to be doing well. The Roses that my parents got of you thirty-five years or so ago are nearly all alive. Some are five feet high and all are enormous plants and every year simply covered with blossoms. It certainly has paid this family to get their bushes from you, especially since they are grown on their own roots.

Yours very truly,
KATHERINE LYON MEAD.

Vernon, B. C., Canada,
April 17, 1915.

Dear Sirs: I wish to thank you for the second supply of Rose bushes. They were in the best condition when I received them. When I can I will recommend your firm. I was told that it was pretty hard to beat your Roses, so that is how you got my order. Whenever I want any more Roses you will get my order. LONEL R. LOCKE.

HARDY SHRUBS—Continued.

Spirea - Meadow Sweet

Aurea (Golden Leaved)—Bright golden yellow foliage and small white flowers.

Billardi—Spikes of rose-colored flowers; blooms profusely.

Bumalda—Dwarf-growing. Flowers rose-colored.

Callosa Alba—Dwarf white-flowering variety.

Callosa Rubra—Grows 3 to 4 feet high, deep rosy red flowers.

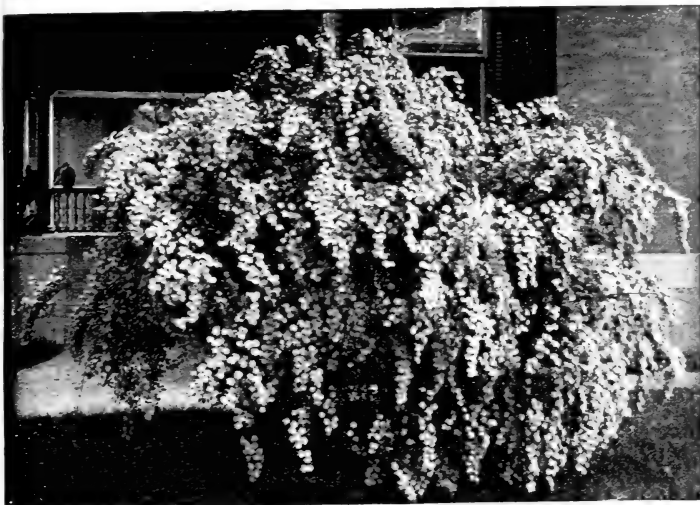

Callosa Superba—Light red flowers in profusion.

Prunifolia (Bridal Wreath)—Double pure white flowers.

Reevesii—Single, pure white; blooms latter part of May; attains a height of 4 to 6 feet.

Thunbergi—Blooms in April; compact, fern-like leaves; flowers borne in clusters.

Van Houttei—The bushes form fine, compact clumps. The pure white flowers are borne in great masses.

Spiraea Van Houttei.

Perpetual Blooming Crimson Spirea, Anthony Waterer—It makes a low, compact bush, 15 to 18 inches high. Large umbels of deep crimson flowers.

Blue Spirea (Caryopteris Mastacanthus)—The dense flower-heads are of rich lavender-blue color.

Philadelphus - Mock Orange

Grandiflora—Blooms in early June; flowers creamy white and very fragrant.

Price of all plants on this page, except where noted: One-year-old size, 20c each; any 3 for 50c; any 7 for \$1.00, postpaid; two-year-old size, 35c each; any 3 for \$1.00; any 10 for \$2.50, by freight or express; three-year-old size, 50c each; any 5 for \$2.00; any 10 for \$3.50, by freight or express at the purchaser's expense.

Viburnum plicatum—Japanese Snowball.

Philadelphus—Mock Orange.

Double Japan Snowball

(*Viburnum Plicatum*)

Blooms in early June, when the whole bush is loaded down with great, compact balls of pure white, double flowers. They are borne in such profusion that the entire plant appears one dense mass of bloom; the tree grows erect and bushy, 6 to 8 feet high, with deep green leaves peculiarly crimped and crinkled. Wondrously beautiful. Price, all field-grown plants, one-year size, 20c each; 3 for 50c; 7 for \$1.00, postpaid; two-year size, 35c each; 3 for 90c; 25 for \$5.00, by freight or express; three-year size, 50c each; 5 for \$2.00; \$4.00 per dozen, by freight or express; seven-year size, extra large specimen plants, \$1.00 each by freight or express at purchaser's expense.

VIBURNUM OPULUS STERILIS (Old-fashioned Snowball)—A strong, hardy grower, pure white flowers.

HARDY SHRUBS—Continued.

Deutzia

A showy class of shrubs of compact growth, luxuriant foliage and very free-flowering.

Crenata—4 to 6 feet; flowers white, tinged rose; very double and full.

Fortunei—4 to 6 feet; a most beautiful pure white sort.

Gracilis—2 to 2½ feet. Drooping; snow-white flowers.

Pride of Rochester—Flowers are pure white, with a faint shade of blush on outside of petals.

Lemoinei—New. Immense. Purest white.

Althea - Rose of Sharon

The flowers are brilliant and striking in color, 9 to 12 feet high when matured. Blooms during August and September.

Alba Plena—Large, double, pure white flowers.

Blanche—The nearest pure white of any double variety.

New Banner—Clear, rosy pink, striped rich crimson.

Buist Variegated-Leaved—Beautiful green leaves, broadly margined silvery white; flowers double.

Double Purple—Deep reddish purple.

Carnation-Striped—Pink, with crimson stripes.

Totus Albus—Moderate grower; free bloomer.

Calycanthus Floridus - Carolina Allspice

Flowers purple; quite double; exquisitely fragrant and borne in profusion during the entire season.

Syringa - Lilac

White—Rare and beautiful White Lilac.

New Persian—Blooms in early June. Flowers beautiful deep purple, fragrant; leaves dark green.

TAMARIX AFRICANA (African Tamarisk)—Graceful, erect-growing shrub, pretty pink flowers, leaves like evergreen.

CLEMATIS STANS (Virgin's Bower)—Of a low, spreading growth. Flowers pure white, borne on long, pendulous stems.

JASMINUM NUDIFLORUM (Jasmine)—Handsome, bell-shaped, golden yellow, sweet-scented flowers are borne before foliage.

Deutzia gracilis—Slender Deutzia.

Diervilla - Weigela

Used to advantage for single lawn specimens or for massing; strong, vigorous growers.

Candida—Snow-white flowers; late June.

Lavellei—Deep red flowers; beautiful.

Rosea—Flowers are large and of a deep rosy color.

Variegated Leaf—Green leaves, margined pure white.

Eva Rathke—Rich reddish purple.

Rubra—Red, shading to light pink.

KERRIA Japonica—A graceful shrub, yellow flowers.

FORSYTHIA Viridissima (Golden Bell)—Height, 3 to 4 feet; bright yellow, bell-shaped flowers; blooms early.

ELAEAGNUS Edulis—The true fruit-bearing Elaeagnus. Dark green foliage; small yellow flowers.

ELAEAGNUS Longipes—Fruit smaller than that of Edulis.

**Hardy Ornamental
Grasses**

For ornamental purposes these grasses are strikingly original in effect, and impart a tropical brilliance to the landscape. The plumes which these grasses produce are beautiful for interior decoration.

Prices of all Eulalias and Erianthus described below, 15c each; 50c for 4; \$1.00 for 9; large clumps, 25c each; \$1.00 for 5, by express.

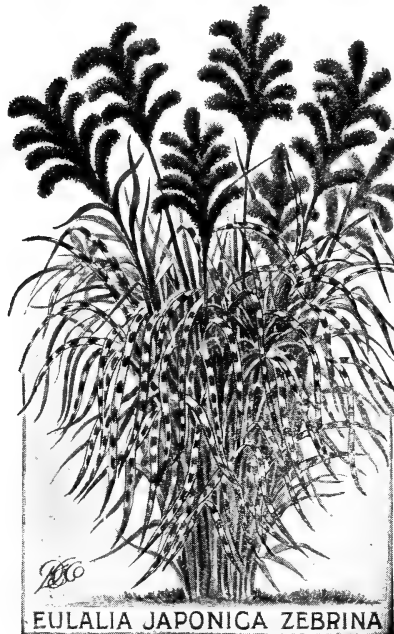

Eulalia Gracillima Univittata—Forms an exceedingly handsome plant. 4 to 5 feet high.

E. Japonica Zebrina—Grows 4 to 7 feet high. The leaf blades are of deep green, distinctly striped crosswise with large bars of pure white.

E. Japonica Variegata—Blades are creamy white in the center, with a broad margin of bright green. Plumes are very beautiful.

Erianthus Ravennae—Reed-like, ornamental grass, throwing up thirty to forty fine, erect flower-like stalks, 8 to 10 feet high, the first season. The plumes are highly valued as parlor ornaments.

Special Offer We will send by mail, one each of the four grand ornamental grasses described above for 50c; one clump of each of the above, by express, for 90c.

Deutzia, Pride of Rochester.

Japanese Maples

These beautiful dwarf-growing trees are coming into favor more and more. Heretofore they have been so rare and high priced that they were found only in private collections. The foliage is wonderfully beautiful at all seasons, and in color is deep red, rich crimson-scarlet, golden yellow and various other shades. They make beautiful bushy little trees, and our imported collection includes the finest varieties. We offer handsome trees 3 to 4 branches, 12 to 15 inches high. \$1.00 each by express.

Hardy Azaleas

Mollis—Among the most gorgeous of all hardy shrubs, bearing large flowers of fine shape, the beautiful colors of which are orange, yellow, fawn, buff and pinkish red. Entirely hardy and splendid for bedding, borders or single specimens. The plants we offer are well set with flower buds; each plant will bear thirty or more flowers this season. \$1.00 each, by express.

Amoena—This lovely evergreen shrub is thoroughly hardy, is a dwarf, bushy grower, with brilliant and shining foliage, producing immense numbers of the most beautiful clusters of rosy-red double flowers. A superb, hardy shrub. \$1.00 each, by express.

Hardy Rhododendrons

There is a charm about the Rhododendron not possessed by any other shrub in the garden. It is a perfect evergreen, and its broad, rich green foliage adds beauty to the grounds the year round. In June and July it bears great clusters of glorious large flowers of all shades of red, pink, white and purple. Rhododendrons should be planted on the north side of the house, under trees or high shrubbery, or in some partly shaded place. We have a magnificent lot of plants, each with 10 to 15 buds which cannot fail to open this year. In ordering please specify colors wanted. Our plants are in fine condition, 2 to 3 feet high, with their roots well protected with moss and burlap. \$1.50 each.

California Privet.

Japanese Maple.

NEW HARDY, EVERBLOOMING

Hydrangea Arborescens Sterilis

The New Everblooming Hydrangea is constantly in bloom from early June until frost, and is one of the most important additions in the way of hardy shrubs. Bears great clusters of white flowers, much like the tender Hydrangeas in size and form. Strong, vigorous plants, well rooted, 25c each; 5 for \$1.00, postpaid; larger, field-grown plants, with several branches, fine roots, 50c each; 3 for \$1.00, by express.

Berberis Thunbergi - Barberry

Grows 3 to 4 feet high, small, perfectly shaped, rich green leaves, turning in autumn to bright scarlet. Flowers a delicate shade of coppery yellow. Followed by beautiful, brilliant red berries, clinging all winter. Valuable for dwarf hedge. One-year-old plants, \$6.00 per 100; 12 to 18 inches, \$11.00 per 100, by express.

California Privet

The One Best Hedge Plant, Combining Beauty, Hardiness and Efficiency

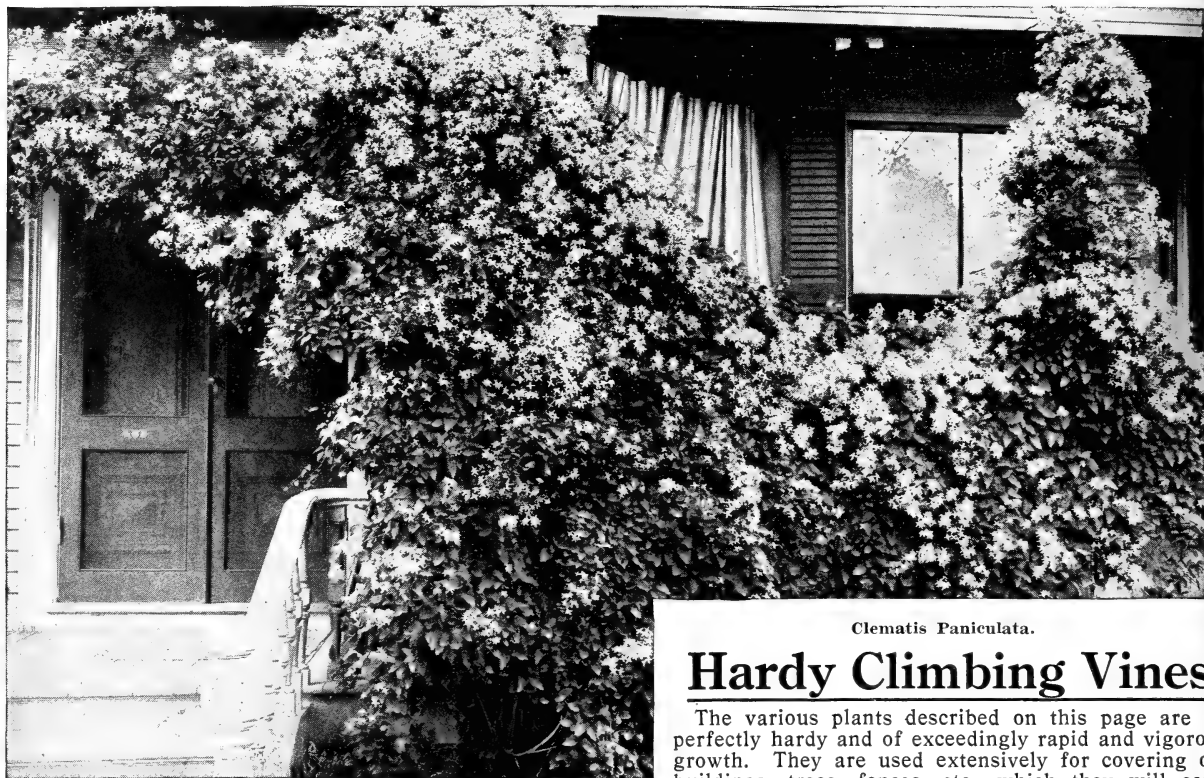

California Privet has long been recognized as the one very best plant for Hedge purposes, as it is remarkable for its beautiful, dark-green, glossy foliage, its quick, strong and symmetrical growth, its freedom from insects and scale, and its ability to withstand pruning and trimming into any desired shape.

For many years we have made a specialty of growing California Privet for Hedges, and our stock cannot be surpassed anywhere. It is strong, thrifty and in the best of shape for transplanting. Each one a specimen plant. We have it in all sizes, from one-year-old plants to large, vigorous bushes which can be used with telling effect in the formation of an immediate hedge. These large plants are the most economical to buy, for with them the years of tedious waiting for the hedge to grow will be avoided.

Our California Privet is not grown by the usual nurseryman's method, but is as carefully propagated as other higher-priced shrubs.

First size, 15 to 24 inches, 4 to 6 branches, 10c each; 6 for 50c, postpaid; \$3.00 per 100; second size, 3 to 4 feet, 15c each; 5 for 50c; \$6.00 per 100, by express or freight at purchaser's expense. (Orders for 50 filled at 100 rates.)

AMOR RIVER PRIVET—Similar in habit to California, but with dark lustrous foliage and more upright habit of growth. Reputed to be hardier. Price, first size plants, 12 to 18 inches in height, 10c each; \$1.00 per dozen, postpaid; \$4.00 per 100; larger two-year-old plants, 2 to 3 feet, \$8.00 per 100, by express, collect.

Clematis Paniculata

The Most Wonderful of All Flowering Vines—Quick Grower, Exquisite Fragrance.

The flowers are pure white and are borne in great panicles or clusters of bloom, fairly covering the plants, so that it is a mass or sheet of fleecy white with an exquisite fragrance. It begins to bloom late in August the first year. Hardy in all sections of the country. Strong plants in pots, 15c each; 4 for 50c; 9 for \$1.00; strong two-year-old field-grown plants, 25c each; 3 for 70c; \$2.50 per dozen, postpaid.

Large Flowering Hardy Clematis

Broad, flat flowers of exquisite hues produced in great festoons of wondrous beauty. We offer large, strong, imported, two- and three-year-old plants on own roots, for 50c each; 6 for \$2.50; \$4.00 per dozen, postpaid.

Jackmani—Immense flowers, 4 to 5 inches across, of exquisite, deep royal purple.

Henryi—Large creamy white flowers of large size.

Ville de Lyon—New. Very free-flowering variety. Brilliant carmine.

Madame Edouard Andre—Resembles Jackmani, except that its flowers are beautiful carmine-red.

Fairy Queen—Beautiful delicate pink, borne in great profusion.

New Coral Clematis, Clematis Coccinea—A handsome climber with a profusion of bright coral red flowers in constant bloom. Price, Coral Clematis, 20c each; 3 for 50c.

Clematis Paniculata.

Hardy Climbing Vines

The various plants described on this page are all perfectly hardy and of exceedingly rapid and vigorous growth. They are used extensively for covering old buildings, trees, fences, etc., which they will completely cover in the process of time. Some of them, like the Ivies, survive for ages and attain immense proportions.

Ampelopsis - Boston Ivy

Either variety, fine plants, 15c each; 4 for 50c; 9 for \$1.00; three-year-old plants, 3 feet in length, 40c each; 3 for \$1.00, postpaid.

VEITCHII (Boston or Japanese Ivy)—It covers buildings and walls with a perfect mat of dark green, leathery foliage, which changes to a brilliant crimson as fall approaches. Clings to either tree or wood without support.

QUINQUIFOLIA (Virginia Creeper)—Large, dark green foliage.

AMELOPSIS ENGELMANNI—A greatly improved variety of the Virginia Creeper with dense foliage of a glossy light-green in summer, changing to a brilliant crimson in the autumn. On a rough stone surface it will cling without support in the same way as the Japanese Ivy. 35c each; \$3.50 per dozen.

AMELOPSIS TRICOLOR (Vitis heterophylla variegata)—A beautiful and desirable climber, with fine dark green foliage, wonderfully variegated with white and pink; during the late summer and fall the plant is liberally covered with attractive small berries of a peculiar lustrous metallic peacock blue color; highly useful for trailing over rocks or for a low trellis. 20c each; 6 for \$1.00; larger plants 30c each; 4 for \$1.00, postpaid.

Lonicera Halleana—Hall's Japan Honeysuckle.

Honeysuckle

Price, 15c each; two- and three-year-old plants, 25c each; assorted varieties, \$2.50 per dozen.

Chinese Sweet Scented—White and yellow flowers.

Evergreen Sweet Scented—Buff, yellow and white.

Red Coral—Red trumpet-shaped flowers.

Yellow Coral—The only true golden yellow Honeysuckle.

Golden-Leaved—Leaves beautifully veined and spotted with clear yellow. Flowers yellow and fragrant.

New Halliana—Evergreen and a constant bloomer; flowers pure white, changing to yellow. Very fragrant.

New Heckrotti—Clear rose, yellow at the base; sweet and fragrant; in constant bloom.

Wistaria Magnifica

The finest Wistaria of its color now known. Extremely vigorous, growing 30 to 40 feet in one season when well established. The flowers are pale lilac, and the immense clusters of drooping racemes, which measure 12 to 18 inches in length, are deliciously fragrant. 20c ea.; 3 for 50c.

Wistaria Alba—There is nothing more striking or appropriate for pergolas and the ordinary trellises than this splendid vine. Pure white flowers. 20c each; 3 for 50c.

Mammoth Flowered Trumpet Creeper

Bignonia Grandiflora—One of the most superb climbing vines in existence. Grows with rapidity, is perfectly hardy everywhere. The flowers are trumpet-shaped and warm orange-red. Strong plants, 20c each; 3 for 50c; 7 for \$1.00; \$1.60 per dozen, postpaid; larger plants, 35c each; 3 for \$1.00; \$3.50 per dozen, postpaid.

Dutchman's Pipe

(Aristolochia Siphon)—A very rapid-growing, hardy climber and well known in some parts of the country as "Chinese Yam." In a short time its large heart-shaped leaves make a dense shade. The flowers are long and pipe-shaped, hence the name. Price, strong plants, 20c each; 6 for \$1.00; larger plants, 50c each, postpaid.

English Ivy

A splendid evergreen climber, with dark glossy green leaves; clings firmly to stone, brick or wood walls, without trellis or support; very desirable. 15c each; 9 for \$1.00.

Akebia Quinata - Akebia Vine

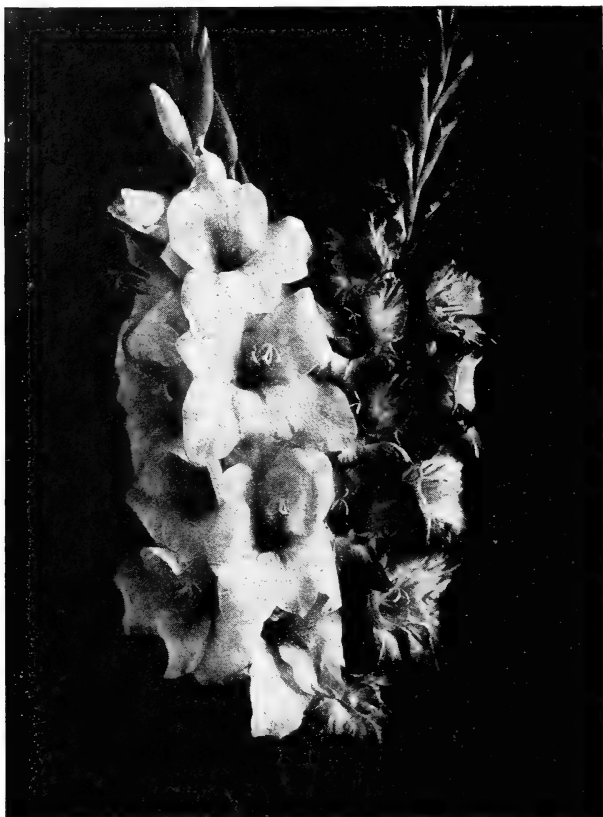

One of the most graceful of our hardy climbers, with deep green, small foliage, and producing in early spring numberless bunches of violet-brown flowers, which have a pleasant cinnamon odor; most desirable for positions where a dense shade is not required. Strong plants, 25c each; \$2.50 per dozen.

Kudzu Vine

(Pueraria Thunbergiana)—The most rapid growing vine in cultivation, attaining, after once being established, a height of 50 feet or more in one season. Its foliage is large, and furnishes dense shade; it bears small racemes of rosy-purple, pea-shaped blossoms towards the close of August. 25c each; \$2.50 per dozen.

Wistaria.

Dingee Gladioli.

Groff's Hybrid Gladioli

To our customers who want something decidedly better than the usual run of mixed varieties and who do not care to grow them under name, we offer below Groff's Hybrids or Gold Medal Section sorts in separate colors or all colors mixed. These are extra fine kinds and are sure to please.

Groff's Hybrids Section No. 1—This collection is the light colors, such as white and light pink.

Groff's Hybrids Section No. 2—This is composed of the pinks and rose colors.

Groff's Hybrids Section No. 3—In this collection you have the scarlets, reds, and crimson.

Groff's Hybrids Section No. 4—These are the yellows and orange sorts.

Groff's Hybrids Section No. 5—This is a collection of striped and variegated sorts.

Groff's Hybrids Section No. 6—The best of the blues and purples in the section.

Price of Groff's Hybrids, 5c each; 50c per dozen, postpaid.

Dingee Excelsior Tuberoses

Plant liberally of this beautiful summer flower. We offer only the finest bulbs.

Dwarf Excelsior Pearl—Flowers pure white, very double, of immense size and sweetly scented. 3 for 10c; 9 for 25c; 30c per dozen, postpaid.

Orange-Flowered—Bears single snow-white flowers, resembling orange bulbs and delightfully fragrant. 5c each; 6 for 25c; 50c per dozen, postpaid.

New Variegated-Leaved—The leaves are bordered with white; white flowers. 5c each; 7 for 25c; 40c per dozen.

Tall Double—Flower spikes from 3½ to 5 feet, freely bearing fine double white flowers, sweetly scented. 3 for 10c; 20c per dozen.

ALBINO—Early bloomer, dwarf branching habit; flowers waxy white and single; very fragrant. 3 for 10c; 30c per dozen.

Special Offer We send, postpaid, 9 Excelsior Pearl Tuberoses, 3 Orange-flowered and 3 New Variegated-Leaved—15 in all—for 40c.

Dingee Summer-flowering Gladioli

Among the most popular summer-flowering bulbs, and of high decorative value, either in the garden or as a cut-flower. All bulbs sent out by us are first-class, sure to bloom. They should be planted in a sunny position about May 1.

12 New and Rare Named Gladioli for \$1

Selected from hundreds of the best varieties. In size of flowers, blooming quality and diversity of color, no collection will compare with this.

New Gladiolus, America—The most beautiful variety in cultivation. Soft flesh-pink, slightly tinged with lavender.

Augusta—Pure white; blue anthers.

Isaac Buchanan—Very fine yellow.

Brenchleyensis—Bright scarlet-vermilion.

May—White, flaked rosy crimson.

Mrs. Frances King—A striking shade of light scarlet or flame color; one of the most effective both in the border and when cut.

Baron Hulot—Rich, royal violet-blue. This when cut in combination with one of the yellow varieties, is truly exquisite.

Klondyke—A clear yellow, with a vivid crimson-maroon blotch in throat; a splendid free grower.

Halley—Salmon-pink; red stripe on lower petal.

Jessie—Rich, velvety red.

Independence—Color varies from deep rosy pink to orange-scarlet but always brilliant and rich. An excellent cut-flower variety, as the blooms hold their color for a long time.

Meadowvale—One of the purest white grounds, with a touch of vivid crimson in the throat and a line of delicate in three lower petals.

Special Offer The above collection of 12 choice varieties, blooming bulbs, all labeled, postpaid, for \$1.00; single varieties, 10c each; \$1.00 per dozen.

Our New American Seedling Gladiolus

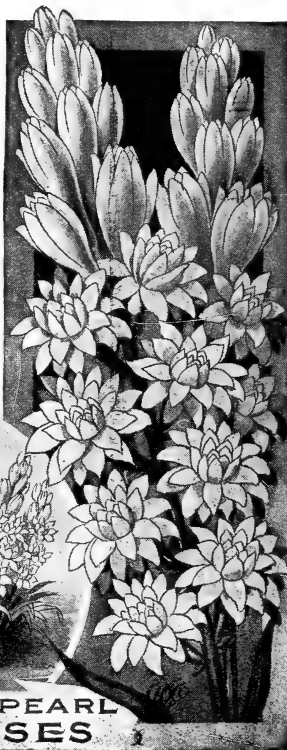

The most celebrated strain of Gladiolus in existence. Each bulb will bloom in ten weeks to three months after planting. All colors. 4 for 10c; 25c per dozen; \$1.75 per 100, postpaid.

Lemoinei, or Butterfly Gladiolus

Known as Orchid-flowering Gladiolus. Crimson, white, brown, pink, etc. 3 for 10c; 12 for 30c.

Groff's Hybrid Seedlings

Will produce the purest and most delicately tinted flowers. 5c each; 6 for 25c; 40c per dozen.

EXCELSIOR PEARL
TUBEROSES

Miscellaneous Plants and Bulbs

Dingee Flowering Begonias

A beautiful class of plants, with free-blooming qualities. The foliage is attractive and odd, while the flowers are exceedingly graceful and beautiful. Their colors include the most brilliant shades of red, yellow, crimson, salmon, etc., and make a display which is hardly equalled by any other class of house plants.

Price, except where noted: Strong plants, 15c each; 4 for 50c; 9 for \$1.00, postpaid.

President Carnot—Coral-red, large panicles.

Rubra—Heavy waxy green leaves, with panicles of coral-colored flowers.

Alba Picta—Leaves spotted with silver; white flowers in clusters.

Argentea Guttata—Silvery blotched foliage and white flowers in clusters.

Foliosa—Foliage small. Pink flowers.

Metallica—Flowers white; foliage a lustrous bronze.

Sandersonii—Scarlet, shading to crimson. Known as Coral Begonia.

Vernon—Foliage shading to deep bronze; flowers deep red. Always in bloom.

Gracilis Magnifica—One of the best of this class. Makes a magnificent pot plant. Always in bloom. Flowers about the size of a quarter dollar. Color a beautiful shade of cerise-pink, with yellow anthers.

Painted Leaf or Rex Begonias

We have the largest and most beautiful collection of these plants in the country. They are easily the most ornamental foliage plants in existence and among the newer and rarer kinds some of which cannot be bought elsewhere. Strong, handsome plants, 15c each; any 5 for 50c; larger size, 20c each; any 3 for 50c, postpaid.

Countess of Louis Erdody—Dark silver, with rose margin.

President Carnot—Light brown and silver-gray.

Quadricolor—Deep green, with band of silver.

Queen Victoria—Solid silver leaves. Superb.

Grandi—Green edge, mottled white, tinged maroon.

Helen Upden—Light greenish white.

Illustris—Dark green, with white dots.

Indianapolis—Silver, with tinge of green.

Kaiser Wilhelm—Deep green, outer edge dark.

Leopardini—Bronze green, lighter green edge.

Louis Closson—Deep bronze, silvery rose band.

Tuberous Rooted Begonia.

Notch-Leaved Rex Begonias

Foliage is similar in shape to grape or oak leaves.

Beauty of Richmond—Green, dotted with silver.

E. Cliffe—Metallic green, shaded red.

Elsie Coles—Reddish green.

Mrs. A. G. Shepherd—Greenish maroon.

Fancy-Leaved Caladiums

Nothing can equal these in brilliancy of foliage; to say there are over 400 combinations of colors is sufficient. The splendid large leaves are beautifully spotted, margined and variegated with every imaginable color except blue. They are best suited for pot culture in house, conservatory or shaded situation. We have one of the finest and largest stocks in the country, which includes all the best kinds. Extra large bulbs, 20c each; 50c for 3; \$1.00 for 7.

Dingee Best Summer-Flowering Bulbs

TUBEROUS-ROOTED BEGONIAS—Unsurpassed for bedding and pot culture. Price of single Begonias, separate colors, 15c each; any 4 for 50c; 9 for \$1.00. One each of 5 superb colors, described below, for 60c. (Pink, scarlet, yellow, white or rose.)

Single Mixed—10c each; 6 for 50c.

Double Mixed—25c each; 5 for \$1.00.

TRITOMA PFITZERII (Blazing Torch)—Flame-colored flowers. Hardy with protection. 20c each; 6 for \$1.00.

SUMMER BLOOMING HYACINTH (*Hyacinthus candicans*)—Spikes of white, bell-shaped flowers. Perfectly hardy. 5c each; 6 for 25c; 50c per dozen.

RARE NEW TIGRIDIAS—Produces immense, bold flowers of marvelous beauty. 5c each; 50c per dozen.

Conchiflora—Yellow, spotted with crimson.

Grandiflora—Crimson, marked with yellow.

Lilacea—Lilac, purple and white spots.

Alba—Pearly white, marked clear brown.

Rosea—Bright rose and rich yellow.

Aurea—Large golden yellow flowers.

Mixed—All colors.

SUMMER-FLOWERING OXALIS—Splendid for pots and hanging-baskets. 15c per dozen; 50 for 25c; 100 for 40c.

Lasiandra—Rosy pink.

Dieppi—Pure white.

Mixed Colors—All varieties mixed.

GLOXINIAS—Velvety green foliage and trumpet-shaped flowers of exquisite beauty. Splendid for pot culture. Special colors, scarlet-violet, with white border; red with white border; white, or blue. 20c each; 3 for 50c; 7 for \$1.00.

Mixed Colors—A selection embracing a wide range of colors. 15c each; 4 for 50c; 10 for \$1.00.

Gloxinias.

Queen of the Market Asters.

Ageratum (Floss Flower)

One of the best bedding plants, being literally a sheet of bloom from early summer till frost. Unlike many bedding plants, their flowers are not liable to be spoiled by rain, nor do the colors fade out. The various blue varieties are without doubt the most satisfactory bedding plants of this color for our trying climate.

Mexicanum—Lavender-blue; height one and a half feet.

Mexicanum albidiflorum—White; plants grow two feet.

Imperial Dwarf Blue—Clear blue; 8 inches.

Imperial Dwarf White—8 inches.

Dingee Gorgeous Pansies

Giant Ruffled Masterpiece—Enormous ruffled flowers of striking effect. Dark, rich shades. Pkt., 10c.

President McKinley—Deep golden yellow. Petals blotched with reddish brown. Pkt., 10c.

Improved Giant Trimardeau—Rich dark shades. Extra large flowers, distinctly marked. Pkt., 10c.

New Orchid-Flowered—Ground color light, with large brown and yellow blotches. Upper petals are upright and plaited, resembling Orchids. Pkt., 10c.

Hercules Giant—Enormous flowers of thick, heavy texture. Various colors. Pkt. 25c.

Sweet Scented—A mixture of varieties that have a fragrance. Pkt., 5c.

Giant Fancy Mixed—Three and five spotted varieties of great size and substance. Pkt., 10c.

D. & C. Bedding—A mixture of free blooming varieties. Colors rich and distinct. Pkt., 5c; ¼ oz., 40c.

New German Imperial Pansies

The best strain for general planting. Plants are of a compact growth, profuse bloomers, continuing through entire summer.

Cardinal—Brilliant brownish scarlet, the lower petals marked with a dark brown blotch.

Crown Prince—Black, golden bronze face.

Deep Yellow—Very rich; spotless.

Fairy Queen—Delicate azure-blue.

Fire King—Bright reddish fiery shade.

Odier, or Five-Spotted—Each petal has a large blotch.

Peacock—The color in the feathers of a peacock.

Red Riding-Hood—Shades of brilliant red.

Rosy Morn—Beautiful rosy red.

Snow Queen—Spotless white.

Improved German Mixed—Includes all of the separate colors of this strain. Pkt., 10c;

¼ oz., 65c.

Price of all Pansies, except where noted, 10c per pkt.

Flower and Vegetable Seeds

Pure, Fresh and Reliable

Dingee Seeds are of the same surpassing quality which is characteristic of Dingee Roses, Dingee Bulbs and other Dingee offerings. Our stock is absolutely as good as it is possible to secure. Our prices are as low as can be made on the quality of seeds we offer, with an honest margin of profit. We give liberal packets and we prepay postage on all seeds by the packet, ounce, quarter-pound, pound, pint or quart, except where noted. If seeds are sent by freight or express, deduct 10 cents for each quart from the mailing price.

All seeds offered in this catalogue are 5 cents a packet, except where otherwise noted; 6 packets for 25c; 12 packets for 50c; 25 packets for \$1.00. Full cultural directions are given with each packet. When a packet of seeds is sold for 5c, it almost always contains 5 cents' worth of seed. When it is sold for 3c, 4c or 8c, you are practically certain to get just as much more or less seed, as compared with the 5-cent package.

IT PAYS TO BUY GOOD SEED. WE FURNISH THE VERY BEST QUALITY, and we solicit your seed orders, promising you the worth of your money.

DINGEE & CONARD COMPANY, West Grove, Pa.

PAPAYER (Perennial Poppies)—Single flowers of immense size, in rich, glowing colors.

SHASTA DAISY—A wonderfully effective bedding plant, blooming all through the spring and summer months. Pkt., 15c; 2 pkts., 25c.

SWEET WILLIAM—The improved varieties make splendid plants for borders, with large heads of bloom.

Perfection Single Mixed—Pkt., 10c.

Perfection Double Mixed—Pkt., 10c.

CAMPANULA (Canterbury Bells)—Beautiful bell-shaped flowers of many colors are produced freely.

Single Varieties Mixed—Assorted colors.

Double Varieties Mixed—Various colors.

The Cardinal Climber

(Ipomoea Quamoclit Hybrida)

We consider this the most beautiful, brilliant and distinct annual climber introduced in many years. Result of a cross between Ipomoea Quamoclit, the Cypress Vine and Ipomoea Coccinea, or Star Glory. It is a strong and rapid grower, attaining a height of 30 feet or more with beautiful, deeply lacinated foliage and literally covered with a blaze of circular fiery cardinal-red flowers from mid-July until frost. The flowers are about 1½ inches in diameter, and are borne in clusters of seven to eleven blooms each. Like other Ipomoeas, it delights in a warm, sunny situation and good soil. The seed may be started indoors in April and planted out as soon as the weather is warm, or may be sown out of doors as soon as danger from cold weather is past. Packets containing 10 seeds each, 15c; 2 pkts. for 25c.

Zinnias.

The Best New Vegetables, Novelties and Specialties of Merit

Burpee's Improved Bush Lima Bean

It is the only bush form of the true, large Lima Bean, the handsome, large pods being well filled with large beans. Pkt., 10c; ½ pt., 25c; pt., 40c, postpaid.

New Pole Lima, Burpee's Giant Podded

The largest pole bean in existence. Truly gigantic in size. Bean extra large and thick. Flavor superb. An enormous producer. Pkt., 10c ½ pt., 25c; pt., 40c.

Two New Cabbages

New Early Cabbage, Copenhagen Market—One of the finest large round-headed early Cabbage in cultivation. Great cropper. Heads average about 10 pounds in weight, and solid to the core. Pkt., 10c; ½ oz., 25c.

Danish Ballhead—Produces round or ball-shaped heads, deep, rich colored and about 8 inches in diameter. Solid and a good keeper. Pkt., 10; oz., 25c.

Capacity about 1 quart.

PRICES (by Express)

No. 37A—All tin.....	\$0.80
No. 37B—Tin pump and galv. reservoir.....	.90
No. 37C—Tin pump and brass reservoir.....	1.25

Auto-Spray No. 37 Compressed Air Sprayer

The Auto-Spray No. 37 operates on both strokes of the plunger and throws a continuous and fine spray.

Will handle all solutions, insecticides and disinfectants. Used in the greenhouse, kitchen garden, window garden, for rose bushes, and in the poultry house.

Pump cylinder 12 inches by 1½ inches diameter—refined by special process and is non-corrosive where it comes in contact with solution. Plunger rod ¼ inch copper-plated steel. Brass ball valve.

Entire front removable, permitting the syphon tube to be withdrawn for cleaning. Screw caps re-enforced with thumb levers—easy to turn.

Two spray caps—one straight, the other at an angle for reaching under leaves. Construction of tank permits the sprayer to be operated at any angle and it will not tip over when filling.

Tyrian Plant Sprinkler

Is essential to the success with plants. With it you can quickly sprinkle them. It will keep the foliage fresh and healthy. Throws a spray "just like rain." Its value is so apparent that, once secured, you will not be without it again. Postpaid, 80c each.

Special Offer The "Tyrian" Sprinkler and an 8-oz. package of Sulpho-Tobacco Soap for \$1.00, postpaid, including booklet, The Window Garden, How to Care For It.

Sulpho-Tobacco Soap

For sure, easy and immediate extermination of all insect life on plants, trees and animals. Sulpho-Tobacco Soap is a matchless preparation. Will not injure the most tender plant. It dissolves readily in water, and may be applied with a Tyrian Sprinkler. Prices: 3-oz., cake, 13c; 8-oz. cake, 28c, postpaid.

Bug Killer

A new preparation for killing all kinds of bugs and pests that attack roses. Box sufficient for two gallons of spray, 50c; 3 for \$1.25, postpaid.

Thompson's Rose Nicotine

Is chemically pure nicotine, and sure and certain death to insects on roses, plants, pets, or wherever found. No trouble, no odor, no staining, no harm; simply apply as directed with spray-pump or plant-sprinkler. Especially effective for all insects on roses. It is an economical insecticide and the best on the market. Price, small can, 30c; larger size, 60c, postpaid.

Improved Purple-Top Yellow Rutabaga—Oz., 10c; $\frac{1}{4}$ lb., 20c; lb., 60c.

Dingee Special Lawn Grass Seed The best Lawn Grass Mixture for general sowing, as proven by careful experiment and comparison. It produces a smooth, velvety green sward of attractive appearance. In preparing the ground for seeding, break it 10 to 12 inches deep with plow or spade and pulverize thoroughly. The surface should be raked perfectly level to prevent the formation of pools after heavy rainfalls. Sow the seed carefully and evenly at the rate of one quart to a space equal to 15x20 feet; two bushels will sow one acre. After sowing, cover the seed by raking or harrowing it. Rolling is also in general practice. Seeding may be done at any time during spring, summer or fall, but the best results are obtained by sowing during April May, September or October. Where fall sowing is practiced, a top dressing of manure is recommended to protect the roots of the young grass during the winter. Price: By mail, 45c per lb.; in bulk, by express at purchaser's expense, 35c per lb.

“CHARLES DINGEE”

The Most Wonderful Bush Rose in the World

(See the Colored Photographic Illustration on Outside Cover.)

To honor the name of Charles Dingee, we have produced a Rose better than any other variety in cultivation. We say without fear of contradiction that the Charles Dingee Rose is far-and-away the best garden Rose for general planting in the world.

It is always blooming, whether it is growing for us or growing with you. The flowers are beautiful beyond description, immense in size, deep, double and grandly formed. It is hardy everywhere.

The Charles Dingee Rose is the result of cross-breeding, between **Hermosa**, that grand old hardy pink variety, and **White Maman Cochet**, perhaps the greatest of all white garden Roses—a superb parentage, which insures its offspring every point of excellence. With the hardy, vigorous constitution of a Hybrid Perpetual, growing to perfection in almost any soil or situation, it has the most magnificent

foliage, absolutely free from disease, that we have ever seen on any Rose.

It is a tremendous grower, the best in our entire list of over 800 varieties. If you have a place where other Roses have failed in that spot, Charles Dingee will flourish and produce its gorgeous flowers with wonderful profusion. We have had it growing and blooming in all its glory in a temperature very little above freezing. Growing to a height of 2 to 3 feet, Charles Dingee blooms continuously, producing immense, deep, double, grandly formed flowers on long, stiff, erect stems; both in bud and bloom their beauty is nothing short of superb, practically impossible to describe because of the delicate blending of colors—rose tints in the center of flower, gradually shading off into pale blush creamy white, a color effect both entirely new and distinct, exquisitely beautiful.

Caution We are the originators and sole owners of the Charles Dingee Rose. Imitations and so-called duplicates of it are intended to deceive.

Strong, one-year-old plants, 25c each, 5 for \$1.00, \$2.25 per dozen; larger size, 35c each, 3 for \$1.00, \$3.50 per dozen, postpaid. Large, two-year-old plants, on own roots, 50c each, \$5.00 per dozen; extra heavy, three-year-old plants (stock limited), magnificent specimens, ON OWN ROOTS, 75c each, \$8.00 per dozen, by express.

Dear Sirs:—The Roses I bought of you last year grew beautifully and the Charles Dingee Rose was the pride of them all. I always thought there was no rose like the Paul Neyron, but the Charles Dingee is so beautiful and the colors so fine and delicate they make the Paul Neyron look coarse and vulgar.

Yours truly,

MRS. MARGARET E. REST.

Albany, New York, February 12, 1915.

Dingee Chrysanthemums

Since the introduction of these lovely autumn-flowering plants into Europe, some two hundred years ago, they have been developed to a wonderful extent. Those who have in mind the small, old garden varieties can not imagine the exquisite beauty of the newer sorts. They produce enormous massive flowers of most beautiful colors and perfect shape. Their culture is the easiest. See “How to Grow Them” on page 6, and if further information is desired it will be furnished upon application. Our collection contains the best and most beautiful of the newer varieties as well as the choicest of the standard sorts. We offer them at prices within the reach of all, as we would like to see them growing in every garden and in every home.

New and Rare Chrysanthemums

Price, except where noted, strong plants, 15c each, 4 for 50c, 9 for \$1.00, \$1.25 per dozen, postpaid.

Chrysolora—One of the best yellow. Fine, incurved form, with perfect stem and foliage.

Black Hawk—Late. Dark velvety crimson-scarlet.

Early Snow—A pure early white, improved Polly Rose.

Golden Wedding—Loosely incurved, bright yellow.

Mlle. Jeanne Rosette—Delicate shade of pink.

Pacific Supreme—Pink.

Robert Halliday—Yellow; tremendous size.

Timothy Eaton—Most magnificent white.

Yellow Eaton—Bright yellow. Incurved petals, immense size, often measuring 6 to 8 inches.

Wm. Turner—A decided incurve of the purest white. Semi-dwarf. Fine form and strong grower.

President Roosevelt—Beautiful incurved. Blush with darker center petals.

Opah—Early. Blush pink.

Cullingfordi—Red. Darker shadings.

Gloria—Early. A beautiful light pink.

Chas. Razer—Early. A pure white variety of special merit.

Golden Eagle—Incurved form. One of the finest yellows.

Standard Chrysanthemums

Price, strong healthy plants, 10c each, 3 for 25c, 6 for 50c, \$1.00 per dozen, postpaid.

Cremo—Light yellow; fine shape.

Dr. Enguehard—Beautiful true pink. Ball shape.

Estella—Large, creamy white.

Glory of the Pacific—Showy pink.

Ivory—The standard white.

John K. Shaw—Ball-shaped; pink.

Major Bonaffon—Golden yellow. Ball-shaped. Petals beautifully overlapping.

Maud Dean—Incurved, bright pink, with fine stem and foliage. Petals tipped white.

Miss Clay Frick—White sport from Wm. Duckham, possessing the same good qualities. Dwarf.

Miss Minnie Bailey—Bright lavender pink. Ball-shaped.

Monrovia—Large; yellow; very early.

Mrs. J. G. Whilden—One of the finest very early yellows.

October Frost—Pure white; early.

Pink Ivory—Soft pearl-pink; magnificent.

White Bonaffon—Pure snow white. Beautiful shape.

Wm. Duckham—Extra large; pink.

Special Offer For \$1.00 we will send to any address, postpaid, 15 Choice Chrysanthemums, our selection; distinct and different. You will not be disappointed by leaving the selection to us.
